The truthfulness of this old saying was beauhis father had been a Sheriff, he had a constitutional right to follow in the footsteps and offices per annum A telegraphic despatch announces the suspenhe would withdraw his name and get his delegates to vote for him, (the prominent), he would of \$800. The other replied he would think of it, and probably accept the proposition. They parted, and the gentleman to whom the bid was made, at once sought the other prominent candidate, and told him the proposition that he had received. The other replied that if he would transfer his delegates to him, he would give him mlary of \$1,000. That was talk enough, and the delegates were accordingly handed over to the highest bidder. The ballot ing came off, but unfortunately for the hopes of the gentleman who expected a situation and a salary of \$1,000, the candidate with whom he had last bargained didn't get the nomination, and of course he cannot get the situation with the \$1,000 salary. What makes his case still didate, who bid \$800 for him, now considers him extremely "spurious," as the Colonel would say, Silver Bullion..... and is already deliberating as to the means he shall adopt to kick him out of the Sheriff's office in a pious and temperate manner-when he is . The course of events has caused a great deal of trouble, tribulation and melancholy feelings, to the gentleman who sold himself so essentially, and we understand that it disturbs the minds of some of his nearest relatives in a serious manner. However, we can give him some consolation in his trouble: We promise, with all sincerity, that the man who wanted to buy him for \$800, just \$200 less than what he thinks he is worth, will never be Sheriff of Allegheny county. We would, therefore, advise him, as a friend, to other blackguard."
