The Allegheny Bridge Case.

His Honor Judge McClure, yesterday morning, after complimenting the counsel for the able manner in which they had discharged their duties, delivered the following:

CHARGE OF THE COURT.

There is now pending in the Supreme Court of Pennsylvania, for the Western District, a proceeding wherein the Commonwealth of Pennsylvania, at the instance of James Todd, is plaintiff, and the corporation known by the corporate style and title of "The President, Managers and Company, for erecting a Bridge over the Allegheny river, opposite the City of Pittsburgh, in the County of Allegheny," is defendant. This proceeding is No. 65 of September and October Term, 1850, on the trial list of the Supreme Court.

The Supreme Court ordered and directed that the issues of fact joined in the cause be tried in the Court of Common Pleas of Allegheny County. This you observe, we are not trying the cause —it is not pending here, but in the Supreme Court. This Court pronounces no judgment—issues no execution,—for the cause is not before it. The verdict of this jury ascertains facts which go up to the Supreme Court, to inform its conscience and aid it in the trial of the cause. These facts which are alleged by the Plaintiff and denied by the defendant, and on which issues are joined, appear by the pleadings. With the issues in law, which arise on these pleadings, we have nothing to do whatever.

The issues of the fact are submitted to you to pass upon, and those issues are confined to such as appear upon the record in writing, and to them alone.

They are seven in number, all of which I shall hand you in writting, to be found affirmatively or negatively, according to the proof or want of proof before you.

The testimony of the plaintiff consists of parol, record and documentary, evidence of the corporation, &c. That of the defendant consists also of parol testimony and documentary, and record evidence of the corporation, &c.

You have observed in the progress of the trial that wherever an offer of testimony was objected to, and the testimony either overruled or admitted by Court to go in evidence before you, that a bill of exception was taken, so that of the multitude of questions of evidence which were made during the progress of this proceeding, and which must necessarily each be decided at the instant by the Court, should any erroneous decisions have been made by the Court, the Supreme Court will correct the error, and see that neither party suffers any harm therefrom.

Upon each issue of fact, you will pass in review before your own minds all the testimony you have heard bearing upon it, and find accordingly.

Every plaintiff is bound to sustain his allegations by proof, exactly as those charges are made, and not otherwise. Such of these charges (if any) as are proved you will find affirmatively; such as are not (if any) you will find negatively.

You perceive our duty here is confined to the issues of fact sent here by the Supreme Court, and that is all we have to do. All arguments and assertions, therefore, on the part of counsel, made to the jury, except only those which are warranted by the testimony before you, and the facts in issue, are apart from the business we are engaged in.

What effect your finding may have on the decision of the Supreme Court, is a matter with which we have nothing at all to do, nor can it for one moment enter into your deliberations.

What the effect of the decision may be pronounced by the Supreme Court—whether it works forfeiture of franchise or forfeiture of property, whether it works ruin or redemption or nothing at all—is a matter with which we have nothing at all to do, nor can this or any collateral matters enter for one moment as an element in your deliberations.

Your calm and careful deliberations will be bestowed upon the issues of fact joined in this proceeding, the evidence which may bear upon these issues, and the effect of that evidence.

Who or what the parties to this proceeding may be, makes not one pin of difference. So far as they appear on this or any other record, in the eye or estimation of the Court and jury they are A. B. on one side and C. D. on the other—nothing less, nothing more, be they individuals, corporations, or commonwealths.

The counsel have, on both sides, submitted points on which they desire the Court to instruct the jury. I have carefully perused them. Some involve matters of law, some assume facts as proved, some assume facts as disproved, and some assume facts arising from facts thus assumed. We are requested to charge you, that certain facts are supported by proof, and that others again are not.

I did not from the beginning, nor do I now, entertain the opinion that, in a proceeding of this kind, it was the duty of the Court to charge you at all, as it is in many cases when the trial is before it.

The jury is the proper tribunal to make presumptions and inferences from testimony. The jury are the judges of matter of fact, and this proceeding is to ascertain matters exclusively of fact.

I consider that to charge as requested would be an invasion of your rights as jurors, and an assumption of authority with which the law has not invested this Court in a proceeding of this sort. I therefore decline charging the jury as requested by either counsel on points submitted. My reason for saying anything to you was merely to define the duty of the jury and the Court.

The law of the case is for the Supreme Court. The facts are for you.

You have heard the testimony five times—once from witnesses, and once reviewed and applied by each of the counsel who addressed you, and your finding on each issue joined will be in accordance with the evidence.

The following are the issues of fact arising out of the pleadings, on which the issues are formally joined:

1. Whether the defendants did, by special resolution, prohibit James Todd and his family from crossing and recrossing the bridge at the yearly rates prescribed by the bye-laws of the corporation.

