A large, highly respectable, and very enthusiastic meeting of the Democrats of Lawrenceville and its vicinity was held on Friday evening last. The meeting was organized by calling S. H. SAR-BER. Esq. to the Chair, and appointing SNYDER as Secretary. Speeches were made by T. Howard, Esq., Col. S. W. Black, and H. S. Magraw, Esq. Our friends appeared to be in the enjoyment of great good feeling, and high spirits, owing to the cheering news that we are daily receiving from all parts of the State. Let other parts of the State do as the West intend to do, and Governor Johnston will wish that his aspirations had been no higher than that of " coroner, or a committing magistrate." He will curse the day when he left his old political associates, to become the willing actor with those whose doctrines, if triumphant, would lead to the enslavement of millions of white men, even now struggling against legalised PRIVILEGES; a majority of the supporters of which are pretending to great philanthropy towards another race, less numerous in our country, and of less consequence in our world, so far as human

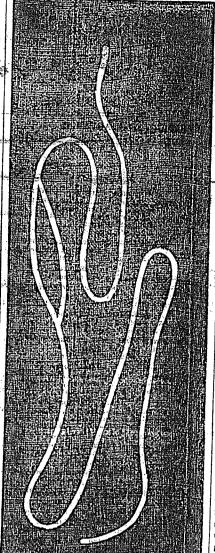

knowledge is enabled to determine. WHIGGERY IN 1847.

Four years ago, as now, there was nothing pure in Democracy—nothing patriotic that did not minister to Whiggery-nothing faithful but opposition to the will of the majority ;—such, at least was cry of almost every Whig orator—such the assertion of almost every Whig paragraphist. Then, there was one sentiment displayed on almost numberless Whig banners which seems to us to be peculiarly necessary, at the present Governor. The People are every where saying State the sentiment of the following resolution was the prevailing Whig sentiment:-

Up with your heads, ye silvan lords, Wave proudly in the breeze For our cradle bands and coffin boards Must come from the forest trees. We bless ye for your summer shade, When our wook limbs fail and tire; Our thanks are due for your winter aid, When we pile the bright log fire.

Ye lend to life its earliest joy,
And wait on its latest page;

Not a yard's length could he go.
