Manufacturers of Phœnix Fire Proof Safes,

Second street, between Wood and Smithfield.

Patented on Saturday, July 25, 1846, the undersigned were called upon by Messrs. Lippincott & Barr, to witness an honest test of one of their Fire Proof Safes. The furnace being prepared, the Safe was placed inside thereof, with books, papers and some money; when the door of the furnace was closed and the fire kindled at a quarter past 9 o'clock, and in a short time the Safe was red hot, and continued till half past 6 o'clock, being about nine and a half hours, when the committee expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then opened, the Safe cooled, and door opened—the books, papers and money safe. The heat was so great as to melt off the brass mountings—and it will take pleasure to exhibit one of these Safes to the public, as being, in our judgment, entirely fire proof.

The selling upon the above gentlemen for their signatures, they stipoke in the highest terms of the fairness of the test, and their full confidence in the virtue of Wright & Kier's fire-proof. We have constantly on hand and for sale a full assortment of the above Safes.
