Daily Morning Post.

FRIDAY MORNING:.....FEBRUARY 27.

River Intelligence, &c.

The river is still slowly receding, with 12½ feet water in the channel, last night at dusk.

The Allegheny river is in a fine state of navigation, and the packets built for that trade have commenced running.

Steamer "Pittsburgh."—This truly splendid steamer arrived yesterday from Cincinnati, with a large lot of freight, and with crowds of passengers. She leaves again this morning at 11 o'clock for the Queen City of the West. We would advise those who wish to travel on the swiftest, safest and most commodious steamer on the western waters, to take passage on board the Pittsburgh. Capt. Kountz will attend to your wants to your entire satisfaction.

Mellor's Music store, Holmes' Depot, 3d street, and at the offices of the Post and Gazette. Price 50 cents.

Council Proceedings.

We make the following synopsis of the proceedings of the City Councils, at their meeting on Tuesday evening last.

Select Council.—The President announced that Councils had been convened at the request of the Finance Committee, for the purpose of final action upon the Ordinance making appropriations for the year 1852.

The clerk communicated to the C. C. the non-concurrence of the S. C. in the action of C. C., committing said ordinance for amendment.

By consent, the Council proceeded to the consideration, *ad interim*, of other business.

The ordinance creating a market constable was taken up, and the action of C. C. concurred in.

After the transaction of some other business relating to streets and sewers, the clerk of the C. C. communicated that that body had adhered to its former action on the appropriation ordinance, and asked a conference thereon, and that Messrs. Gribben and Lowry were appointed a committee for that purpose by C. C.

On motion of Mr. Long, the President was was authorized to appoint a like committee on the part of S. C., and Messrs. Lorenz and Kier were appointed.

The following resolution in C. C. read three times and adopted, and Messrs. Lowry, Kennedy and Howard appointed on part of C. C.

Resolved, That a committee of five, two from the S. C. and three from the C. C. be appointed to investigate the recent difficulties between the Police Committee and the Mayor, and report to Councils.

The same was read a first and second time when

Mr. Armstrong moved to lay the resolution on the table, and called the yeas and nays thereon which were ordered, and were as follows:

Yeas—Messrs. Allen, Armstrong, Bruce, Bailey and M'Cutcheon.

Nays—Messrs. Cordell, Edwards, Kier, Kincaid, Lorenz, Morrow, M'Clowry and Jones, President—8.

So the motion to lay on the table was negatived.

Mr. Bruce, seconded by Mr. M'Cutcheon, moved the 3d reading of the resolution.

But their being a vote in the negative, (Mr. Armstrong,) the motion according to the rules, did not prevail, and the resolution laid over on third reading.

The committee of conference on the Appropriation Ordinance reported verbally that they had agreed to amend said ordinance by increasing the rate of assessment of improvement tax for the present year, from 2½ to 2¾ mills, as a compromise and final adjustment of the claim for restoration of the amount alleged to have been erroneously paid out of this fax.

The report of the committee was adopted, and the ordinance answered accordingly, and as amended read a third time and passed.

The following resolution, offered by Mr. M'Clowry, was read three times and adopted:

Resolved, That the Committee on Fire Engines and Hose, be directed to inquire into the propriety of furnishing 700 feet of hose, for the use of the 7th ward, and report to the next regular meeting.

Common Council.—The C. C. took action concurring in the action of S. C. relative to the difficulty between the Police Committee and the Mayor, and also concerning the "Ordinance making appropriations for the year 1852. The following is a copy of the Ordinance:

President of Common Council.

Attest: M. W. Lewis,
Clerk of Common Council.

ISAAC JONES,
President of Select Council.

Attest: R. Monnow,
Clerk of Select Council.

Monongahela Navigation.—We have been really astonished at the amount of freight brought to this place, within a few days, from points up the Monongahela and Youghiogheny rivers. The Brownsville and West Newton daily packets have been loaded down to the guards, and have every other indications of prosperous business. We suppose this freight must have accumulated during the period when the river was closed, and is now making its way down.

