THURSDAY MORNING.....JUNE 17.

### Court of Quarter Sessions.

WEDNESDAY, June 16.

Present—Wm. B. M'Clure, President Judge, and P. M'Kenna and William Boggs, Associate Judges.

The attention of the Court was mostly occupied with cases of a trivial nature, and of but little general interest.

Commonwealth vs. James Long. Indictment, Assault and Battery. This case was settled by the payment of the costs.

Commonwealth vs. John Rogers. Indictment, Assault and Battery. This case was also settled in the same manner.

Samuel Humes, indicted for keeping a tippling house, plead guilty, and Judge M'Clure sentenced him to pay a fine of $50 and the costs of prosecution; Humes was committed to prison, in default of payment.

Commonwealth vs. John T. Hutchinson. Indictment, Assault and Battery, with intend to kill. Our readers will recollect that Hutchinson made an attack on a man named Squires, in Bayardstown, a short time since, shooting S. in the breast with a shot-gun, and badly wounding him. The universal impression is, that Hutchinson is insane, and his actions for a year or two have tended that way, and it was expected that he would be sent to the Insane Asylum, instead of being consigned to the walls of a Penitentiary. The jury in the case returned a verdict of Guilty, and Judge M'Clure sentenced him to be imprisoned in the Western Penitentiary for one year. Hutchinson took his sentence very hard; he is an old man, and was badly wounded at New Orleans during the late war.

George M'Kee was tried on two indictments of Assault and Battery, and acquitted. The prosecutor was sentenced to pay the costs.

Commonwealth vs. Margaret Ward. Information, Surety of the Peace. The prosecutor was sentenced to pay the costs.

Commonwealth vs. George Proudly. Indictment, keeping a tippling house. The prisoner was found guilty and sentenced to pay a fine of $27 and the costs of prosecution.

Commonwealth vs. George Shellenberger and Alexander Bartan. Indictment, Petty Larceny. The prisoners plead guilty, and Shellenberger was sentenced to three months and Barton four months imprisonment in the county jail. These gentlemen had a great liking for poultry, and proved such a serious obstacle to the increase of the number of chickens in the thriving village of M'Keesport, that the inhabitants had them arrested, and their sentence is the end of the story.

*Pittsburghers in California.*—The Journal of yesterday contains a letter from R. H. Dearing, formerly of Lawrenceville, but now a resident of California, dated Marysville, May 8, 1852. It states that several steamers are running in the Sacramento river, commanded by Pittsburghers. Robert Baird is in Marysville, and doing well. Wm. J. Kane is living at Los Angelos, and has a large vineyard, from which he expects to derive considerable profit; he is also engaged in the dairy business, which is very profitable.—James Melville, of Allegheny city, is trading in horses, cattle, and mules, between Marysville and Lower California—and clearing money very fast. Lewis M'Kee is mining on Cannon Creek, and David French, of Saw Mill Run, is carrying on wagon making in Marysville—both doing well. Stephen Squires, of Lawrenceville, is engaged in the butchering business. Mr. Dearing is engaged in the express business, between San Francisco and North Feather River; he also devotes part of his time to mining, with fair prospects.

*Ladies' Festival.*—The Festival of the ladies of Lawrenceville, commences to-day, at 12 o'clock M. To those of our readers who wish to spend a day of pleasure in the prettiest and shadiest of retreats, and in the company of—*the ladies*, no better chance than the present will ever present itself, for such enjoyment. Everything that the heart, stomach, or senses can desire or appreciate, can there be seen,—beauties, bands, bouquets, bread, butter, beef, bacon and the usual etcetras, and *all* for 50 cents. Besides this it is designed in a most praiseworthy manner, to aid in the erection of a new Church.

*The Herald* is the name of a fine steamer, designed for the Pittsburgh and St. Louis trade, now lying above the Monongahela bridge, where she is receiving her furniture, &c. The Herald is to be commanded by Capt. Snowden. She was built at Brownsville; has a capacious and strong hull, three boilers, two excellent engines and a doctor. All the modern improvements are combined in her arrangements. Her cabin is large and well constructed. She is calculated to carry 500 tons freight, carpenter's measure. This fine steamer will leave in a few days for St. Louis.

*Accidents.*—The *Chronicle* of yesterday contains a chapter of accidents which occurred on the Portage Railroad, near Summit. A man named Roland Humpkins was crushed to death in the Portage Tunnel by a freight car. Thos. Carrol was run over by a locomotive at the head of Plane No. 4, and died in a short time. A man named Michael Storm was very severely injured by jumping off a safety car on Plane No. 8.—These accidents occurred on Saturday last within a few hours of each other.

