Daily Morning Post.

FRIDAY MORNING.....APRIL 23.

Bishop O'Conner's Lecture.—The lecture of Bishop O'Conner was well received by a large audience, at Masonic Hall, on Wednesday night. The lecture was very eloquent, and marked with deep research, and a fine vein of sarcasm pervaded portions of it. The delivery of the Bishop was very good. We are sure that nothing but good can arise from the friendly discussion which has arisen between Bishop O'Connor, and Professor Magill and Professor Jacobus, on the interesting questions, which they profess to treat of.

Rich Scenes.—Despite the suffering which the late high water occasioned, there was a great deal of sport in many parts of the overflown region. Particularly was this the case on Federal street, in Allegheny city, and in the Fifth and Ninth Wards of this city. Persons were engaged during all the time of the high water in ferrying the people across two or three hundred feet of Federal street, which was under water—the price was first two cents, then three, after which they charged five and six, and before midnight these Shylocks charged a dime. One man we noticed particularly; he had a horse—a perfect Rosinante—tacked on before a wagon, which could by no possibility carry anything not possessing an adhesive quality. The three—the horse, wagon and man, we mean—employed themselves as long as enough water remained for them to procure a passenger, charging, at the same time, for a passage in their rickety machine, the above rates. Besides this, there were flats, rafts, boats, and every thing capable of floating on the top of the water, or of carrying a passengers. But many were the adventurous persons, who, without paying proper attention to the state of their craft, by an unlucky veer, or striking some unseen hydrant or barrel, were precipitated into the water—but, it is no matter, the water *was* very cold.

The rise of the waters has also changed the location of many things. We seen tremendous pine stumps, which looked as if they had, in their prime, ornamented the primeval forest of Potter and M'Kean, placed alongside the doorways of our city mansions. We noticed a raft, which just fitted itself across one of the lower streets, and formed an excellent walk over mud and filth. A small flat boat was lodged on a portico, and skiffs and yawls found their way into the basements of some of the dwellings near the river.

A Nuisance.—Three of our Cincinnati packet steamers, the Cincinnati, Keystone State and Allegheny, are lying at the wharf in this city, at present, having been unable to make their regular time, and are thereby compelled to lay over a week, in order to go out on their regular days. The cause of this detention can be easily surmised. The Wheeling Bridge is the reason these steamers are obliged to stay in port a whole week, thereby causing the owners of the boats to be at a loss of both time and money, and compelling the traveling public to wait until the river is low enough for our boats to pass under the bridge. Besides the detention of some of our steamers above the bridge, the Brilliant has been detained below Wheeling, so that she can not go out on her regular day either, and the Pittsburgh was also detained beyond her usual time of arriving at this port, 24 hours.

The Mother Superior of the order of the Sisters of Mercy, JOSEPHINE CULLEN, died yesterday morning at the Convent, on Webster street. She was a near relative of the present Primate of Ireland, Archbishop Cullen. She was highly educated, and much esteemed by the sisterhood and her extensive acquaintance, for her many amiable qualities. The funeral will take place from the Convent of the Sisters of Mercy, on Webster street, this morning at ten o'clock.

Putnam's Semi-Monthly Library.—Miner & Co. No. 33 Smithfield street, have just received No. 7 of the above popular work, containing "Claret and Olives, from the Garonne to the Rhone; or, Notes, Picturesque and Legendary, by the Way." By Angus M. Black. With wood cuts. Price 25 cents, or $5 a year. They have also received "The Corsican Brothers," a dramatic romance in three acts and five tableaux. Adapted from the romance of M. Dumas by Wm. E. Grange.

The Board of Directors of the Farmers' and Mechanics' Mutual Health Association, have resolved to extend relief to members of their association who have suffered by the late flood, in this city and vicinity. The members are invited to call at the office, and present their difficulties, that the Board may examine, and give the necessary aid to restore them to comfort.

Odd Fellows.—There is to be a procession and supper of the I. O. of O. F. in Wheeling, on Monday, April 26th. Besides this, there will be an original poem read and oration delivered, after which the company will adjourn to partake of the good things provided for them. We understand that a large number of members of the Order from this city will be present.