☞ Workmen are actively engaged in removing the ruins and rubbish caused by the disastrous fire of Friday night, and we presume the block will soon be re-built.

☞ Preparations are being made for the opening of the canal on or before the 16th of next month.

"Stop the Thief."—We were much amused at the recital of the way an acute son of Erin took to get across the Hand street bridge yesterday. He was just about entering the bridge when he perceived a lad, one of the messengers of O'Reilly's Telegraph office, who was walking very rapidly a short distance from the entrance. A bright thought struck him; he broke after the boy at the top of his speed, calling to him to stop, and at the same time raising the cry of "stop the thief." The boy alarmed at this, and perhaps thinking the man crazy, began also to run, and the chase was kept up nearly the whole way across the bridge, when the boy completely exhausted, stopped and inquired what he meant. He replied that it was only a trick by which he had saved *two cents*, and he would now be enabled to get a "horn," as he had another cent left. The by-standers, who mostly understood the manœuvre, could not refrain from a hearty laugh when they saw how well it had succeeded.

Railroad Accident.—A distressing accident occurred yesterday afternoon, between the inner and outer depot of the Pennsylvania and Ohio Railroad, as the accommodation train was coming in from New Brighton. A stone mason named Thomas, residing in Virgin Alley in this city, was walking or standing on the track, when the cars came along, with the locomotive detached, and finding it impossible to get out of the way, he fell down in the middle of the track, and the whole train passed over him, the axles striking him, and mutilated his body horribly. He was so severely injured, as to require the amputation of his right arm, before he could be removed from the ground. His skull was also fractured, in two or three places.

As soon as it was possible, he was removed to the Mercy Hospital in this city, and every thing done for his restoration which the best surgical skill could suggest, but there is no hope of his recovery.

County Jail.—There were but two or three commitments to the County Jail yesterday. This is well; for if things were to continue as they were on Wednesday, we would soon need three or four more jails.

Mayor's Court.—There were but three trifling cases up before the Mayor yesterday morning.

☞ Nothing of interest transpired at the different Aldermen's office yesterday.

☞ FRESH OYSTERS received daily by Adams' Express, at the WAVERLEY HOUSE, Diamond Alley.

EUROPEAN NEWS!

ARRIVAL OF THE STEAMSHIP ATLANTIC!

NEW YORK, Feb 26.

The Atlantic arrived here this morning at 9 o'clock, having left Liverpool on the 11th inst., at half past 3 P. M. She experienced boisterous weather in her passage.

The Asia arrived, on her outward passage, at 10 o'clock, on the evening of the 7th.

COMMERCIAL INTELLIGENCE.

A reduction of ¼ had taken place in Cotton since the Cambria sailed, in ordinary; other descriptions unchanged. Sales on Monday and Tuesday of 15,000 bales, of which exporters took 5000.

Flour was very dull, and the tone of the market was in favor of buyers, though no quotable transactions had taken place.

Indian Corn is unsaleable at a reduction of 6d per quarter.

Wheat moves off slowly at 1d ₱ 70 lbs less than advices by the Cambria.

Provisions...On Bacon there has been little advance since last reports. Lower qualities of Beef are saleable at 5s ₱ tierce above rates on the 7th; fine qualities at extreme rates. Prime mess pork is wanted.

At Manchester the sales since the Cambria's departure have not been extensive, nor had prices of any kind advanced. The market still exhibited decided firmness. The demand for export yarn was good, but for Cloth on Indian account, limited.

German houses are doing little, and home trade is not over active. The market closed firmly.

The London Stock Market continued steady, and Consols, for account, satisfactorily adjusted. Consols for account closed at 96¾@97¼; money 96¾@96¾. In American stocks there was much increased activity. Federal stocks were rising in price: state stocks show no change in quotations. The foreign market was steady; Mexican declined.

Strong Land 46s to 47s.

Coffee...Dull.

