II. The following was one of the worst of cases which the physicians and friends thought to be incurable consumption.

Chester, Pa., Aug. 22, 1846.

I. C. Ayer,—Sir: I was taken with a terrible cough, brought on by a cold, in the beginning of last February, and was combined to my bed more than two months.—Ceughing incessantly night and day, I became ghastly and pale, my eyes were sunken and glassy, and my breath very short. Indeed, I was rapidly failing, and in sach distress for breath, that but little hope of my recovery could be entertained. While in this stituation, a friend of mine, the Rev. John Keller, of the Meth dist church, brough me a bottle of your Chenax Parteau, which it tied more to gratify him, than from any expectation of the distribution of the months, I am well and strong, and can attribute my cure only to your great medicine.

With the deepest gratitate, yours, &c.
