Manufacturers of Phœnix Fire Proof Safes,
Second street, between Wood and Smithfield.
ON Tuesday afternoon, July 25, 1848, the undersigned were called upon by Messrs. Leg encott & Barr, to witness a severe test of their Safe, and can freely say that there was burning about six hours, and with a heavy coal fire for a quarter past 9 o'clock, and in a short time the Safe was red hot, and continued till half past 8 o'clock, being about two hours and a half, when it was opened to the entire satisfaction of all present, that the time occupied with such heat was sufficient. The furnace was then pulled down, the Safe cooled, and door opened, when books, papers and money safe. The heat was so great as to melt off the brass mountings, the locks, bolts and hinges, rendering them entirely fire proof. [jan20