2. Whether defendants did, every third year, make such returns as they were required to make.

3. Whether the profits and income, after decennial period, did bear a dividend of more than fifteen per cent. per annum net annual profit, or would have borne such dividend if the charter rates had not been reduced.

4. Whether the defendants vested the excess of clear profits over fifteen per cent. in Real Estate, Stock and other productive funds.

5. Whether the tolls over and above what defendants were authorized to receive and retain for the use of the stockholders, (and which might have been received,) would, at a fair appraisement, been sufficient to pay for and redeem the bridge, and pay the stockholders the appraised value of profits for the residue of the term of forty years.

6. Whether the defendants did appropriate the tolls to the payment of individual indebtedness of the Stockholders.

7. And if any of the violations set forth in the suggestion of the plaintiff, were committed, then which of them were committed within thirty years before the filing of the suggestion, and which of them were not.

The jury did not, last evening at dark, return, and the probability is they will not agree.

New Novel, by G. P. R. James.—The Fate, a tale of Sterring Times, is the title of a new novel, by the above popular author. It will be found well worth reading, and more interesting than any of his former works. For sale at Holmes' Literary Depot, No. 74 Third street, opposite the Post Office. Also, No. 380 of Littell's Living Age.

☞ Kirkland, the street preacher, made his appearance yesterday morning before the Mayor. He was committed for disorderly conduct, in default of $20 fine.

☞ Jas. Thorb was committed by the Mayor, yesterday, for disorderly conduct, as was also Edward Hale.

☞ Thos. McCassey was committed by Mayor Guthrie for an assault and battery on George Gross.

Fraud.—Henry Water was yesterday committed by Ald. Parkinson, on a charge of fraud.

Complimentary Supper.—The supper given to P. Magee, Jr., D. D. G. P. of I. O. O. F., by members of the Order, on Thursday evening, at Owston's U. S. Hotel, was a brilliant affair, the table groaned under the weight of the viands, and everything passed off in fine style. The cloth being removed, the committee of arrangements announced the following officers for the evening:

President—Bro. T. A. Hinton.

Vice Presidents—R. B. Roberts and O. H. Rippey.

Secretaries—H. Chiguell and B. Follansbee.

Committee on Toasts—A. McCammon, H. Graham, J. Robinson, J. D. Bailey and J. P. Glass.

Bro. T. A. Hinton then came forward and delivered the following address:

"Brothers, for the partiality extended in selecting me as chairman I thank you. My acquaintance with the Brother complimented commenced almost with his first introduction into our beloved order, from which time to the present I have found him, in all the relations of life, as a gentleman, an Odd-Fellow, a citizen, what Burns aptly terms the "noblest work of God—*an honest man.*"

REGULAR TOASTS.

Thomas Wildey, the founder of the Order on the Western Continent. May he live a thousand years.

The Grand Lodge of Pennsylvania, its officers and members.

Our Guest, P. Magee, Jr. May the smiles of fortune and lovely woman accompany him in all his relations through life.

Odd Fellowship. Calumniated by its enemies, but beloved by its devotees as a combination of man for the relief of his fellow-man.

Bro. Magee then came forward and made a beautiful speech, thanking his brethren for the honor they had done him, proposing the following toast:

The kind friends assembled here: May "Friendship, Love and Truth" bind them so firmly to each other, and to the pursuit of all that is good and holy, that nothing—not even death—shall prevent them meeting as a band of brothers in heaven.

By A. McCammon: Col S. W. Black—without guile, beloved by his friends, feared and respected by enemies.

By a Guest: Thomas Owston—the fattest landlord in the city of smoke; his worth is only equaled by the dimensions of his corporation.

By A. C. Bell: Harrison Graham—One whom we all know as a gentleman and an Odd Fellow —firm, tried and true.

By J. P. Glass: O. H. Rippey—A patriot, soldier, worthy Odd Fellow, and talented young lawyer. His worth and integrity and sure guarantees of his success through life.

By H. Graham: P. Magee, Jr.—We commend him to the ladies of Boston as a *Bachelor*, to the Odd Fellows as a *Brother*, to the citizens as a *Gentleman*, and to all the rest of *mankind* as one of the noblest works of God.

By A. C. Bell: R. B. Roberts—A young Odd Fellow, but one with a heart in the right place; we respect him as a brother and a friend.

By P. Magee, Jr: Odd Fellows of the Third District—not to be outdone in visiting the sick, nor in aiding the distressed.

By J. P. Glass: Col. Black—Whether "Sam Black" or "Gov. Black," a first rate fellow, and one whom no Pittsburgh Odd Fellow ought to hesitate to toast with a full Glass.

By J. D. Bailey: P. Magee, Jr.—Occasionally erratic, but always with a heart located in the right place—his hosts of friends attest his worth.

By a Guest: J. Robinson—A specimen of Fidelia Lodge—may his shadow never be less.

A number of other toasts were offered, but our space will not admit of their insertion.