At Liverpool sales of Tea were moderate at unaltered prices.

At Liverpool on the 11th of Feb., sales of 10,000 bales of Cotton. The market was buoyant and open rates active.

At London, Wednesday the 11th, there was a scarcity in the corn market. Few buyers of show wheat, and trade dull. Foreign wheat is steady.

In Paris and Bourse, on Tuesday, a slight rise was experienced. Fives opened at 103,20 and closed at 103,10.

GENERAL INTELLIGENCE.

The general news was unimportant.

Full details of the attempt to assinate the Queen of Spain, had been received. Her Majesty was leaving church, bearing the royal infant in her arms, when a Jesuit priest, named Marine, while kneeling, affected to present a petition, and immediately struck at the queen with a poignard, which he drew from under his cloak. The weapon penetrated the folds of her dress, but striking the whalebone of her stays, its course was diverted, and the force of the blow was broken; the dagger, consequently, merely entered below the last rib to the depth of an inch, causing only a slight flesh wound, and a trival wound it is. The assassin was instantly secured, and proved to be a villian of the deepest dye. Her majesty is fast recovering.

A despatch from Madrid of the 7th inst., says: "This afternoon, the criminal who made an attack on the Queen was executed."

POLITICAL INTELLIGENCE.—ENGLAND

In the House of Commons, on Monday, Russell introduced a long promised measure of parliamentary reform. Its leading features are the reduction of county franchise from £50 to £20, and the reduction of county franchise from £10 to £5. In Ireland the county franchise is to remain unaltered, but in boroughs is reduced from eight pounds to five; the creation of a new class of voters who pay 40 shillings per annum direct taxes; the abolition of property qualification for members.

The bill abolishes the oath of supremacy as repugnant to Roman Catholics and dissenters; also the form of oath to a simple oath of allegiance to the throne.

Lord John's speech was followed by an animated debate. The vote by ballot was omitted in the Reform Bill, which was complained of by several members, Hume and others.

Leave was granted to Sir Shannon to bring in a bill to establish tenant right in Ireland.

Lord Anstry referred to the forcible expulsion of certain missionaries of the free Churches of Scotland from Perth, by the Austrian council, and inquired whether steps had been taken to procure satisfaction for this gross violation of international law.

Lord John Russel was unprepared to answer the inquiry.

FRANCE.

The news from France presents no new features of particular notice.

The Government had put forth a most indiscrete and intemperate article in the *Patrie*, telling electors that they must return Bonapartists to the Assembly, and that if they elected any other, all would have to be done over again.

The Legitimist party will not come forward.

The commercial reports from France were unfavorable.

AUSTRIA.

The Austrian Lloyds states that Potieka, the supposed agent of Kossuth, and Magy Bui were executed on the 5th, by order of the Austrian Court Martial, on the charge of attempting to seduce Hungarian Regiments.

A man named Gosler was executed on the 9th, charged with conspiracy to produce a revolution.

Advices from Constantinople were of a very discouraging character.

The enlightened prime minister of Turkey has fallen by the intrigues of his opponents in the cabinet, he has resigned. The Sultan has by a special decree, appointed Pacha, Grand Vizier.

IRELAND.

Ireland is more tranquil—trade is unusually dull, and there has been a number of failures.

The Atlantic was detained by the ice for some time.

M. Henry's circular quotes breadstuffs nominally unchanged, but a reduction of a shilling on flour, three pence on wheat, and a shilling on corn, must be conceded to effect sales of any amount.

Clover-seed was considerably advanced, and ranges from fifty to sixty shillings.

Rice remained at previous value.

PARIS.—Madame Pauline Joland, disciple of M. Pierre Leroux, and sixty journeymen printers had been arrested.

XXXII CONGRESS—FIRST SESSION.

WASHINGTON, Feb. 26.

SENATE.—The President submitted a communication from the Secretary of the Treasury, enclosing additional information in relation to the Louisville and Portland Canal.

