CALIFORNIA ELECTIONS

From the telegraphic despatches in our paper yesterday, it will be seen that the election returns were all in, at the time of the publication of the last California paper, and that the result can no longer be regarded as doubtful, even by the Whig editors of this city. They had Jones Buzan before their late elections, by no less than thirteen thousand votes—manipulated expressly for the occasion, and now that the returns have been all received, the Whig editors of the new State tell us that they prefer Jones Buzan to any Whig that could be named to them. The vote stands—Buzan 22,476; Reading 21,381; making Buzan a majority of 1,095.

This would be the combined effort of the "law and order" men in California, and all the gamblers, could not overcome the settled determination of the people to choose an honest man to be their chief magistrate. All the Whigs have been better, and all the gamblers, (whether political or others) have been beaten; and the Democracy have secured a triumph, that will fill all their future efforts in the State. In view of this result, and the beautiful light statements that were passed before the people in order to exert an influence in this State against WILLIAM BUCHANAN, what shall we say of the Whig press here, and especially the Gazette, whose office announced to our readers yesterday, through the agency of the Editor of the Register, that Jones Buzan had been defeated by thirteen thousand of a majority? We are bound, by every consideration of duty, to warn the people against any man who thus attempts to deceive them, and who willfully perverts the truth, or asserts positive untruth, in order to produce a momentary triumph of unpopular principles. It is facts such as this that we are constantly fixing upon the Whigs—for we are the leaders of them, and we are responsible, which render them odious among the people; and which will insure their defeat in at least nine cases out of ten when they are canvassing for office; because their efforts are not based upon truth, and the prosecution of the principles of the people.

THE LATE ELECTION

The Erie Observer has taken up an article of ours on this subject, (in which we said that the election of Col. Buzan had proven, among other things, that a majority of the People of this State were in favor of Mr. BUCHANAN for the Presidency,) and manifests rather more chagrin at the result, than we have ever seen before, in a right of respect from any Democrat in this State. About our disinterestedness as the friends of any man, we feel no concern—relying upon the better judgment of those for whom we profess friendship. We have for some time, and we have done so to our satisfaction. We care for the opinions of no one on this point unless it be those of true and trusty Democrats; and therefore infuse an ungenerous character cannot affect us.

The ground upon which we made the remark that seems to be so galling to the Observer, was that the Federal papers of the State had, from the beginning of the contest, declared that the election of Col. Buzan would be a Buzan triumph. We did not say a word before the election, nor did we say anything in any manner reflecting upon those who preferred one side to the other. We have not said a word since, after a contest in which all the Federal energies were directed against Mr. BUCHANAN alone, a full and complete triumph was secured. In making the statement, moreover, we virtually said, and we do not think that we are to be held responsible for it, that all who honestly adhere to the Democratic party, and by their votes, declared against any Whig who might be named. We were justified in this conclusion from the Federal papers having made Buzan their watchword throughout the campaign. He was recommended by their State Convention; and if his name was not enough to carry them through, we were simple enough to think that no Whig could carry them.

From this the Observer dissents; and even more than insinuates that the nomination of Mr. BUCHANAN, such an expression of our disapproval. Such an insinuation may be directed at the friends of Mr. BUCHANAN—any one who dares his defeat, even if nominated by a Democratic State and General Convention, but we do not look upon it as an affronting the highest proof of disapproval, or of the Democracy's course. It is strongly asserted with no personal derision. For our part, although we were not that Pennsylvania and Pennsylvanians have a right to expect the nomination of their own distinguished citizen, we are not sufficient to fill every important office at the seat of government. If any one else has done so, Mr. BUCHANAN, at least, can not be justly charged with pursuing a course so unwisely unworthy of a statesman.

Presidential Movements

The Urbana Expositor, the Circleville Watchman, the Lancaster Telegraph, and the Gurney Freeman, in Ohio, have all selected the name of Judge Douglas, of Illinois, as the candidate of their choice for the next Presidency; and the Mansfield Shield and Banner has selected the name of Gen. Win. O. Butler as the candidate of the Democracy of Richland county for the same office.

The Cleveland Plaindealer learns by a telegraphic despatch from Milwaukee, that the Democrats of Wisconsin, have nominated Judge Briggs, of that State, as their candidate for the Presidency. He is one of the delegates to Baltimore.

The Democratic papers of Indiana, almost without exception, have at the head of their columns the name of Gen. Lane as a candidate for the Presidency.

The only papers we receive, in which the name of Gen. Cass appears, is the Potterville Register. It would be impossible for us to enumerate one half the papers which have declared their preference for Pennsylvania's illustrious son, the Hon. James Buchanan, as their candidate for the Presidency, in any State or Territory in the North and in the South, in the East and in the West, there appears to be a general movement in his favor. His nomination we consider as a "fixed fact."

Ohio and Pennsylvania Railroad

We learn from the American Eagle, at Wooster Ohio, that the track-layers on the above road near the eastern side of Columbiana Co., work in a new building; another party are working eastward from Alliance, and have now reached Salem. A party is about to begin laying the track between Alliance and Massillon, and so far without exception, every one is in favor of the Railroad.

Between Massillon and Wooster the grading is near to completion; much of the timber is delivered, and that of the iron already delivered at Pittsburgh. The progress of the work, and the fact that all contracts are provided; and at Wooster we do not expect laborers will build our Road without pay. By the prompt payment on part of stock subscribers we know that we shall have the Road in a very few weeks after it reaches Massillon.

Westward of Wooster the grading is generally commenced upon all heavy sections, and the contract is made for furnishing the timbers.

The Indiana State Sentinel says that the work on the Indianapolis and Peru Railroad is now being prosecuted by Mr. Tomlinson, the contractor with great energy and vigor, and will undoubtedly be completed in less than a year.

REPLY TO MR. LAIRD

Messrs. HARPER & PHILLIPS: I hasten to give the promised reply to the history of the passage of the Hemphill Road Bill, contained in your paper of Wednesday last.

A perusal of Mr. Laird's communication fully confirms my apprehensions as to its character, and relieves me from any necessity of apology for strong language of the nature that accompanied it.

I had hoped, in the absence of any change of good faith to the people of this district that the formality of a public explanation would be required.

This hope, however, was blasted by the appearance of a distinguished citizen of Washington county, as the defender of the purity of the Board of Trade Rooms, in a public speech at which he now President. An explanation was then decided upon, but delayed in anticipation of Mr. Laird's threatened annihilation, not only of the individual who had indirectly denounced him as a legislator, in a public speech at which he now President, but also of all others who dared to question his legislative purity.

The occasion is now fairly presented, not only to defend myself from the imputation of having been a legislator, in a public speech at which he now President, but also of all others who dared to question his legislative purity.

The occasion is now fairly presented, not only to defend myself from the imputation of having been a legislator, in a public speech at which he now President, but also of all others who dared to question his legislative purity.
