Bes The heavy rain of Saturday night di not appear to have much affected the river here. There were 6 feet water in the channel last night, and slowly rising. The Keystone State will leave this morning. We learn from the St. Louis papers that the

Ulinois river is now open. Navigation.—The fiver is about at a stand, but yet continues in boating order. Below the mouth of the Ohio, it is rising rapidly. The Illinois is also in good order from Peoris down, and the Missouri from Bounville to the mouth. The navigation of the river to the mouth.

The navigation of the river to Keokuk is now unobstructed, and the packets have sgain commenced running.—Si. Louis Union.

The river continues to fall slowly, with 9 fe 9 inches water in the canal last evening, and 61 feet on the falls. During the previous 24 hours ilear and cool yesterday.—Lou. Cour., 18th.

Ladies Festival.—The Ladies Association of the Friends of Hungary," are making extensive arrangements for a large Festival, the proceed of which are intended to swell the amount already raised by these noble hearted, and patriotic ladies. There is no doubt but that the ladies will manage this affair with their usual good taste, and to the entire satisfaction of all who may attend. The Festival is to be held at the LAPATETTE ASSEMBLY ROOMS, on Thursday, the 4th of March next, and judging from present indications, it will be one of the finest suppers ever yet given in Pittsburgh. Quite a number of our country friends have

frequently complained that they were not pernitted to give of their substance to the great Hungarian cause—the cause of Freedom,—in the same proportion with their fellow-citizens residing in cities, because their abundance does not consist in money, but in the fruits of the land. The Ladies' Association, with a praiseworthy consideration, now offer an opportunity for any and all, to contribute effectively to this great cause. Farmers, and farmers wives, and sons and daughters, are respectfully and urgently requested to send in, as soon as possible, produce, such as turkies, chickens, butter, eggs, flour, or any kind whatever, and it will be so managed as to result in the increase of the fund raised on this occasion. Any articles of produce

sent to Mrs. Wilson, Phillips' Row, corner of Ross and Diamond streets, and to Mrs. James Dunlop, Third street, next door to corner of Smithfield, will receive prompt attention. The Recent Fire. On visiting the scape of the disastrous fire on Water street, which was noticed in Saturday's paper, we found the extensive warehouses occupied by John Irwin & Son, Jacob Forsyth Jr., Campbell & Chess, and Edwards, Morris & Co., entirely destroyed, and the build-

ing occupied as the Custom House greatly The fire appears to have originated in the warehouse of Campbell & Chess, though we have heard no supposition as to its probable cause -The buildings, which were quite large, extending back to First street, were owned by Mr. John Irwin. Central Association of the Friends of Hungary. -A meeting of the members of this Association will be held this evening, in the session room of the Fifth Presbyterian Church, (Dr. West's,) on Smithfield street, near Sixth. On this occasion an address will be delivered

by John A. Wills, Esq., and Washington's Farewell Address will be read. The meeting will be in commemoration of Washington's Birth-day. The Association cordially invite the attendance of ladies and gentlemen upon this, and the fegular meetings which are held, (and andresses delivered) every Monday evening. The Clergymen of both cities are respectfully requested to announce to their congregations from time to time the regular Menday evening meetings.

Quartz Rock .- We were shown on Saturday last, at the store of Robert Watson, on Liberty street, a most beautiful specimen of quartz or gold rock, weighing 34 pounds, and so thoras to be estimated at \$2,500. The rock was brought to this place by a Mr. Sines, sent, we understand, by Mr. Cherry Cummins, formerly a resident of this place, and now engaged as a quartz miner in California. We also tearned that this is not the first evidence of his good fortune, which Mr. Cummins has forwarded to this place.
