DEMOCRATIC MEETING. The Democratic Committee for the City Pittsburgh, will meet at the house of Mr. Kirchener, in the Diamond, (on the lower side,) on Saturday evening next, at 7 o'clock. Business of especial importance claims the attention of the members. The Committee consists of Alexander McCammon, chairman, of the First Ward; Daniel Weartz, of the Second Ward; Wm. M. Edgar, of the Third Ward; Thomas A. Hinton, of the Fourth Ward; John R. Hague, of the Fifth Ward; Wm. Quail, of the Sixth Ward; James A. Irwin, of the Seventh Ward; John Coyle, of the Eighth Ward; and Joseph Weeks, of the Ninth Ward. The members are

requested to be punctual in their attendance. THE MAILS.—We observe that all our western exchanges, are continually complaining about Silk and woolen flannel, (1 ad)14 the failure of the mails. This is an old grievance, and we have often wondered that government did not do something to remedy it. But, Jewelry..... it still continues, and will continue, until the department alters its mode of giving out contracts in the west. The carrying of the mail in that section of the Union, is one of the most existed. III on the 7th of May, 1851, Rev. M. D. Williams, Pastor of the Fourth Presbyterian Church, in Louisville, Kentucky, was and had been for a long time confined to his room, and most of the time to his bed, with Dyspepsia and Chronic Diarrhoua, and was, to all appearance, on the very verge of the grave, and acknowledged to be so by his physician, who had tried all the ordinary means in his power, without effect, and at the above named time, the patient, with the consent of his physician, commenced the use of Dr. Houghton's "PEPSIN," and to the astonishment, surprise and delight of all, he was much relieved the first day. The third day he left his room. The saxth day, which was excessively hot, he rode ten miles with no bad effect; on the eighth day he went on a visit to the country; and, on the thirteenth day, though not entirely restored te his natural strength, he was so far recovered as to go alone a journey of five hundred miles, where he arrived in safety, much improved in health, having had no disturbance of the stomach or bowels, after taking the first doss of Papsin. These facts are not controvertible, and that this is a case which ought to convince all skeptics that there is a power in "PEPSIN" Let physicians and dyspeptics investigate.
