LIPPENCOTT & BAIR,

(LATE J. S. STARKLE & CO.)

Manufacturers of Phœnix Fire Proof Safes,

Warehouse, Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Lippencott & Bair, to witness an串ess in the working of one of their Phœnix Safes. The furnace being prepared; the Safe was placed inside thereof, with books, papers and some money; when the doors of the Safe were closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money found in good order. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

I am engaged in the foundry business; and know something about furnaces and heat. I witnessed the burning of the above Safes; and can truly say there was no undue heat about it, and with pleasure recommend them to the public as being, in my judgment, entirely fireproof. WM. KAYE.

I am calling upon the above gentlemen for their signatures, they willingly do the highest terms of the fairness of the test, and that I full confidence in the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
