Daily Morning Post.

SATURDAY MORNING....JANUARY 3, 1852

THE RIVER.—"We have no hesitation in saying," as Mr. Meddle has remarked, on various occasions, that we have a "very big river." We could send out the largest vessel afloat on the western waters; but to-day the MESSENGER will leave our levee, and we consider her one of the best in the trade. It is unnecessary for us to say anything in favor of the Captain, he is too well known to require puffing. We will merely remark that *the Messenger is the boat* and KLINEFELTER is the commander. "Nuff sed."

☞ The Kossuth Executive Committee met again on Friday night, at Col. Leopold Sahl's. Samuel Frew Esq., of Elizabeth, was added to the Executive Committee.

On motion it was unanimously

Resolved, That the Pastors of all Christian congregations in this county be requested to lift collections in aid of the Kossuth or Hungarian Fund, and to deposite the same with the Treasurer appointed by authority of the late county meeting, Gen. Wm. Larimer, jr.

Resolved, That the time recommended for lifting said collections be the first Sunday after the arrival of Governor Kossuth in this city.

Resolved, That each collecting committee be requested to provide themselves with two subscription papers—*of which one shall be a Zollverein subscription* list, to which all those who can, and mean to give large sums, be requested to subscribe. Besides their large subscriptions let them join with those who can afford only a small contribution, in one common demonstration:

Messrs. Gazzam, Foster, White and Dallas, were appointed to telegraph early information of the action of the Councils of both cities, relative to Governor Kossuth, to our representative at Washington.

Messrs. Dallas, Werneberg and Rose, were appointed a committee to confer with and invite the firemen of our cities and neighborhood to unite in the reception of Governor Kossuth.

On motion, the various associations and societies of the cities and county were invited to participate; and requested to report to Mayor Guthrie, Chairman of the Executive Committee, as early as possible.

Adjourned to meet at Col. Sahl's on Monday evening.

THE KOSSUTH RECEPTION COMMITTEE met last night. The names of Wm. Larimer, Dr. H. D. Sellers, J. H. Sewell, S. Frew, Wm. A. Irwin, Wm. W. Dallas, Wm. Coleman, James Nutt, John J. Boggen, were added to the committee. Col. Samuel W. Black was unanimously chosen Orator of the day. Adjourned until Monday evening, at Col. Sahl's.

CITIZENS' INSURANCE COMPANY.—We call the attention of the public to the new advertisement of the above well managed Company, which will be found in to-day's paper. Our worthy friend Samuel L. Marshall, Esq., is now the Secretary of the Company, and those who have business to transact with him, will find him prompt and obliging.

LAMENTABLE ACCIDENT.—On Wednesday evening, a young man named Philip Bohn, an apprentice of Messrs. Bown & Tetley, while handling a loaded pistol, by accident its contents were discharged, and literally tore his hand to pieces.—Drs. Hazlett and Kern were immediately called in, who found it necessary to amputate the hand above the wrist. Let this accident be a warning to all boys who handle loaded pistols.

THE NIGHTINGALES left our city yesterday morning for the east, after one of the most successful seasons that has ever been made by any Ethiopean Troupe that has performed in Pittsburgh. We do not wonder at their success; for as vocalists and gentlemen they are worthy of the esteem and patronage of all good citizens.—We wish them the most abundant success wherever they may go.

MIRROR OF CALIFORNIA.—This is the last day of the exhibition of this beautiful painting in this city, and we advise all to go and see it at once. In order that all may have an opportunity of seeing it, Mr. Ottinger gives two exhibitions to-day—in the afternoon, commencing at 2 o'clock, and in the evening at 7½ precisely.

THEATRE.—Saturday night will be a great night at the Theatre. By reference to the Managers advertisement, it will be found that he presents a bill that should draw a crowded house.

☞ H. MINER & Co., 132 Smithfield street, have received Harper's New Monthly Magazine for January, 1852; this number comprises a large amount of new and inter esting matter, the first article being Jacob Abbot's and very graphical life of Benjamin Frankl in—this article alone is worth more than the co st of the magazine. Ik Marble's new work, entitled Dream Life, a fable of the seasons; those that have read the author's previous productions, will most certainly procure a copy of this.

