Charge-1y Consumption of the Lungs Symptoms.—When Consumption commences its work upon the Lungs, in its usual form, the first symptom is a Cough. As the disease advances the Cough becomes much more frequent, and is attended with the expectoration of matter, which is sometimes coloriess, but as others, assumes a, yellowish or greenish hue, and will often be found mixed with stream of blood. After the Cough has continued for a time, the pattent will experience.

After the Cough has continued for a time, the patient will experience some difficulty in breathing, accompanied, perhaps, with a pain in the chest, and frequently, in one or both sides. This patient will be subject to a hectic tever and alternate fleshes of heat, frequent cold bhills, and often with copious night sweats.

Those threatered with Consumption, should then in mind that 'Wistary's Balsam of Wild Cherry 'Lia the remedy that has performed cures of Consumption that were throught almost mirraculous—cures, which have as tonished the medical world, and brought the bloom of health to many a pallid cheek, and joy and gladgess to many a despairing bosom.

istion to the facts there set forth.

"I had been afflicted several years with a soreness of both eyes, which continued to increase until last Soptember, (1830), the Inflammation at that time having involved the whole lining membrane of both eyes, and the deposite of a thick film, which wholly destroyed my sight. I had an operation performed, and the thickening removed, which soon returned and left me in as bad a condition as before. At this stage of the complaint I made application to several of the most eminent medical men, who informed me that "my eyes would never get well." Aftirs time I could not distinguish any object. By the navice of some friends I commenced the use of the Petroleum, both internally and locally under which my eyes have improved daily until the present time, and I have recovered my sight entirely. My general health was very much improved by the Petroleum, and I attribute the restoration of my sight to its use. I reside at No. 102 Second street, in this city, and will be happy to give any information in relation to my case.
