ES. We return our thanks to J. MILLEB, Esq., for his attention in sending us legislative documore time.

Ten In the Harrisburg Keystone of Jan. 30th. we find the following paragraph which we are not disposed to let pass without notice, although we contemn the incendiary principles of the guerrilla sheet from which we clip it :

So far as the Pittsburgh Post is concerned, a illuminated. more bald-faced falsehood could not have been uttered than the one contained in the above extract. An unkind word against Gen. Cass, has never been permitted to appear in its columns.

In looking into this matter and endeavoring by every means in his power, to arrest legisla tion that will prevent improper paper issues, Governor Bigler will render an important service to the people of Pennsylvania. He is op-posed to Governor Johnston's scheme of free banking, opposed to the chartering of banks without proper restrictions, and to every move ment that has a tendency to viciate our curren cy : and in all these matters his efforts will meet the hearty approval of the people. At various periods in our history the people

of Pennsylvania have suffered so intolerably by paper swindles, that they are exceedingly sens tive on this subject, and it will be highly grati-fying to them to know that the new Governor will spare no effort to keep our currency as near the real specie standard as possible. --Harrisburg Union, Jan. 31.
