Denge and Medicines. Dr. De Laney's Ociobrated Curative Iu-The only Infallible Cure for that Dreadful Diseas ing the man for business, society, and matrimony. This Instrument I saimple, comprehending dive, and never failing, and may be use I without the slightest inconvenience of the Enowledge of the most intimate friend—
It is to be used externally, producing no pain or injury whatever, not preventing any one-from attending to his business; and, while in use-nit a single emission can take place, surgerating the organs, in a short time, as the place, surgerating the organs, in a short time, so a stream of the the stream of the thousand of externion, the loss of which, caused by early abuse is the disease for question, and the cause of the thousand concomitions complaints, viz. Nervousness, Prostration Dyspepsin, Pain in the Head and Dimness of Vision Dyspepsin, Pain in the Head and Dimness. g the man for business, society, and matrimony. This Instrument Is simple, comprehen tve, and no commensed by including the condition of those conditions, as the only craim remady existing for those conditions, and has now completely superseded the use of drugs the bough, cauterization, &c., not to mention the thousand advertised noistrums of the day, as rordials, sauddotes, &c., &c. it constitutes, at the same time, the safets, the most pleasant, and by rar the cheapest treatment ever offered to the salicited, a fair price being allowed for the Instrument, after the desired effect has been attained. It has remembered, markings companies are out-little understood by the profession in general, and that all the medicine in the world never has, and never will, stop those losses, which, if allowed to continue un-checked, are sure to produced the most distressing conment, will doubters, in a great measure, controluce to check the evils of quackery, so prevalent in this class of diseases, throughout the Union.

The price of the complete instrument, carefully secured against all observation in a lox, is only 310. It can be sent, by express, to any address in any part of the United Sistes, Canada, &c., according to order, accompanied by full directions, and important advice to the married and single; the expenses, even to the remotest parts of the country, being very triding.

The unexampled success this instrument has obtained since its introduction in America, havinduced some unprincipled persous in New York, Philadelphia, Albany, Boaton, &c., to get up some ridiculous things, called "Instruments," which however, bear Nor Tink Ellourist resemblance, neither in form nor principle, to my own invented, long tried, and universally approved lustruments, and which are as similar to them as night is to light. Every attempt to well such "Instruments" for mine will be prosecuted to the fullest extent of the law, I being not willing to connect the well and honestly carned reputation of my inventions with quacks and their worthlessproductions. No lastrument is genuine and mons can be varianted but those endered from myself. All applications and remittances must be directed (post paid) to the Doctor himself, he having no Agencies established but in London and Faris.

Address, gost paid, Dr. B. de Lancy, 31 Lispenard st., New York.

Office hours, dally, from 9 A M. till 3 P. M., and from 7 till 8 F M., the Subath excepted. And the state of the control of the Dr. Dr. Lank is prepared to execute allorders for sur-gical apparatus, viz: Artificial Arms and Legs, which move like instant members; Apparatus for Luxation; for Contracted Legs; for carvature of the Spine and Walst; for Esise Johns of the Apparatus for Esise Faralytic Legs; for Club Foot; for Lacry and Fistules:

Transportation. Merchants' Partable Boat Line. For the Transportation of Merchandise and Produce (VIA PENNSTLVANIA CANALS AND BAILBOADS), BETWEEN PITTSBURGH AND PHILADELPHIA, PITISHURGH AND PHILLADELPHIA,
Dirict, without Richipping.

IT TIME, TEN DAYS.

PATTON & REVNOLDS,
Depot, 251 Market'st, (near Sixth.) Philadelphia.

Canal Basin, 408 and 410 Poun street, Pittsburgh.

PATENT METALLIC BURIAL CASES.

THE subscribers having recently made arrangements

I with the Patentee of this new and valuable (users, they having been manufactured lieretofore exclusively in the East, where they are superseding the use of wooden coffins, take this method of informing the public, that they are now manufacturing eighteen different sizes of the modern Sarcophagus, varying in length from 22 inches to 64 feet, with width and depth soluble for bodies of ordinary size, and for those who desire space for cushioning, or for bodies of unusual dimensions, have several sizes deeper and wider. This invention now coming into general use, is pronounced one of the greatest of the age. These Burial Cases are composed of various kinds of metals, but principally of iron.

They are thoroughly enametal inside and out, and thus made impervious to air and indestractible. They are highly ornamental, and of a classic form, are light and portable, while they combine the greatest strength which metal is capable of, in a given quantity.