Mr. Rhett announced his intention of replying to the personalities contained in the speeches of Messrs. Clemens and Cass on the compromise made during his absence.

The Senate proceeded to ballot for a Select Committee to investigate the decision and conduct of the late Board of Commissioners on claims against Mexico.

Mr. Soule was appointed chairman of the special committee to examine into the transactions of the late board of Commissioners on Mexican claims.

The Non-intervention resolutions were submitted by Mr. Clark. They were taken up and debated at length, but adjourned without any action being taken.

HOUSE.—The House agreed to the amendments to the bill explanatory of the Bounty Land Law, made in Committee of the Whole.

The bill now provides that the Registers and Receivers of Land Offices, shall each receive fifty cents for his services on each bounty land warrant located by him, to be paid by the person locating the same; this act not to be so construed so as to allow any register or receiver to receive any greater maximum of salary and fee than he is now entitled to receive.

If any officer or soldier, who, if living, would have been entitled to the benefit of the act passed September 28th, 1850, and shall have died leaving no widow, the children of such officer or soldier shall be entitled to the benefit of said act. If there be no children, then the father or mother, or in default of father or mother, the right shall descend to brothers and sisters.

In the event of the death of a commissioned or non-commissioned officer, musician, or private, who shall have made application for bounty land, under the provision of said act, during pendency of such application, any warrant is issued in the name of such deceased applicant, such warrants shall not become void, but shall receive the benefit of those entitled to it, as if said officer or soldier had been dead at the time said act had been passed.

In all cases where militia or volunteers, or state troops, were called into service and paid by the United States, the officers and soldiers of such, shall be entitled to all the benefit of the act granting bounty land, passed September 28, 1850—160 acres are granted to every officer and soldier, regular or militia.

The warrants of 160 acres, as about to be issued, shall be assignable.

The act of 1850 is extended to all naval officers, sailors, flotilla men, and mariners, serving with land troops, in cases where they could not be entitled to prize money.

The bill was ordered to be engrossed, and read a third time.

Pending the question on the passage,

The House adjourned.

DAILY REVIEW OF THE MARKETS.

OFFICE OF THE DAILY MORNING POST.
Friday, February 27, 1852.

REMARKS—During the week just closed the market showed a fair degree of activity, the weather during the first part of the week, was cold and unpleasant, but later in the week the weather was pleasant, and our rivers have been flood high and we have every reason to believe that navigation will now remain uninterrupted for the season. Receipts of Sugar, Molasses and Produce generally is on the increase. In the fore part of the week Flour had advanced and was quite firm, but later advices from Europe by the steamer Cambria, has brought unfavorable advices to breadstuffs, which caused a decline in the market. The Provision market continues firm and tends upward, Coffee has advanced materially in the Southern and Eastern markets, prices here continue to have an upward tendency; Molasses is advancing, prices in New Orleans having gone up; Sugar remains stationery, yet firm. Our quotations may be pretty generally relied upon as correct.

ASHES—The demand for Soda is mainly confined to small lots, to manufacturers. We note sales of about 25 tons, principally domestic at 3¾@4c cash and time; of Pearl Ash sales 18 bbls and casks ranging from 5¼ to 6c, time; of Pot Ash limited sales, at 6¾@6¾, as in quality.—Sale-rate is selling at 5¾@5¾.

APPLES—The market is barely supplied with Green Apples, with sales at 3,00@3,50 ₱ bbl.

ALE—There continues a regular brisk demand for this article. We quote Manufacturers' prices—regular discount off for cash.

BROOMS—The stock is large and prices nominal. We quote at from 75c; $1,00 to $1,25@1,75 per dozen.

BEESWAX—There is but little offering; good lots of Yellow we quote at 21@22c.

BUTTER—Receipts have been quite limited, with moderate sales. We notice sales of roll, at 12@14; 7 bbls at 13@14c; 50 kegs in lots, at 8½ to 10½c. Sales of fresh roll in tubs, at 14 to 16c.
