THURSDAY MORNING.....FEBRUARY

Hon. J. B. Guthrie's Letter to the Council Gentlemen of the Select and Common Councils: It becomes my unpleasant duty, to inform you that a serious difficulty has occurred between the Police Committee and myself, respecting the appointment of the Night Watch. I would have gladly avoided this difficulty, and can safely assure you, that it has not been of my seeking. During the past year, the Police Committee. composed of four Whigs and one Democrat, acted with me in perfect and entire harmony, both in regard to the appointments and to other matters of Police business. There was, it is true, some difference of opinion amongst us, in regard to individual preferences, at our first meetings; but there was no disposition on the part of the Committee, to take all the appointing power out of the hands of the Mayor. They were more anxious to assist him in selecting good and effici cient officers, than to dictate who should and who should not be watchmen. The present Police Committee seem to have an entirely different opinion as to the relative powers and responsibilities of the chief Executive officer and themselves. On Monday night, February 2d, the Committee met at the Mayor's Office, and proceeded to elect the Night Watch. I soon found that they had made a caucus nomination of all the officers, before they came to the Mayor's Office. I remonstrated, and urged the Committee

not to perpetrate such an act of injustice to the

no purpose. - The nominations were all made by

In my opinion, the action of the Police Committee on the 2d inst, was illegal, and contrary to the second section of the ordinance of March | where there are young people. 1st, 1845. It is also my opinion, that the eighth section of the ordinance of the 26th of March, 1836, gives the Mayor equal and co-ordinate power with the Police Committee, and that no removal of a watchman can be made without the Mayor's consent. I have thrown together a few facts for the consideration of your honorable body, presuming that the Police Committee will present their statement, and recommend some action to sustain them. I hope there will be no hasty action on the part of Councils, and that the whole subject will be fully and fairly discussed. I have no desire beyond a faithful discharge of my duty. In order to do that with credit to myself, and safety and protection to to defray the expenses of making an exploration of the council of the counci llowed faithful and efficient officers

Very respectfully. Your obedient servant J. B. GUTHRIE, Mayor. FEBRUARY 3d, 1852.

AID FOR HUNGARY.

A large and most enthusiastic meeting of the Ladies' Association of the Friends of Hungary, was held yesterday afternoon at three o'clock, in the Methodist Episcopal Church, on the corner of Seventh and Smithfield street, and organ-Chairman, and Wm. J. Rose Secretary.

Mr. Harper made some remarks, expressing the extreme pleasure he felt at beholding the bill granting a portion of the public lands to the continued spirit and enthusiasm manifested by the ladies of the Association. He had been told that, so soon as Gov. Kossuth had departed from that, so soon as Gov. Kossuth had departed from the ladies of the Association. cause would die away. From the first he had combatted this assertion, and was now delighted to see, in the large meeting before him, a convincing proof that he had been right. The vincing proof that he had been right. The ladies of our two cities and vicinity had nobly responded to Hungary's appeal; and their example would shine brightly before the vision of their sisters throughout our vast confederation.

On motion, of Miss M. Helen Dunlop, a committee of five were chosen to appoint officers for the permanent organization of the Society. This the permanent organization of the Society. This committee consisted of the following ladies, viz:

Mr. Johnston's bill giving to every head of a family a quarter section of land, under certain conditions, was referred to the Committee of the

GRAND TEMPERANCE BANQUET.—The grand banquet of the Sons of Temperance, took place on Tuesday night, in the Masonic Hall, on Fifth street. The attendance of ladies and gentlemen was very large, the room being completely filled with an assembly as intelligent and respectable as ever before met in this city.

PR BLANCHARD—Dear Sire—It is with feelings not casily described, that I have determined to address you this letter. Previous to consuling you, I had suffered for several years from the effects of Self Abuse, and feel bound to express my gratitude to you, and to declare to the world that your course of treatment, both in a moral and physical sense, has been of the most beneficial character. In early life, at school, I learned, the habit of Self Abuse, and continued the practice for six years without being away collection. and physical rease, have been of the most content and natural natural actor. In early life, at school, I learned the habit of Seif Abuse, and continued the practice for six years, without being aware of its sindl nature, or the terrible consequences sure to follow its indulgence. I first observed my appetute very much increased; but notwithstanding that, I began to lose fiesh very rapic ly, and exhibit considerable emaciation. After a time, however, my appetite failed, and I became much debilitated,—the slightest exertion fulguing me exceedingly. My sight became impaired, and I found my memory not so good as formerly. I also experienced a total disability to concentrate my mind on any one idea for even a short time. My legs became very feeble, and tottered in walking. I also had great difficulty in retaining my ori ie. 'In this enfeebled condition, my friends advised me to consult the family physician, who soon obtained from me such information as satisfied him of the cause of my complaints. 'He impressed on me the nacessity of relinquish. information as satisfied him of the cause of my complaints. He impressed on me the necessity of relinquishing the habit, pointing out the moral and physical ruia,
sure to follow its indelgence, but could not cure me of,
its effects which I suffered. The symptomes, nocturnal
discharges, inability to retain utrite, a flow of semence
on the least execution, continued to grow upon me every
day. At this time the family physician, above alluded to,
advised me to consult you. After a careful perusal of
your advertisement, I came to the conclusion that my
case was one which required your treatment, and thank fortune I did so, add cannot let the present oppotunity pass without again adverting to the beneficial effects which your medicines and advice have had upon
me. How great must be the reward here and hereater, ne. How great must be the reward here and he one who creates so much happiness in the wave no need of saying any more. Enc osed y

The following Letter is from a highly respeciable Physician, who enjoys an extensive practice:

Dr. John D. Park—Dear Sir; "Dr. Guyzott's Extract of Sarsaparilla." This medicine has peen prescribed, by me for the last three years; with good effect, in general debility, Liver Complaint, Saundice. Divergeisia, Oftenine and Nervous diseases. In all Female Complaints it certainly is unequalled.

In the use of this medicine the patient consumity gains strength and vigor, a fact worthy of great consideration: It is pleasant to the tasts and smell; and can be used by persons with the most delicate stomache, with safety, under any directinasiances. I has a caking from experience, and to the afflicted advise its use.

Dear Sir: I delayed answering the tecept of your preparation, until I had an o portunity of wime-sing its effects in my own family, or in the families of my grends. This I have now done with a high degree of sausand tion, in cases both of adults and children.

I have found it, as its ingredients show, an awerful remedy for colds and coughs and pulmonary disease.

CHESTER, Pa., Aug. 22, 1846.

I. C. Ayer.—Sir. i. was taken with a terrible cough, brought on by a cold, in the beginning of last February, and was conlined to my bed more than two months—Ceughing incessantly night and day, I bet ame ghastly and pale, my eyes were sunken and glasse, one my breath very short. Indeed, I was rapidly failing and my breath very short. Indeed, I was rapidly failing and my breath very short indeed, I was rapidly failing and in such distress for breath that but little hope of my record cy could be entertained. While in this situation; a friend of mine, (the Rev. John Keller, of the Meth distempt,) brought me a bottle of your CHERRY PETGEAL, which is tried more to gratify him, than from any experiments of botaining relief. Its good effect induced me to continue its use; and I feon found my health much improved—Now in three minefulls, is movel and strong, and can altitude my cure only to your great medicine.

Vitin the deepest gratitude yours acc.