*Competition.*—A very spirited competition is going on between the Thomas Shriver and Pilot No. 2, both of which boats are running between this city and West Newton, and leave every morning. The same is also the case between the Thomas P. Rea and Globe, running between Pittsburgh and Brownsville. Competition is the life of most business communities, but when carried on to excess between steamboats, generally proves a ruinous business to all engaged.

*Rain.*—In the Sixth and other hill wards, yesterday afternoon about 3 o'clock, the rain poured down in torrents for a short time, completely washing the streets and gutters; in the lower part of town, however, we were not so favored; but a few drops of rain fell, the clouds quickly dispersed, and the heat was more intense, if possible, than before.

*Surety of the Peace.*—A woman named Mrs. Hay made information yesterday, before the Mayor of Allegheny city, against her husband, John Hay, for maltreating and abusing her. He was bound over for his appearance at court, to answer to the charge, and to keep the peace.

*Fire.*—A large stable attached to the Summit Hotel, kept by Messrs. M'Ginley, at Summit, Pa., and owned by Mr. W. S. Campbell; of this city, was burned to the ground on Saturday last; also a dwelling house, in the occupancy of Mr. C. Farran.

*Telegraph.*—The House Line of Telegraph are making arrangements to complete their line from Cleveland to this city, which will complete their circuit to the principal eastern and western cities.

*A True Bill* has been returned by the Grand Jury against the Cauleys for the murder of the children of Mr. Cuthbert.

*Fully Committed.*—Seth Herbet was fully committed yesterday, by Alderman Parkinson, to take his trial for petty larceny.

*Hot.*—At noon yesterday, the thermometer stood at 90 degrees above Zero, in the shade.

*The Brilliant* leaves for Cincinnati to-day, at 11 A. M.

J. E. M'CABE, CHAIRMAN,
J. K. KENNEDY, SECRETARY.

*Fraud.*—An alleged case of fraud has come to light within a few days past, which has been buried in obscurity since the transaction in 1846. John Dougherty, a raft pilot, from Jefferson county, was yesterday arrested, charged, before Mayor Guthrie, on oath of Ezekiel Harris, of Wheeling, with obtaining money under false pretences. It appears that a gentleman named Miller, from Cincinnati, bought a quantity of lumber, in June, 1846, from Mr. Campbell, of Jefferson county, and employed Dougherty to pilot it to Cincinnati. Some time after, the hands employed on the raft returned to Jefferson county, and stated to Mr. Campbell that the raft had broken to pieces between Pittsburgh and Wheeling. It is charged, however, that Dougherty sold the lumber to Messrs. Gill & Harris, of Wheeling, for $625; Dougherty denies that he is the man, and says he did nothing of the kind. Mr. Harris testified that he was the man who sold the firm the lumber. Dougherty was committed for a further hearing on Friday next.

*Matrimonial Squabbles.*—Alderman M'Master yesterday committed John Simpson, charged on oath of his wife, with having assaulted, threatened and abused her, in an alarming manner, instead of loving, protecting, and cherishing his amiable spouse, as he had promised. The parties in the affair live on Washington street.

Martin Kopler, of Birmingham, was also committed—his wife having made an information of surety of the peace against him, before Esquire Patterson.

*Sentenced.*—George W. Sword, the young man convicted at the present term of Court, of assault and battery, with intent to kill, a man named Nicholson, in a ten-pin alley in the Diamond, was brought into Court yesterday to receive his sentence. The sentence had to be written out on paper, as Sword is both deaf and dumb. He was sent to the Western Penitentiary for one year. Immediately after reading his sentence, Sword was seized with a fit; he was conveyed to the jail and restoratives applied.

*Returned to Court.*—Wm. Brightmore, keeper of a tavern on the corner of Ætna and Factory streets, was held to bail for his appearance at Court, on oath of Thomas Garnon, to answer the charge of keeping a tippling house by Ald. Parkinson.

Isabella Watson, a boarder at the house of Brightmore, made information against Garnon for behaving in a disorderly manner in Brightmore's house.

*Discharged.*—Watson and Martin Campbell, accused of robbing the U. S. Mail, had another hearing before the Mayor yesterday afternoon, and were discharged, there having been no evidence which would at all warrant their commitment for trial. The other brother, Jos Campbell, remains in prison, and will be tried at the next session of the U. S. Circuit Court.

*Killed.*—Mr. Thomas Law, a resident of Allegheny city, (late of Manchester,) was killed by the falling in of the roof of a coal pit in the chamber in which he was working, on last Monday afternoon, at Green Springs, about 12 miles up the Monongahela river. His funeral took place yesterday morning, from the residence of his father, at Green Springs.

*Magazines for July.*—Just received at Miner & Co.'s, No. 82 Smithfield street, Godey's, Graham's, Sartain's, and Peterson's Magazine, for July. Now is the time to subscribe, as all of the above Magazines commence new volumes.

