MONDAY MORNING The River was falling on Saturday, but the raising it again. There were ten feet water in diately. the channel yesterday evening. Business was not very busy on the wharf on Saturday. Large amounts of sugar, molasses, lard, &c., were discharged from the steamers in port. The Keystone State is the regular Cincinna packet for this morning. Costs .- Anthony Hartz was committed by the Court, on Saturday, for costs. The River and Weather-High Water .- The river was rising quite rapidly yesterday, with fully 161 feet water on the Falls last evening.— During the previous 24 hours the river had risen fully 3 inches per hour which es per hour, which is a more rapid rise at this point than we have ever known be-fore. The weather yesterday was cool and clear. The wharf is nearly all covered by the river, and the water was within 4 feet of the Third street bridge, which is a much higher point than it had attained before this season. The Kentacky river was falling yesterday, an it is expected that the river will commence falling here before the Pittsburgh rise comes down: If it does not, a very high water may be expected, and all the houses along Water street will be included.—Louisville Courter, 7th. SUNDAY WORK. - The following preamble and resolution were adopted by the Typographical Association, on Saturday evening last, in relation to Sunday work:-WHEREAS, under existing circumstances, it Association for the common good, therefore Resolved, That in accordance with the princi-ples set forth in the "Declaration" recently issued under the sanction and by the authority of this Association, and in conformity with the resolutions therein expressed, we hereby give one and all, cease to do any work whatever, is any printing office in this city, from 12 o'clock on Saturday night until 7 o'clock on Monday A declaration was also signed by all the jour neymen printers, pledging themselves to longer work on the Sabbath. The Great Fire. - As usual on the return of the 10th of April, an alarm of fire is raised, about the same time in the day, that the destructive conflagration broke out, which proved such a serious drawback to the prosperity of our city. There are but few vestiges of that event now left, all of the lots, with but very few exceptions have now better houses on them; than when the fire of 1845 laid the city in ashes. The lots that have nothing but ruius on them are fast disappearing, and in the place of unsightly masses of rubbish and bricks, fine warehouses are being built. But there are a few more vacant lots left, in the most business parts of the city which should, ere this, have presented a different appearance from what they now do. Theatre. - Mr. and Mrs. BARNEY WILLIAMS, ap pear at the Theatre this evening. This announce ment will doubtless attract a large audienc re. as both Barney and his accor are great favorites here: In the line of Irish characters in which he appears, Barney William has no superior on the American stage, -and his lady, in those light and sprightly characters which she so admirably represents, is without an equal.
"The Pilgrim of Love," will be presented tonight, in which Barney will uppear as rollicking, complete the bill. Catherine Hayes .- This celebrated songstress will be with us in the course of the week. We see it announced that on next Thursday evening she will give a concert in this city, assisted by some of the best performers in the country. The Louisville papers are in raptures in regard to Miss Haves, or d in Cincinnati, where she is now singing, s'as carries every thing by storm. We will give her a welcome here that her tale ats and virtue's well deserve. June's Circus, -This is one of the best establishments of the kind in the Union, and will, doubtless, be well attended by persons who are fond of seeing manly and equestrian performances by the very first artistes in the country. A new feature is a corps of female equestrians, headed by Mile. Tourniaire, the celebrated Parisian performer in the arens. The Circus Will open on Wednesday, not Monday, as has been stated.

The Weather on Saturday was beautiful. The lay was warm, the streets dry, and the pavement thronged with promenaders, enjoying the genial warmth of the sun. But how changed, esterday morning: the streets, as if by magic, had resumed their muddy exterior, the rain poured down all day, and the town appeared leserted—every person stayed at home. SPRING CAMPAIGN! Corner of Wood and Water Streets, Pattaburgh, TAVE just received an extensive stock of Elegant II and Useful Goods, rousisting of CLOTHS, CASSIMERES and VESTINGS, of the very fineal materials, and the most rich and varied patterns. These Goods have been all selected by the proprietors themselves, with great circumspection. Nothing new or unique in the line of dress has yet appeared, in the Eastern cities, that Callaghan & Co., have not secured in large quantities for their nomerons customers. The whole of this large stock has been PAID FOR IN CASH, and were consequently obtained at Low Artis. The public should bear this important fact in mind, inasmuch as it will enable them to purchase at lower prices than they have been in the babit of paying for their wardrobes at other establishments. This magnificent stock consists in part, of FRENCH, ENGLISH and AMEGII-CAN-CLOTHS, selected with an eye to darability, as well as to beauty. The stock of CASSIMERES is in perfect accordance with the other, both in quality and cheapness, while the rich, and we may say gorgeous display of SUPERB VESTINGS, challenges investigation, and comes up to the refined taste of the most experienced customer.

absurd and inconsistent ONE BOTTLE SYSTEM; while its success, prepared in this manner, (each bottle containing a different preparation), in curing the different stages which characterize Contimption, has each lished the welcome truth of the Curability of certy stage of Pulmonary Consumption.

Physicians approve of it because it is based upon correct Physicological and Fathological principles. The public approve of it, because it is Common Sane, and because they know from sad experience that one preparation will not cure the three stages of Consumption.—
The suffering, disappointed and discouraged invalid approves of it, because its principles hold out a reasonable cope, and when he uses Nutall's Syriacum, his hopes are realized. Sope, and when he uses Natall's Syriacum, his hopes are realized.

If he is in the first stage of Consumption, and uses the first bottle, his expectoration, difficult and painful, becomes free and eavy, his cough soon gets well; the soreness, tickling in his throat, tollammation, pain in his breast, side, head, back, joints and timbs are removed. If he is in the second stage and uses the second bottle his fever leaves him, his disturbed slambers become sweet and refreshing; his night sweats vanish; his expectation copicus and bloody, assumes a healthy appearance, and at length disappears; his bowels become regular; his appetite returns; the flush in his check disappears; the burning heat in the palms of his hands and soles of his feet are fell no longer; his cough. hands and soles of his test are test no longer; inscenga-now ceases; he recovers and is well.

If he is in the third stage, and uses the third bottle, his Diarrhwa gradually ceases; his weak howels become strong; his cough and other bad symptoms disappear; (ceble digestion becomes strong and vigorous; his stomach recovers its proper tone, and creates new, rich and non-thing blood; his strength returns; his wasted body is clothed with flesh; his Life is saved, and he is restored to health. body is clothed with flesh; HIS LUFE IS SAVED, and he is restored to health.

Each bottle of Natall's Syriacum has the Symptoms of the stage for which it is intended printed in front of the wrapper, whereby every invalid, knowing his own symptoms, can judge for himself, WHICH BOTTLE HE REQUIRES; consequently no mistake can occur in selecting the proper medicine.

See Pamphlet in possession of the Editor of this paper, containing Dr. Nutall's Pathology of Consumption.—Lectures on the stricture and uses of the Human Lungs, and certificates of cures.
