It has been a matter of surprise to some, that any one of respectability and of professional attainments should devote his attention to discases which people of every description pretend to cure so ésaily. If, however, but the one thousandth part of the inseries these people bring upon society were known, a very different opinion would be formed. And it is not only the present misery and dejection, preying on the mind as well as the body, that is deplored, but some are. of such a nature us to affect posterity, and even to decroy the reproductive faculty, altogether. It is a fact that, when not properly treated, they may remain so dormant in the constitution as to ap-pear in no other way than in their effects upon posterity yet, if properly understood, are most caulty and geneedic

The unexampled success this lataroment has obtained since its introduction in America, has induced some un-principled persons in New York, Philadelphia, Albany, Boston; &c., to get up some ridiculous things, called "Instruments," which, however, bear nor rux subur-Esr resemblance, neither in form nor principle, to my own invented, long tried, and universally approved in-struments, and which are as similar to them as night is to light. Every attempt to sell such "Instruments" for ming will be prosecuted to the fallest cuttent of the law, I being not willing to confect the well and honestly earned reputation of my inventions with quacks and their workless productions. No Instrument service and none cun be voarranted but thess ordered from myself. All applications and reminances must be directed (post paid) to the Doctor himself, he having no Agencies suablished but in London and Paris. Address, post paid, Dr. H. de Laney, 51 Lispenard st., "New York."

New York, December 15th, 1651. I have analysed a sample of MANCHESYER MIN-ERAL PAINT, for PYDER& Ford, and find it to con-tain the following : Silita, 67,21 Alumina, 5,34 Per Oxide of Iron, 18,41 Lime, 63 Magnesis, 24 Oxide of Manganese, 11 Water and Loss, 8,00

mar31

100,00 The Powdered Sample, contained in the box, which I suppose was the one you desired also to have analysed, I find to differ from any average of the lumps powered, and mixed together. This inst yields as follows? Per Oxide of Iron, 59,50 Silles and Alumina, 53,00 Lime, 68 Marnesia, 16 59,50 - 33,00 ,89 - ,16 7,96 Lime, Magnesia, Waler and Loss,

100.00