Too Fast.—The Wheeling Argus states that the water was eleven feet higher, in this city, by the late flood, than in 1832. This is what the Colonel would call a little *previous*. The water wanted nearly three feet, by the mark on the old steam mill at the Point, of being as high as it was during the memorable flood of '32.

Surety of the Peace.—A man named John Call, laid information before Ald. Lewis yesterday, charging a woman, by name Sarah Dolan, with threatening to put a period to his existence, by means of a butcher knife. Sarah was held to bail, in the sum of $300, to keep the peace towards all citizens of the Commonwealth.

The Water Works.—Pursuant to notice, our citizens were restricted in their use of the "sparkling beverage." The water works yesterday, had a great amount of water in them, but pumps were being rigged up, which we hope, will in a few days, have the effect of giving us our usual supply.

An Owner Wanted, for a valuable gold hunting watch, which Mayor Guthrie has in his possession, supposed to have been stolen. The watch is of French make, extra heavy, stamped 1,279, and 10,919, and the letters C. F. B. in diamond—made by Goutard & Co.

Mr. Van Amringe's fifth Lecture will be delivered this evening at Philo Hall. Subject, "THE REMEDY FOR SIN, AND THE SAFETY OF NATIONS," a true, earnest belief in Christ, and doing his works in all relations of life. To commence at half past 7 o'clock.

Side Walks.—One of the greatest annoyances of the recent high water, is the sinking of the pavements on the streets which were overflowed. They should be repaired as speedily as possible, as pedestrians at night will stand in danger from them.

Sunk.—A coal boat, containing 50,000 bushels of coal, was sunk last week, by being run into by the steamer Midas, near Kentucky river. The boat was owned by Mr. S. Clark, of this city.

A Large Stock of fine silks, dress-goods, shawls, &c., will be sold this morning at ten o'clock, at Davis' Auction Rooms, by order of O. H. Rippey, Esq., Assignee.

Commitments.—Mayor Guthrie committed seven persons for drunkenness and vagrancy, yesterday. Mayor Fleming, of Allegheny city, one, and Alderman Major one.

Prompt.—We see that a squad of men are engaged in cleaning the upper wharf, from the mud and dirt, deposited there by the late rise.

COURT OF QUARTER SESSIONS.

THURSDAY, April 2.

On the Bench—Hon. Wm. B. M'Clure, President Judge; and Wm. Boggs, Esq., Associate Judge.

The case of the Commonwealth vs. Henry Kluggett was continued this morning. It was announced that Mr. Shafer, one of the counsel for the defence, could not be present, on account of sickness in his family, and the Hon. Wilson M'Candless took his place.

The Commonwealth offered rebutting testimony, relative to the character of witnesses for the defence; after which, the testimony for the defence was gone on with.

E. P. Jones, Esq., opened the argument for the defence, and was succeeded by Mr. M'Candless, who addressed the jury in an eloquent manner.

F. C. Flanegin, the Prosecuting Attorney, addressed the Jury in a speech of an hour and a half in length, marked with force and soundness, after which, at 3 o'clock, the Jury retired.

Commonwealth vs. Hugh M'Gugar. Indictment, keeping a tippling house. The prisoner was found guilty, but recommended to mercy.—He was sentenced to pay a fine of $20, and the costs of prosecution, and in default was committed.

The Court met last evening to receive the verdict of the Jury, in the case of Klaggett.

The Jury found the prisoner Guilty of Murder in the Second Degree.

Coal.—We learn from the Allegheny *Enterprise*, that the flood has caused a great scarcity of coal in that city. A number of the coal banks on the Monongahela river are damaged very much,—the railroad tracks in some places being entirely swept away. The small amount in flats at the Allegheny Wharf commands an enormous price, and is only sufficient to meet the demands of regular customers. A large amount of coal is now required by the inhabitants of the First and Fourth Wards of Allegheny, to enable them to "warm up" their dwellings previous to re-occupying them.

Coroner's Inquest.—Coroner Arthurs was called on Wednesday last, to hold an inquest, in Robinson township, on the body of Daniel Shinney, a young man aged about eighteen years, who fell into Charliers Creek, and was drowned. The Jury returned a verdict, "that Daniel Shinney came to his death by accidental drowning, while he was returning from the river to his father's house in a state of intoxication." Another victim to intemperance.