When properly secured with cement they are perfectly air-tight, and free from exhalation of oftensive guess. They cost no more than good wooden coffins, and are better than any other article in use, (of whatever cost,) for transportation, vanits, or ordinary interments, as have been proven by schual experiments, and certified to by some of our most scientific men, also, by the Honorables Henry Clay, Haniel Webster, Lewis Cass, and other distinguished Senstors who have witnessed they merits, and whose letters, together with other evidences of their worth, may be seen at our Agents' Burial Case Depot, No. 374 Main street, three doors above Ninth, where we intend to keep on hand at all times, such a stock of all sizes and degrees of ornament and finish as will sait the most diversified tastes.

We invite the attention of the public, and of Undertakers, particularly; throughout the West, to an examination of the article, and request them not to rely upon the representation of undertakers nof

Formitore, &c. JAMES W. WOODWELL, @ FURNITURE MANUFACTURER, Ware-rooms 97 and 99 Third street.
W. W. respectfally informs his friends and castomers that he has now completed his spring stock of artillure, which is decidedly the targest and bost ever

Furniture, which is decidedly the largest and best evolvered for sale in this City, which will be sold at price as low as any in the City, which will be sold at price as low as any in the City, which will be sold at price as low as any in the City and the case of the materials, best workmanship, and newed designs; and from the extent of his orders and faelli in mu ufacturing, he is bubbled to produce warrant furniture, at the lowest prices.

He has adopted the principle of identifying the cutthours' interest with his own, in quality and price, as keeps always on hand the greetest variety of every decription of furniture, from the chappeassand plainest. He has adopted the principle of identifying the customers' interest with his own, in quality and price, and keeps always on hand the greatest variety of every description of furniture, from the cheapeastand plainest, the most elegant and cosity, that a house, or any part o one, may be furnished from his stock, or manuactarer appressly to order. The following articles consist, in part, of his stock, which for richness of style and finish cannot be surpassed in any of his Eastern cities:

B. M. BIGELOW, PROPRIETOR,
WOULD respectfully inform his friends,
and the public, that he has now one hundred light Vehicles under way of confinished, or nearly so, comprising light no top Buggies,
weight from 200 to 275 pounds; or, top Buggies, trom
325 to 425 pounds. Also, an assortment of Rockaway,
with one or two seats; some fine two-horse Barouches.
The above work will be warranted, and is constructed
from the best material that could be selected in the eastera market or at home; and, attending personally to each
branch of his factory, he feels confident of risking his
reputation on his work, where it is used and not abused.
Persona at a distance, ordering week, through their
friends, or commission merchants at this place, will receive our most serier attention.

ed the use of Wistar's Busam of what was all on my knowledge my father procured it and commenced administering it to me, and from the first day I commenced taking it my health improved and in two weeks I was able to be out and oversee my business, and labor, which I still continue to do. I have taken four bottles of the medicine, and now consider myself portestly well.

of the medicine, and now consider myself porfeedly well.

ANOTHER ASTONISHING CURE!!

Rushwille, Faiffield co. U, 1851.

Mr. J. D. Park—Dear Sir: I wish to state to you that my daughter Amanda, aged 16 years, had about a year since a very severe attack of meastes, which reduced her very much, and left her, with a racking cough. I employed all of the physicians within our reach for the perpose of removing her cough, but without ancess.—She appeared to be sinking into a decline, with every symptom of consomption. I then tried Dr. Roger's Liverwort and Tar. But this aggravated her cough, add gave her symptoms of a still more malignant character, I was now most seriously alauned, and it was with trembling fear that I from day to day saw the progress of that insutiable disease, Consumption. I really despuired of my daughter's recovery. But I providentially saw the certificate of Jonathan Coulson, whose daughter, Sarah Jane, was cured of Consumption by Wistan's Bulsam of Wild Cherry. This oreated a faint hope that it might help my daughter, and I immediately commenced using it, and it almost instantly gave relief. I Her health was improved from the first bolile, and by the use of two bottles of Wistan's Balsam of Wild Cherry the was restored to perfect health, and she is not now at all predisposed to a cough. I will say to all that are afflicted with any disease tending to Consumption, do not despair, for Dr. Wistan's Balsam of Wild Cherry will core you if you will that try it.

Dr. Wistar's Baissin of Wild Cherry Will core you live you will but try it.

ANOTHER ASTONISHING CURE!

Will miracles never cease T. More evidence of its surpassing health-restorative virtues.

(From Dr. Baker, Springfield, Washington co. Ky J. Springfield, Washington co. Ky J.
