

Monday Morning Post.

FRIDAY MORNING, FEBRUARY 6, 1903.

DEMOCRATIC TICKET.

FOR PRESIDENT OF THE UNITED STATES: JAMES BUCHANAN, OF PENNSYLVANIA.

FOR VICE PRESIDENT: WILLIAM R. KING, OF MISSISSIPPI.

Business Matters.—Our streets presented quite a brisk appearance yesterday. A considerable amount of goods was shipped to the South and West. Quite a number of steamboats were receiving their regular trips, and are doing a fair business. Our city is well supplied with goods of all descriptions, especially Pittsburgh manufactures, which can be bought at satisfactory prices.

The Mayor and the Police Committee.—We published yesterday morning, a letter from the Mayor to the City Council, setting forth the extraordinary conduct of the Police Committee. In the appointment of the Right Ward. It is a contemptible attempt on the part of the Committee to thwart an efficient, faithful, and impartial officer in the discharge of his duties to the city. The Committee appear to have got the wrong end of the stick, and they could appreciate Mayor Guthrie, by depriving him of his efficient subordinates. This may be very pleasant for them, but whether it will be to the advantage of the city, or the safety of the citizens, is yet to be made apparent. Our citizens are entitled to a competent officer to guard them against the villainies of the burglar and incendiary, have been disappointed to make a place for general worthless "dead heads," many of whom are better qualified to be the recipient of a wad of money, than to guard the peace and quiet of this city.

Mayor Guthrie went into office, he has been assiduous in reforming the lawless manners that had been introduced under the preceding illegible and worthless administration. Feeling the necessity of a reform, and having full confidence in him, the Police Committee last year, allowed him a competent and trustworthy corps of watchmen, to aid in the regeneration of the city from the deplorable position in which it had been placed.

He did not neglect the city, but he was not content with the position that had been placed upon its reputation, and in accomplishing this he has been materially aided by the active co-operation of the Police Committee. It is as the city under his rule and prudent rule, that comparatively peaceful and safe, the Police Committee of the present year, appear to think that there is no longer a necessity for an efficient officer, and that through the means of Gov. Hays granting Guthrie a further reappointment, will permit for the last two months.

The Night Watch, as it is now constituted, with its honorable exceptions, would have been discharged as "arrant knaves," by the ancient Dogberry, and if the committee do not desire to be written down as the animal Dogberry desired to represent, they had better recognize the honorable exceptions, and allow the Mayor to give him an incompetent police.

We are sorry to think that the whole course of the Committee has been dictated by a mean spirit of small political opposition, which must result to the injury of the citizens and the city. Mayor Guthrie, although a Democrat, has never betrayed his political opinions upon the public in the discharge of his official duties. As the Executive of our city has been impartial to a degree that has won for him the respect and admiration of all parties, and who has so ably filled the place in the office that he has so ably filled since his first election. His study has been to serve the people, and to secure them from the dangers they had to encounter in former times, and to do this efficiently it is necessary that he should have a reliable police force. We do not believe that the Watch, selected by the Committee, will ever be more than a nuisance to the city.

Forest City Bank, Cleveland.—This institution, recently established in our city on Lake Street, is now in full operation. The bank owns its existence, principally, to the enterprise of Pittsburgh capitalists,—two-thirds of the stock being owned in this city. The actual capital of the bank at present is \$100,000, but the charter allows it to increase to any amount up to \$500,000. The company are now erecting a splendid new building on Superior street, in which their business may be transacted. It is a large and substantial edifice, with a beautiful stone front, and will be ready for occupancy by the first of next month. It will cost some \$150,000. J. O. Hussey, Esq., is President, and A. W. Brounway, Esq., is Cashier of the Forest City Bank. These gentlemen are well known to the public as successful business men.

Hotels in Cleveland.—There is no city in the Union, of its population, that can boast of finer hotels than Cleveland. The Waldorf, New England, Dunham, Franklin, and America, are all first class hotels, and are provided with every convenience to make their guests comfortable. During a recent excursion to the Forest City, we stopped at the American Hotel, kept by WILLIAM MARION, Esq., who is certainly a prince among landlords—attentive, obliging, and gentlemanly.—This hotel, during the past year, has been thoroughly remodelled, improved, enlarged, and its interior arrangements cannot be excelled by any similar establishment in the United States or elsewhere. The parlors are large and beautifully furnished, and the chambers are in all respects clean and comfortable. Mr. J. B. Serrano, formerly of the Franklin, an efficient and polite clerk, is the principal assistant in the management of this excellent hotel.

The American announces with its usual veracity, that the Post is not a general publication. This is not so. The Post considers Mr. Bigler's most worthy recipient of the favor of the Democratic vote of Pennsylvania, but the same time, it takes the liberty of saying, that the Governor made a great mistake in the appointment of the Hon. James Forney as Attorney General. The editor of the American thinks that a more grievous mistake was made in the appointment of the same of Weights and Measures? Will he answer?

It is remarkable that while the number of emigrants from Ireland for the United States has been rapidly increasing, the number of children under 14 has greatly fallen off.

The right of newspapers to copy telegraphic dispatches, without credit, from the papers, is a subject of discussion among the journals of Germany.

Frankland and Resolution relative to the Wheeling Bridge Case.—We have been frequently asked for information relative to the extraordinary proceedings recently commenced in the Legislature of Pennsylvania respecting the Wheeling Bridge Case, now pending in the Supreme Court of the United States. Through the politeness of our Representative Mr. Arvay, we have been furnished with a copy of the Preamble and Resolution introduced in the House on the 23d of January, by Mr. LATOWSKI, and also no time in presenting the same to our readers, in order that they may see the infamous plot set on foot to destroy the interests of Pittsburgh.

JAMES G. BIRNEY.—Some of our morning papers stated, upon the authority of Northern Ohio, that the late Mr. Birney had been engaged in superintending the publication just made by him. The mistake doubtless arose from the fact that a Mr. Birney of the same name is connected with the publication.

The above will be gratifying news to the numerous friends of Mr. Birney in Pittsburgh, who were led to suppose, from an article published a few days since in the Post, that he had died in Michigan.

EXTRAVAGANT CONVENTION OPERATIONS.—Mr. Hays, in his report to the Convention, stated that the Convention was held at Columbus on Thursday last, after an unsuccessful pursuit after a man named Robert Neal, charged with carrying on an extensive counterfeiting operation at Mount Carmel, Ohio. Neal is held for the purpose of the Convention.