Theatre.—As a mark of the approbation with which our citizens feel towards those talented artistes, Mr. and Mrs. Barney Williams, they have tendered them a complimentary benefit, which is to take place this evening. Barney Williams is undoubtedly the best representative of the genuine Irishman now on the American stage, and his wife is not to be surpassed as a delineator of Yankee character. To-night Barney appears in three of his best pieces, and Mrs. Williams in four.

Tremedous Land Slide.—A land slide occurred yesterday, on Coal Hill, below Jones' Ferry.—By a slide in the hill, the extensive vial manufactory of Lorenz & Wightman was carried away. It was feared that a great amount of damage would be done before morning, as the earth was becoming detached from the rocks, and threatened the destruction of the window glass factory belonging to the same firm, also a school house and a row of brick houses.

The River.—There were 2½ feet water in the channel last evening. The river has again got down to a good navigable stage. Business on the wharf was not very brisk—there are many boats, however, up for the south and west at present, and good opportunities are offered for persons going in that direction.

Pennsylvania and Ohio Railroad.—In consequence of the washing of the embankments near Rochester, the cars cannot run on the track. A strong force is employed in repairing the road. Between New Brighton and Alliance the road is in good order, and the trains run regular. The accommodation train left Allegheny yesterday, and proceeded as far as Sewickley station.

The Circus is advertised to stay three days more,—positively the last. The weather for some time past, has not been of that kind which will crowd an out-door amusement, but nevertheless, this Circus will well repay a visit.

There will be an afternoon exhibition to-morrow. Parents can avail themselves of it, and take their children.

Cross Suits.—A Mrs. Long laid information, yesterday, before Mayor Guthrie, against Elisabeth Clark, on a charge of surety of the peace. Mr. and Mrs. Clark afterwards brought suit against Mrs. Lang for assault and battery. The Mayor held the lady to bail in the sum of $450.

Held to Bail.—Geo. Proudley, of the first ward, Allegheny city, was brought before Mayor Fleming, yesterday morning, on a charge of selling liquor without license. He was required to give bail in the sum of $200 for his appearance at court to answer the charge.

Hartley's Ice.—We mentioned yesterday, that Mr. Hartley's Ice House was overflowed in the upper part of Allegheny city, by the flood; but, notwithstanding this, Mr. H. has enough of this luxury in his several ice houses to last two summers.

Alderman Major yesterday, held Christiana Wolf to bail, in the sum of $500, to appear at his office on Saturday for a further hearing, in the case of Miller, who charges her with having stolen a gold watch from him.

Omitted.—We omitted to state before that the jury returned a verdict of *Guilty*, in the case of the Commonwealth vs. John Bissel, jr. and James Nutt, who were indicted for conspiracy.

Quick Time.—The Pittsburgh made the run from Wheeling to this city in nine hours and fifty-four minutes, including seven stoppages.

Postponed.—The sale of lots of the estate of Ross Black, Esq., deceased, will come off on next Saturday, the 29th inst., at 2 o'clock P. M.

Monsieur Adrien at Masonic Hall, to-night, will perform those surprising feats of magic that nightly draw good houses.

Reel & Callow, have received No. 7 of Putnam's Library.

The Pittsburgh is the regular packet for Cincinnati this morning.

☞ FRESH OYSTERS received daily by Adams' Express, at the WAVERLEY HOUSE, Diamond Alley.

TELEGRAPHIC NEWS.

BY THE O'REILLY LINE.

XXXII CONGRESS—FIRST SESSION.

WASHINGTON, April 22.

SENATE.—A communication was received from the President, inviting the attention of Congress to the state of affairs in Oregon, relative to the controversy as to the seat of government. He recommends that Congress would declare by law the seat of government for that Territory.

Mr. Broadhead offered a resolution, inquiring into the expediency of increasing the salary of the District Judge of Western Pennsylvania, which was agreed to.

