It shows a great deal more smart-ness to be a general than a private; then the Greatte and provide the shores for Total..... and then to pass one yacht after another until off Old Castle Point; and before the steamers The cars are now running with greater speed and regularity than at any former time. that were going round to Ventnor had got their passengers on board, she had taken the fourth THE PARKERSBURG BOAD .- The Surveys Commethod.—The Parkersburg (Va.) Gazette an-nounces that B. H. Latrobe, Esq, chief engi-neer of the North Western Railroad, with his place, the Volante being first, Arrow second and Beatrice third; and all that could be said for them was, that they were tielaying her from taking the lead a little longer than the others. stand back and order-soldies go in and fight-one comes home with blue breeches, bad habits, accustomed promptitude, has already entered up-on his work. His corps of assistants and subtaking the lead a little longer than the others. The only question now is, what can the cutters do with her in beating around the island. It is said that she can go to windward with any cut on his work. His corps of assistants and sub-ordinates comprises some of the most skilful and experienced engineers in the country. One par-ty of these were to start from Parkersburg early last week, so that the surveys of the North and a land warrant; the other with lots of tin said that she can go to windward with any cut-ter of them all; I heard yesterday that she beat the Pearl to windward, but on dits are good for little when there is no regular match. But I must now close this dispatch, and go look after her; and as I go, an old sea-dog observes for must compare to be more the term of the second vertebra, often, from want of skill in the adjustment of the rope, destroys life by lingering and painful process of sufficient. "Here is scientific testimony that death by the garrote, in some cases at least, is not so pain-ful as death by hanging. In other respects Friend Quitman's popularity got nim a Gov-ernorship: ours got us credit—neither lasted long. He is without office, and we without credit. Not a very sensible sign in either of us. Our aged friend has been a Whig, then a Dem-Western Virginia Railroad have been actually commenced. Two other parties will be placed her; and as I go, an old sea-dog observes for my comfort, to his mess-mate, 'D'ye see thatere steamer? I'm blessed if the Yankee don't beat her out of sight around the Island; and the Signal-master at the Club-house, says to a gen-tlema who asks for information. 'Psha, sir, upon the route in the next month. On Friday week President Cook ane Mr. Latrobe set out Union man. He is so rich that he don't want to along the line of route, with the view of recon-noisance. BUSINESS ON THE RAILBOAD.—As we intimated last week, the business of the road for the week headed. We are black-headed. He is prepared tleman who asks for information. 'Psha, sir, Post. catch her! you might as well set a bull-dog to catch a hare !' But, notwithstanding the speed, it is scarcely probable that the race will be over in any year. Use the set of the s in time to send up particulars to town."

Infantation, as the cloudy achieves here to be prom-ise of a breeze. Shortly after nine o'clock, the yachts were at their stations, off the Club house, the America lying considerably astern— a strange looking craft enough, with her long low black hull, and thick stiff-looking rakish masts, not at all the sort of phantom ship that Fenimore Cooper loves to paint. A big-boned skeleton sho might be called, but no phantom. Her's is not the tall delicate, graceful spars, concert for the benefit of the Hungarian refu-gees, though illness prevented her from singing. Mr. Hunt states that Mr. Tetu's new process gees, though illness prevented her from singing.

Death by the Garrote. We publish the following paragraphs from a

correspondent who has taken some pains to inform himself concerning the subject on which REVOLTING INHUMANITY .- The following details of one of the most shocking barbarities committed in a community of civilized people, has seldom been equalled in the annals of crime: "There was an inaccuracy in the article which . nas seidom been equalled in the annals of crime: In Morgan county, not long ago, a dittzen died, leaving a widow and two small children, the oldest a girl, about seven years of age. Not long after the death of her busband, the woman married again. Soon the girl died, and very recently the boy was reported missing. The sudden and mysterious disappearance of the children together with the fact that more the gard to the infliction of capital punishment by the garrote I would have you do it justice. The Squadron." The same writer gives this description of the appearance of things before the close of the race: At five minutes before ten the signal gun to heave about and prepare for starting, was fred, and a moment afterwards foresails and jibs were and a moment afterwards foresails and jibs were within three minutes all vere ready but the of a large auger. One or two turns of the screw ently resolved no to hurry herself. At length is an iron screw turned by a handle like that is an is moster, it has matter, I quote an account of to show how smart her crew could be when they liked, her jib, both her fore and aft mainsils, and gaff topsail on her main, were spread like it tilt before ten clock, she tripped and went away with the rest. The Beatrice led, the Arrow being second, the Volante third, Gipsy Queen fourth, the remainder pretty close together, and the the spot to which the garrote is first way with the rest. The Beatrice led, the Arrow being second, the Volante third, Gipsy Queen fourth, the remainder pretty close together, and the the onset contract of the spot to which the garrote is first when required for use. This instrument con-station of the spot to which the garrote is first went required for the cost. This instrument con-station of the spot where the soldier and the deal the conting the rest. The Beatrice led, the Arrow being second, the Volante third, Gipsy Queen fourth, the remainder pretty close together, and

when required for use. This instrument con-sists of iron semi-circle to fit the front of the sists of iron semi-circle to fit the front of the neck, which is placed in it; while behind, a screw, on the principle of those used in copying letters, presses against the first vertebra, near its junction with the skull. Dy a sudden turn the iron chrushes the bone and spinal cord, near the part where the latter joins the brain, the medalla oblongata. Death produced in this man-ner, and that caused by the bursting of the heart, or rather of the arch of the aorta, as in aneurism of that vessel, are the only two which are sudden, and in which, consequently, but a momentary name is felt. It is preferable to CORNER OF MARKET AND THIRD STRETTS. ACULTY --O. had the most contrared and obstinate cases yield by a steady attention to the means prescribed. [au20] [From the Loaisville Journal, May 29th, 1851.] Dr. J. S. Houghton's Popsin, for Dyspopsia, Prepared from Remet. or the Stamack of the Ox. IF On the 7th of May 1851, Rev. M. D. Williams, Pastor of the Fourth Prebyterian Charch, in Loaisville, Kenucky, was and had been for a long time confined to his room, and most of the time to his bed, with Dyspop-sia and Chronic Diarthex, and was, to all appearance, on the very verge of the grave, and acknowledged to be so by his physician, who had tried all the ordinary means in his power, without effect, and at the above named time. the patient, with the consent of his physician, com-menced the use of Dr. Houghton's "PEPSIN," and to the astonishment, surprise and delight of all, he was much relieved the first day. The third day he leight day he went on a visit to the country ; and, on the thirteenth day, hough not equirely restored to his natural strength, he was so far recovered as to go alone a journey of fire hundred miles, where he artived in safety, much im-proved in health, having had no disturbance of the stom-act or lower is, give taking the first day. These is a power in ""PEPSIN". Let physicians and dyneprices investigate. KEYSER & M'DOWELL, Agents, jell 10
