If such a system could be adopted here it would be productive of good there has always seemed to us an attraction between a specimen of the genus homo calle loafer and a fire plug, which would be dispense with by the substitute of the plate.

Passing Counterfeit Money .- A man named Solomon Miller was arrested on Friday, charged with attempting to pass counterfeit money on a gentleman residing on Fourth street. The counterfeit money, of which he had about \$80 in his possession, was all composed of two's on the State Bank of Ohio, and were very well executed. He was committed for a further hearing on Saturday, when he was discharged on giving \$600 bail for his appearance at court.

Honor to whom honor is due .- A meeting of the friends of John Ferral, of this city, now on his way to California, was held at the Exchange Hotel, in Philadelphia, on Monday last, for the purpose of bidding him farewell. Mr. F.'s friends were very enthusiastic, and resolutions passed the meeting strongly tinged with his peculiar views. Truly, a prophet is more honored abroad than at home.

Singular Malformation .- A colt was foaled recently, on the farm of Joel Sickman, in Baldwin township, in this county, that had not the slightest appearance of fore legs, only a small protuberance being visible-but was otherwise well formed, and presented a healthy appearance. The owner caused it to be killed, as it would not have lived long.

Reduction of Fare.-We understand that pas sengers are carried from Cleveland to Philadelphia, by the Ohio and Pennsylvania and Central Railroad, for eleven dollars, the price charged from this city to Philadelphia. This is caused by the competition between this route and the Dunkirk route to the east. We will shortly, however, have lower rates from here to the east.

The Allegheny Councils have directed the Com-

The Post Office-Post Master, we presum has taken measures to let its whereabouts be known, by having a sign, covered with the deposits of coal dust for years, repaired-and now it stands forth in glaring capitals, Post Office. Vell Court, (Ark.) Oct 1850.

I AM a Physician by profession, of the regular ordet.
and as such, have always viewed patent medicines with a skepile eye.

Last apring, when I sent to Philadelphia for my bill of medicines, I was prevailed on by my brother, to put in my bill an item of two dozen vials of your Verminge; be stading to me that it was a valuable preparation, having tried it in his own family. Accordingly, I sent for two dozen vials. I have used it alt, and I must confess that my expectations were more than realizedisreptly swere truly astonishing, removing Worms in every instance, when properly administered. If you will send me a box containing a gross, and send me the bill, I will send you the money for them by mail or otherwise, as you may direct.