The apportionment bill, fixing the number of the representatives of California and South Carolina, was taken up. The question pending was on the amendment giving Louisiana a representative for her fraction of population—which was rejected.

Mr. Bradbury offered a substitute for the whole bill, fixing the apportionment as at present provided for, giving S. Carolina the member for her fraction, and adding a member to the whole number, making it 234, the additional member being given to California. Agreed to, and ordered to be engrossed.

The Deficiency Bill was then resumed, the pending question being on granting further aid to the Collins line. Mr. Miller advocated the additional appropriation for the support of the Collins line; he showed that the loss of the line now was $10,928 per trip, or nearly $400,000 per annum, and said that if an additional appropriation was granted, the line would still lose some $3,000 per trip. He urged the importance of sustaining the Collins line, as soon the route of the great East India Mail must be by the Isthmus of Panama and the Pacific, and either the Collins line or the Cunard must bring this mail across the Atlantic. If the Collins line goes down, then Great Britain will be the great mail carrier of the world.

Mr. Seward got the floor, and the amendment was passed over informally.

Mr. Borland moved that the laws and advertisements of the government be published hereafter in one paper of each congressional district, one paper in each Territory and four papers in the District of Columbia, the largest weekly circulation always to be chosen. The Senate then adjourned.

HOUSE.—The bill reported yesterday bringing into market certain lands heretofore part of Arkansas, and for the location of military claims on account of the services of soldiers in the war of 1812 was passed.

Mr. Ashe, from the committee on elections reported on the contested election case of H. D. Wright against Henry M. Fuller of Pennsylvania, and declaring Mr. Fuller not entitled to the seat he occupied.

The House went into Committee of the Whole on the Homestead Bill, which was debated by Messrs. Mullooney and Southerland, the former in favor and the latter against the bill. The House then adjourned.

WHEELING BRIDGE.

WASHINGTON, April 22.

The lower House of Virginia have passed a resolution requesting Congress to take such constitutional measures as will prevent the removal of the Wheeling Bridge, and instructing the Attorney General of the State to ask from the Supreme Court a stay of proceedings until Legislative action can be had. A subsequent resolution says, that in the event of the refusal of Congress and of the court, to comply, the State will not be bound to acquiesce in the removal of the Bridge.

NATIONAL THEATRE BURNT.

BOSTON, April 22.

The National Theatre was destroyed by fire this morning. It was an immense wooden structure, owned by William Sobier, and under lease to Wright & Fenno.

PENNSYLVANIA RAILROAD ELECTION.

PHILADELPHIA, April 22.

The balloting by the Stockholders of the Pennsylvania Railroad, on the question of a subscription to the Ohio and Pennsylvania Railroad, stands, yeas 16,078; nays 1,977.

NEW YORK, April 22.

The Isabela arrived from Rio, being 37 days on her passage.

Henry Williams and Charles Tabor, of New Jersey, died of yellow fever on the passage.

There had been large importations at Rio, and the stocks were accumulating. The government had decreed a reduction of anchorage dues for foreign vessels to 300 reils per ton, to take effect after the first of July next.

There had been a large business done in coffee for the previous three weeks, although fine coffee was scarce. Freight dull; the last vessels, of 5,000 bags capacity, were chartered to New York for the round sum of 1,500.

BALTIMORE, April 22.

There has been great destruction of property by flood along the Potomac River. A number of houses have been swept off, and two families consisting of eleven persons were drowned near Hancock, and the Chesapeake and Ohio Canal has been greatly damaged. It may not be repaired for a year.

WASHINGTON CITY, April 22.

The gallows is being erected in the jail-yard, for the execution of Wills, the Marine, for the murder of Mundell, a youth. The murderer is composed, and prepared to meet his fate. The exertions made to induce the President to commute the sentence, have hitherto been unsuccessful.

BALTIMORE, April 22.

The New Orleans mail brings intelligence from Texas that fears were entertained in Washington county of an insurrection among the slaves.

WEEKLY REVIEW OF THE MARKET.

OFFICE OF THE DAILY MORNING POST,
Friday, April 23, 1852.

