The whig party have discovered that Henry Clay, the great embodiment of their party, is as the next Whig candidate for the Presidency. They have at last accomplished their purpose and induced him, with-almost-hisdying breath to say that he is in favor of PILLMORE. This is the refinement of cruelty and ingrati-

A faithful porirait of a friend gives as pleasure, even while he is fiving, though absent; but when he is parted from us by death, its value is incalculable. We have every facility for taking Duguerreotypes of the largest size produced in this country. And for our ability to produce such, as are at least, unsurpassed, we would appeal to twelve Prizes a wanded us at the Great Fairs—to sttestations of living Artisis—and to the Public Volce, confirming both by a patronage amounting to nearly 50,000 Pictures.

We would respectfully solicit a visit from all (whether dealing pictures or not) at our Gallery, 140 Chesnut st., whether our attrictes personal attention will be given—Pictures at all prices; and put up in every style enther for Case or Frame.