Taken.—A large silk umbrella was taken from Masonic Hall on last Thursday evening. It is of the largest size, and has the name painted on the inside of it, and carved on the handle. The gentlemen who took it through mistake will please leave it at this office.

The Lung Tester.—The gentleman who has the machine to test the capacity of the lungs is still doing a blowing business on Fifth street. His instrument is nightly surrounded with the curious, to test the strength and capacity of their lungs. Only five cents a chance. Who'll blow?

Pockets Picked.—Two of the boys belonging to the O'Reilly Telegraph Office had their pockets picked, on Saturday evening, of several dollars, while bathing in the river. Much good may the money do the contemptible thief.

Preserves.—Messrs. Moorehead & Co., No. 71, east side of the Diamond, are at present making a neat article of tin cans for the purpose of putting up preserves. See advertisement.

☞ Fights were numerous in different parts of the city yesterday. Something was in the atmosphere or the combatants to make them so pugnacious.

☞ Diamond alley, from Wood street to the market, is in a filthy condition. The Street Commissioners are requested to look to it.

Lunacy.—The case of J. Gregg is at present being tried before the Hon. W. W. Irwin, as Commissioner in the District Court house.

Cincinnati, August 22.—The river is receding slowly again, after a temporary swell, caused by the recent heavy rains. The boats are now charging $20 for cabin passage to New Orleans—$10 to St. Louis, and 7 to Pittsburgh, which is an advance on the high water rates, but low enough to keep up the expenses of first class boats just now.—*Enquirer.*

The River and Weather.—The river was falling yesterday, with 5 feet water in the Canal, and 30 inches on the rapids. During the previous 24 hours the river receded 3 inches.

The weather yesterday was clear and delightfully pleasant.—*Louisville Courier, 21st.*

THE GREAT KENTUCKY REMEDY:

DR. JOHN BULL'S SARSAPARILLA!

IT is put up in quart bottles, and contains the strength of SIX TIMES as much of the Sarsaparilla as any other similar preparation in America. Price $1 per bottle, or six bottles for five dollars.

It has been a well established fact for years past, that sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, indiscretion, drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla purchased without regard to price, and every pound, before it is made a sample in the most exact chemical order, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound, and producing *the greatest curative agent in the known world,*

This Medicine, when used according to directions, WILL CURE WITHOUT FAIL:

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Sores in the Bones or Joints, Old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Leucorrhœa, Female Irregularities, Loss of Appetite, Diseases arising from the use of Mercury, Pain in the Sides and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, and Costiveness.

Sold by the Proprietor, at the Sign of the Golden Harp, Liverpool, Ohio.

Pittsburgh, March 19, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to make an favorable impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

M. PYLES, M. D.,
Resident Physician at the Louisville Marine Hospital.

☞ CAUTION—Beware and ask for the original Dr. JOHN BULL'S SARSAPARILLA, *from Kentucky*—and have no other.

Deafness Cured.

CLINTON FURNACE, June 2, 1851.—S. M. KIER: *Dear Sir*—This may certify that one of my boys has been afflicted for the last thirteen years with a scaling and deafness of the right ear. I have tried a number of physicians, all without any benefit, and had given up all hope of a cure ever being effected, when our family physician, after examining the case, recommended me to use the PETROLEUM, which I did, and am happy to inform you that the use of two bottles effected an entire cure. I write this without solicitation or your acquaintance. With sentiments of esteem, I am yours truly,

TELEGRAPHIC NEWS.

BY THE O'REILLY LINE.

THE CUBAN AFFAIR.

WASHINGTON, August 25.

The Government has ordered the frigate Saranac, Commodore Parker, to sail immediately for Havana, to demand an explanation of the conduct of the authorities there, in shooting the party of Americans, and firing upon the steamer Falcon. She will sail from Norfolk to-day or to-morrow.

Rigid instructions are being issued to all officers of the Government to suppress and break up any armed expedition against Cuba, which may now be fitting out from any port in this country.

Hon. Tuke Tea, Com. of Indian Affairs, and Mr. Ashton, Sec'y, have just returned from Minnesota, after concluding important treaties with the Sioux Indians.

FURTHER FROM CUBA.

PHILADELPHIA, August 25.

We have received accounts from New Orleans of the arrival of the Empire City, with dates from Havana to the 13th instant. The steamer Vixen had also arrived at Pensacola, and although bringing no later news, they confirm previous accounts, and give some little additional information.

Gen. Lopez had made a stand at Madrid, where he had two engagements with the Government troops, in both of which he had been victorious. The Spanish loss in killed and wounded was 80 officers and 800 men. The dead and wounded were taken to Havana, and were buried with pomp.

On the 15th, Lopez' force numbered 1400 men, and was daily receiving accessions.

On the night of the 14th, over 100 left Havana, to join the invaders, and the people were rising in many quarters.

Col. Crittenden is reported by this arrival to
