Schools for Colored Children. The necessity of these institutions has for ong time engaged the attention of many of our the 17th last. izens. It is a matter for the serious consideration of our tax-payers, and we believe it i their duty to recommend to the School Directors the organization of schools at once. It is much cheaper for the people to build school houses and pay teachers, than to erect massive jails and gloomy penitentiaries, and support expensive courts, to make convicts of those who, in many cases, have become criminals through neglect to attend to their moral culture at an early time of life. We believe that our School Directors are to blame, in part, for the vicious habits of a 4th of July. portion of our colored population. If they would give them an opportunity for early education, the string of police reports that appear in the York, and were welcomed by the firing of canpapers every morning would be much curtailed, and the country benefited to an immense extent. Although a large portion of the colored citizens pay taxes -- some to amounts exceeding a hundred dollars, yet they never had the favor of a Public School. This deprivation may be, and

we believe is, an oversight; but we hope the evil will be remedied at once, and that even-handed justice will be done them. II IN PENMANSHIP, CARD WRITING AND BRAWING under Mr. J. D. WILLIAMS, and Mr. F. SLATAPER, and in all the higher branches of an English and Classical Education, under Mr. P. HAVDEN. Dyspepala, or Indigestion, is that kind derangement of the stomach which interferes with rversion of the food into chyle. The Symptoms of Dyspepsia are: loss of appetite, names, heart-hurn, flatalency, self, fatid or inodorou

The Symplems of Dayseysia are: loss of appetite, maisea, heart-burns; flautiency; seid; femid or intedorona eructations, u gnawing sensation in the stomach when empty; great costiveness, chiliness, puleness of the countensace; hispooir; lassitude, unwillingness to move about, lowners of spirits, palpitations of the heart, and disturbed sleep. These symptoms vary in different in dividuals and constitutions and in many cases bring on tidney disease, drops, liver complaint, and a debilitated condition of the whole body and a shattered state of the nervous system, that renders life burdensome.

**Dr. Raddiffe's Alkaline Digestipe Bilars are peculiarly adapted to the deranged condition of the stomach above alluded to, and if taken perseveringly, will restore it to a healthy condition. These, Biletca ner made of some of the most valuable maic als of the Materia Medica, and are prepared in a peculiar manner, known only ho the propeletor. They do not contain any particle of all-cohol; and are perfectly safe in their operation on the human system. The most inactive and deprived condition of the stomach is other relieved by one bottle—all owners, wind, pain, and depression of spirits, are entirely removed. How can a man be in health when that great reservoir is diseased. Correct the morbid state of the stomach by taking these Bitters, and Dyspepsia, with all its grim horrors, will ifly from you.

We have known instances within the spiere of our acquaintance, where the most formidable distempers have been cured by the use of Guyzoll's Extract of Vellow Dock and Saraparilis alone.
It is one of the few advertised medicines that cannot be stigmatized with quackery, for the "Yellow Dock" and the "Saraparilla" are well known to be the most efficient, (and, at the same time, innoxious) agents in the whole Materia Medica, and by fur the best and purest preparations of them is Dr. Gwyson's Yellow Dock and Saramarilla. UP Consumption of the Lungs-Symptoms—When Consumption commences its work upon the Lungs, in its sual form, the first symptom is a Cough. As the disease advances the Cough becomes much more frequent and is attended, with the expectoration of matter, which is sometimes colorless, but at others, assumes a yellowish or greenish hue, and will offen be found mixed with afreads of blood. After the Cough has continued for a time, the patient will experience wome difficulty in breathing, accompanied, perhaps, with a pany in the chest, and frequently, in one or body sides. The patient will be subject to a hectic lever and alternate flushes of hent, frequent cold chills, and often with copious light sweats.

Those threates ed with Consumption, should bear in mind that Wistar's Balsain of Wild Cherry is the remedy that has performed cures of Consumption that were thought almost miraculous—cures, which have astonished the medical world, and brought the bloom of health to many a pallid check, and Joy and gladness to muny a despairing borom.
