FROM THE SPIRIT WORLD.

A year or two ago we published a considerable amount of matter, purporting to be revelations from the Spirit World, merely to oblige some friends who were zealous believers in the "rappings," without expressing any opinion of our own.

In the matter of opening Hancock street, a most extraordinary article has just been published in the "Legislature" and the public a brief statement of the facts of this unprecedented attempt to legislate away private rights.

At the session of 1850 a number of petitions were presented, of which the following is a copy: "We, the undersigned, petition your Honorable body to open Hancock street from Penn to Liberty streets, in said City."

The Memorial of the undersigned, citizens of Pittsburgh or owners of Real Estate therein, respectfully represents that, owing to the interference of the said City, no one of the streets connecting the streets of Liberty and Allegheny Rivers, as of said streets might have been opened.

These petitions, the originals of which are now in my possession, were presented in Senate on the 10th of March, 1850, and were passed by the Senate on the 15th of April, 1850.