The weather since our last review has been extremely disagreeable and unpleasant. Since Saturday last, the weather was such as to almost entirely suspend business. It turned to rain on Saturday morning, and continued so until Wednesday morning, which caused in our rivers the greatest flood known for many years—the destruction along the river is immense. The lower parts of our two cities were almost entirely inundated. Many of our merchants on Water and Wood streets, were compelled to remove their goods, &c., out of their cellars and first floors, to the upper stories. This caused a confusion in business, from which it has not yet recovered. Our markets continue firm. In Bacon there is a further advance, particularly in Sides and Shoulders, as will be seen by reference to the proper headings.

ASHES—We have no change to note in Ashes, but continue to quote Soda at 3@3½ cash and time. Pearls at 4½@5. Pots 4¾@4. Saleratus 4¼@5.

APPLES—The market is barely supplied with Green Apples, with sales at $3,50@4,00 ₱ bbl.

ALE—There continues a regular brisk demand for this article. We quote Manufacturers' prices—regular discount for cash.

Bavarian Beer, per bbl	$6 00
Common, per bbl	6 00
XX do	8 00
XXX do	9 00
Common, half barrels	3 50
XX do	4 00
XXX do	4 50
Common, qr barrels	1 75
XX do	2 00
XXX do	2 25

BLOOMS—The demand for Blooms continues limited, and principally confined to small lots to manufacturers; we quote $4@4,25 per ton.

BUCKWHEAT FLOUR—The season for this article is about over, and very little demand; we'd prefer quote nominal at $1,37½@1,50 ₱ 100 lbs; by the sack 75@ 87½ cents.

BROOMS—The stock is large and prices nominal.—We quote at, from 75c, $1,00 to $1,25@1,75 from store.

BEESWAX—There is but little offering; good lots of Yellow we quote at 22@24c

BRAN—Scarce and much wanted; small white would readily command $1,75; mixed $1,25@1,50.

BUTTER—The market since our last has been better supplied, and prices declined. Sales were made at 16@ 22c for good roll; in keg we have no transactions worth noticing.

BULK MEAT.—Supplies since the date of our last review were light, and the sales made since then show an advance; we note sales of 60 lbs at 5½; 50,000 lbs at 5¾ to 6c and 30 days, interest added; 25,000 do sides 5½.

LARD—The market has been firm, and a further advance has been obtained by holders. The sales are as follows: as near as we could gather them. Sales 15,-000 lbs Bacon, H. R. at 5¾; 50,000 sides 5¾, cash; 1,000 shoulders 5; 10 casks do 5¼, and 81 25 for packages; 17,000 lbs shoulders at 5; 15 000 sides 5¾; 1 000 lbs hams and sides at 6½@7½; 20,000 sides at 5¾; 25,000 sides and 3,000 shoulders 5; 22 000 do 5½; 25 tierces Evans & Sells sugar cured hams at 10½@11; 2,500 lbs shoulders 5¼; 1,000 lbs hams 9½; 500 sides at 10; 7,000 plain hams at 9½@10; 1,000 lbs hams 10; 700 do shoulders 9; 10 bbls shoulders 5½, with an offer of 10c, 1 bbl for 20c; 30 do hams, and declined. The Cincinnati and Louisville markets are firm. The following will show the Baltimore market of last week:

BACON—The animated feeling which prevailed for this article has not with no reserve, but gathered more strength, and a further advance has been realized. The demand has continued uninterrupted, but the sales have been to a moderate extent, the principal cause for this is reason that the stock is very light, and in view of the rapidly advancing state of the market, parties have been slow about selling to arrive; unless at rates above the views of buyers. We note sales of 13 hhds shoulders at 5½; 75 hhds and 30 000 lbs do at 5c; 100 hhds do 5½; 75 hhds sides at 10c; 125 hhds do at 10½; 150 hhds do at 10¾; and 10 hhds do at 11c; 25,000 lbs Sides at 7¾c; 4,000 plain Western hams at 10½; and 500 Queen City Hams at 11¼@12c.

COFFEE—The market continues firm, and holders manifest a disposition to ask higher rates, in consequence of a stiffness and more activity in the eastern market. We note sales of 250 bags in lots at 10½@11. In Philadelphia on Saturday last pr cars were firmer.
