Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

ON Tuesday afternoon, July 2, 1851, the undersigned were awarded by Messrs. Lupe, Evans & Barr, to witness an honest and fair test of one of their Phœnix Safes. The Safe was placed in the centre of a room, inside thereof, with books, papers and some money; when the door of the Safe was closed and the fire kindled in a separate part of the cellar, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the committee expressed their satisfaction that the time occupied would be ample, was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money, were found in the Safe as perfect as the smell of the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof.

In calling upon the above gentlemen for their signature, they replied in the highest terms of the fairness of the test, and their full confidence of the Safe's being entirely fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