*The Fair.*—The Fair now holding by the ladies of the Cumberland Presbyterian Church of Allegheny City was opened yesterday morning at 9 o'clock. Persons residing in Pittsburgh, Manchester, and the neighboring towns, wishing to visit the Fair, will be furnished with a free passage in the omnibus, by applying to the drivers.

*Dan Rice* was always noted for being a modest man—proof, the prints, large as life, of his good-looking phiz, to be found on every corner. No matter about that, however, Dan, with his monster circus, will be along about the first of next month, as will be seen by reference to an advertisement in another column.

*Disorderly House.*—Elizabeth Davis made a complaint before Mayor Guthrie, yesterday, against Ann. White Catherine Johnston, David and Margaret O'Brien, for keeping a disorderly house, on Pennsylvania Avenue. The accused were fined, and committed in default, for thirty days.

*Taken Over.*—Michael Shea was taken to the penitentiary yesterday by Mr. Fox, our jailor. It has been but a short time since this unfortunate man was released, on the expiration of his term, from that institution.

*Theatre.*—Mr. Mulholland appears again this evening in two characters. A new farce will also be presented.

*Disorderly Conduct.*—Mayor Guthrie committed two men for disorderly conduct, yesterday;—one for 24 hours, and the other for thirty days.

☞ FRESH OYSTERS received daily by Adams' Express, at the WAVERLEY HOUSE, Diamond Alley.

### COMMERCIAL SUMMARY.

WOOL—The new clip has been arriving at Baltimore more freely this week, and met ready sale at rather improved prices. We note sales 30bs. terry, at 32¢33c; 100lbs pulled at 24¢28c; and 6,0lb tub washed at 37¢39c. The import of 3570 bales from Peru, to which we referred last week, has been taken for eastern account, but the terms have not yet transpired.

Albany, the *Journal* says:—We have noticed several lots of new clip in market, which were readily taken by dealers this morning at 32¢33c.

At Cincinnati no-thing is still in a limited scale, receipts continue light, but the market steady, and buyers are free in our quotations, say:—Fab. washed and toll, 31¢32; common and 4 blood fleece, 29¢30; 3 blood fine, 24¢25, 4 do 29¢27; full blood 32¢33, ½ off for unwashed.

At Detroit the latest advices say:—The receipts of wool to-day are larger than those of any single day since the new clip began to come in. Nearly 5000lbs were brought in from various parts of the country.—Much of this wool was of the coarser grades, and there was a decline of 2c in price in the low varieties. The common grades ranged from 22 to 27¢28c. Some small lots of full blood Merino brought respectively 30, 30½ & 31c, but much of what was brought in to-day belonged to the coarser kind.

The Michigan Whig state Sheets hearing is becoming pretty brisk among our farmers, and small lots of wool begin to come in for sale. The market prices are considerably lower than those of last season, but still, such as afford a fair remuneration to sheep farmers; although the extravagant rates paid last year have raised expectations among those who kept sheep, and do not fix market prices, which leads to disappointment at present rates, which range from 18¢20c.

CIDER VINEGAR—25 bbls. on hand and for sale by
jel1 ARMSTRONG & CROZER.

WE, the undersigned, feel it a duty incumbent on us to award to Mr. JOHN BARRY our meed of thanks for the pleasure afforded us at attending his exhibition of his pupils, which took place in his school room, on Wylie street, on Tuesday the 15th inst., and we feel great pleasure in being able to state that the answering was such as to exceed the most sanguine expectations of the parents and guardians of the children entrusted to his care.

The system adopted, the discipline and order carried out in his school, cannot fail to be attended with the most beneficial results.

The several classes were examined in spelling, reading, writing, English grammar, composition, arithmetic, algebra, geometry, mensuration, geography and globes, and acquitted themselves in a manner highly creditable to themselves, and much more so to their teacher.

**B. A. Fahnestock's Vermifuge!**

THE safest and most effective remedy for Worms, in Children and Adults, that has ever been discovered. The following testimony of its good effects is offered.—From B. R. W. Wilstach, Druggist.

LAFAYETTE, (Indiana,) Nov. 10, 1851.

Messrs. B. A. Fahnestock & Co.—Gents: I have been engaged in the Drug Business for a number of years, and have known your Vermifuge since I have been in the business. In this vicinity it is very popular, and the sales are large and yearly increasing. Of all the various articles of Vermifuge in the market, none has so good a reputation as yours, and none maintains its character so well. I could multiply instances of the good effects resulting from its use, but presume such would be unnecessary. Several of our most respectable physicians use it in their practice here, and recommend it as a good and safe article for the expulsion of Worms from the system.

Yours, &c.
B. R. W. WILSTACH.

Prepared and sold by B. A. FAHNESTOCK & CO. corner of Wood and First streets, Pittsburgh.