☞ Harper's and the International Magazine for January, are for sale at Holmes' Literary Depot, Third street, opposite the Post Office They are both excellent numbers.

AHEAD OF THE FOREMOST.—The hands in the employ of W. Coleman & Co., Fifth Ward, Spring Manufacturers, has handed over to Mr. Coleman $150, towards the Kossuth fund. This is the first bona fide subscriptions that has been raised here which will be followed, we have no doubt by a sum sufficiently large to entitle the donors to the thanks of the bold Magyar.

Chronicle.

THE MOTHER.—Despise not thy mother when she is old. When she was young, yes, middle aged, then pridest and respectest and didst reverence and obeyed her; do it as well when she is old; hold on doing it to the last. Age may wear and waste a mother's beauty, strength, parts, limbs, senses and estate; but her relation as a mother is as the sun when he goes forth in his might, for it is always in the meridian, and knoweth no evening. The person may be grey-headed, but her motherly relation is ever at its flourish. It may be autumn, yea, winter, with the woman, but with the mother—as mother—it is always spring.

"You will lose nothing in the long run," said an eminent divine, from the pulpit, "by being kind, affectionate and cheerful." Before night the eminent divine flogged six of his children within an inch of their lives, and gave his wife a tremendous "blowing" because she had forgotten to sew a string on his night cap.

Mr. Webster, in reply to the resolution of Mr. Meade, of Va., says that no treaty has been made between France and England, guaranteeing to Spain the protection of Cuba against any invasion from the United States. On the contrary, there is good reason to suppose that no such treaty has been entered into, although there is no official information in the State Department.

The Chief Burgess of the borough of Chester, Pa., has issued a warrant against the Philadelphia, Wilmington, and Baltimore Railroad Company, for violating an ordinance, recently passed by the Town Council, which prohibits the trains from running through the boroughs at the rate of more than five miles an hour.

A bill has been introduced into the Legislature of Texas, proposing to give to every person who shall emigrate to Texas before 1854, or who is now in the State and has not obtained land, 320 acres for heads of families, and 160 acres to single persons, requiring them however, to settle and cultivate the land.

Edmund Gere, convicted of the murder of Thomas Carpenter, and who was to have been executed at Madison C. H., Va., on Friday, the 19th inst., has been respited for the space of three months, at the instance of his devoted wife.

The largest and most important sale of selected lands ever proposed in Florida, is advertised to take place on the 12th day of April. The lands comprise some 800,000 of the 500,000 acres granted to the State for internal improvements.

EUROPEAN NEWS!

ARRIVAL OF THE STEAMSHIP AFRICA.

NEW YORK, JAN. 2, 1852.

The steamship Africa, from Liverpool, with dates to Dec. 20th, arrived this morning at 11 o'clock. She sailed from Liverpool, at 9 A. M., on the 20th, and brings news of her own arrival out, at 8 o'clock, on the evening of the 14th.

The steamship Atlantic arrived at Liverpool, at 7 P. M., on the 17th; the City of Glasgow, from New York, arrived at Glasgow on the 16th; and the City of Manchester arrived at Liverpool, at midnight, on the 19th.

FRANCE.

The accounts from Paris are peaceful. The President has distributed a great number of crosses of the Legion of Honor, and has decreed that a large sum of money should be distributed among the disabled soldiers.

Gen. Cavaignac had been released from prison conditionally, and was about to leave France for Holland. The other Generals would also be liberated on agreeing to become voluntary exiles. Victor Hugo was at Brussels.

The partisans of the President were very active in getting up a strong feeling in his favor, and were using every exertion to induce all persons to vote. The appearance indicated that the President would have as many votes as in 1848.

A majority of the Metz garrison had voted against Louis Napoleon, as also had the students in the Paris Polytechnic School, among whom was the young Prince de Polignac.

The President held a grand levee, on the 17th. All the *Corps Diplomatique* attended, except the American Ministers.

Napoleon takes an active part in drawing up the new French Constitution. The Consultive Commissioners have disagreed upon many principal points.

The Duke de Guiche, son of the Duke de Grammont, has been appointed Minister to Hesse Cassel.

