THE BIVERS .- The ice in the Monongahela an Allegheny broke up last night and is now running out rapidly. We may expect that in a few days navigation will be resumed with great activity, and continue during the season.

We understand that, at the earnest re quest of many of the large audience who listen ed to the eloquent sermon of the Rev. NATHANI-EL WEST, delivered in the Fifth Presbyterian Church, on the evening of the 25th, he has consented to prepare a copy for publication. It will appear in a few days in pamphlet form.

THEATRE .--- This evening's entertainment for the benefit of Miss' ELIZA LOGAR, when she will appear as Beatrice, in the attractive piece of "Much Ado About Nothing." and as Mrs. Oakley, in the "Jealous Wife." The presentation of these two pieces should draw a full house at any time, but, considering the high order of tal ent that will portray their principal beauties, mously rejected the resolution inviting Kossu they should draw an overflowing house, and we o visit this city. hope most sincerely that it may be so.

The alarm of fire Saturday about noon was occasioned by the partial burning of a small house, near the Point, used as a cigar shop. The alarm between 2 and 8 o'clock, origina ted in Birmingham, and we did not learn the cause.

A boat laden with Coal, lying near the Pipetown Iron Works, was sunk yesterday by the sudden rise and gorge of ice in the river. Der The members of the Duquesne, Good In-
