Some time in the night, Baker was discovered wandering about the neighborhood, out of his mind, and very much bruised and beaten. After sometime he came to himself so far as to be able to state, that Payne had overtaken and attacked him with his club; that he endeavored to avoid any difficulty with him, and for that purpose had turned from the road into a wood pasture; that Payne followed and attacked him, and in the scuffle he had stabbed Payne. Search was made on yesterday morning, and Payne's body was found, his throat cut from ear to ear; Baker's knife and Payne's stick broken, were beside the corpse, and the ground bore evidence of a severe struggle.

Kossuth, in his speech to the farmers of Lebanon county, Pennsylvania, added another idea finds its way to his tongue. Sir, said he, "It is the privilege of the agricultural people to give consistent existence to whatever improve-ment on earth. A single man may endeavor to

say—"The voice of the people is the voice of the Lord." And here the people is sovereign. But the will of the people is not restored by mere cheers in the councils of your nation, but is respectively. istered by votes. Form associations of the friends of Hungary, for oppressed Europe's sake, and your votes will be registered and your sovers will be registered and your sovers. I remember the time when, for instance, that great benefit, the potato, began to be cultivated in Hungary; and when the sacrifice was too great for a single man to bring it to an acclimate he found no Russia to fight him, but found France to help him. Let the world not say that republics have no memory for received aid. By being faithful to your past, you can have the glory of becoming the first nation on earth. You will conquer the world to your principles.

If A float Remarkable Case of Total Bindness Cured by Patroleum.—We invite the attention of the afflicted and the public generally to the etention of the afflicted and the public generally to the etention of the afflicted and the public generally to the etention of the afflicted soveral years with a sortens may be seen by any person who may he skeptical in relation to the facts there set forth.

U had been afflicted soveral years with a sortenss of both eyes, which continued to increase until last September, (1880), the inflammation at that time having involved the whole liming membrane of both eyes, and ended in the deposite of a thick film, which wholly destroyed my sight. I had an operation performed, and the thickening removed, which soon returned and left me in as bad a condition as before. At this stage of the complaint I made application to several of the most eminent medical men, who informed me that "my cress would never get well." At this time I could not distinguish any object. By the advice of-some friends I commenced the use of the Petroleum, both interpualty and locally, under which my eyes have improved daily until the present time, and I have recovered my sight and locally, under which my eyes have improved by the Petroleum, and fattibute the restoration of my sight to its use. I reside at No. 102 Second, street, in this citry, and will be happy to give any information in relation to my case