The department of Police has been raised to the rank of Minister. M. Cassler is the new Minister.

The latest accounts from Paris state that Gen. Cavaignac refuses his release, unless the same favors be extended to all his fellow prisoners.

SPAIN.

The Madrid Gazette contains an important document from the Minister of Foreign Affairs, in reply to Mr. Webster's note, on the late occurrences in Cuba.

The Minister expresses the highest satisfaction at the tone of Mr. Webster's note, because it is considered an act of justice which satisfies Spain as much as it exalts the government of the U. States, of which Her Majesty's government never ceased to expect that it would disapprove such painful occurrences; and that the loyalty of its conduct upon the occasion would offer new guarantees, and greater security for the maintenance of friendly relations which, with reciprocal advantages, have constantly existed between the two Governments.

The Gazette concludes by announcing the pardon of all prisoners, proceeding from the late expedition against Cuba, who may still remain in confinement, whether in Spain or fulfilling their sentences, or remaining in Cuba.

Senor Labordo was about leaving Madrid for Havana. He would go thence in a ship of war.

GERMANY.

The Frankfort Diet is said to have resolved upon sending a diplomatic note to England, emphatically requiring that measures be taken against the political refugees, residing in England. The movement is made at the instigation of Austria.

ENGLAND.

The movement to present a national token to Mr. Grinnel, for his exertions in the search for Sir John Franklin, was progressing, and influential committees had been organized to that end.

INDIA AND CHINA.

By the overland mail from Bombay, which reached London on the 18th, we learn that Dost Mohammed was dying.

Sir Colin Campbell's force had re-taken Miliano, and driven the enemy to the mountains.

The neighborhood of Calcutta, had been visited by a violent hurricane on the 22d and 23d of October, which had done much damage.

The news from China is unimportant.

ITALY.

Some alarm is said to be felt at the Vatican, in consequence of the recent events in France, and least the French troops should be withdrawn from Rome.

Twenty six non-commissioned officers had been expelled from the army by order of the Pope. Through the interferende of Mr. Cass, seven families had escaped punishment for their political offences.

The House then went into committee again, and took up the resolution for the appointment of a committee to wait upon Kossuth, and introduce him to the House, and the question being on the amendment of Mr. Yates, offered on Wednesday, that the House could not look with indifference on Russian interference. CALIFORNIA NEWS.

Arrival of the Steamship Cherokee.

NEW YORK, January 1, 1852.

The Cherokee, from Chagres, with California mails to the 8th December, arrived this morning. She brings $1,700,000 in gold dust, as freight, and $360,000 in the hands of passengers.

The trip from San Francisco to New York occupied only 20½ days, and was the shortest ever made.

The principal subject of interest was the alarming state of feeling among the Indians on the Colorado and in the vicinity of San Diego, Los Angelos, Santa Barbara, &c. The outbreaks had commenced among the Indians, and it was daily assuming a more threatening character. The enforcement of the laws among the Indians is the ostensible cause of the rebellion, to which they have been incited by the lower classes of the native Californians, who showed the most bitter feeling against Americans.

Volunteer companies were organizing in the South to march against the Indians, and the Government had ordered General Richcock, at Sonora, to despatch troops forthwith to the rescue of the citizens in the disturbed district. The Governor had also ordered down the detachment of troops stationed at Fort Oxford, and would probably despatch one or more companies of volunteers from San Francisco, at an early day.

At San Francisco, Sacramento, and other places, a good deal of rain had fallen. The wet season had fairly set in.

Capt Waterman, of the ship Challenge, was brought before the Court on the 4th of Dec., and waiving an examination, was committed for trial on three warrants for assault and battery, and one for murder.

There had been no change in the market since the 1st inst., but rather more firmness among holders, from the belief that there would be but small shipments from the Atlantic States, and the certainty of a very large emigration between now and the ensuing spring.

At Stockton business was very brisk, consequent upon the large purchases for the mines.

The steamers California and New Orleans had arrived at San Francisco.

ILLNESS OF MR. CLAY.

WASHINGTON, Jan. 1.

Mr. Clay's health is much worse. Gov. Kossuth, accompanied by Gen. Cass, called upon him yesterday afternoon; but he was too unwell to see them.
