For sais by Dr. J. W. BRANSTUP, No. 85 Smithfield stress property.

A ing of Costiveness, Pain in the Stomach, Bowels, ac., (but, generally, by examination, I have found in a great many cases, that they have isbored under the discreasing disease, the Falling of the Bowels), I have fitted some of them with a proper supportor, and a small quantity of medicine, which have relieved their pain and given them comfort, and some of them had not been well for five or six years. Any person who will call at my office, I can refor them to those who, wear them, who can testify to the benefits of them. If we have a Supporters that will fit, we can have them made in a short time. The effect produced by wearing a sainable, and perfectly adjusted Abdominal Supporter is often nearly miraculous. The weak vocels strong themed—thowed distributed heart cenaes its pulpitations—the food sits better on the stomach—costiveness is relieved chronic distributed is stopped—miscarriages prevented—floodings stopped—whiles cured—spine, gets stronger—the lady who is unable to walk its soon able to walk well. She who could not sit up alone for a (spw minutes, can now sit up all day, or as long as any one; falling of the womb is cured, and, in shorter or longer-periods lotes all its tenderness and weakness, and goes permanently back to its place. Barrenness, in some cases, gives place to fruitiumess, and a way is prepared for years of good health.
