PUDDER & FORD,
Manufacturers and Dealers in
MANCHESTER MINERAL PAINT,
ALLEGHENY CITY, PA.

New York, December 15th, 1851.

I have analyzed a sample of MANCHESTER MINERAL PAINT, for PUDDER & FORD, and find it to contain the following:

Silica,	67,21
Alumina,	5,34
Per Oxide of Iron,	18,41
Lime,	,68
Magnesia,	,24
Oxide of Manganese,	,12
Water and Loss,	8,00
	100,00

The Powdered Sample, contained in the box, which I suppose was the one you desired also to have analyzed, I find to differ from any average of the lumps powdered, and mixed together. This last yields as follows:

Per Oxide of Iron,	63,50
Silica and Alumina,	24,00
Lime,	,88
Magnesia,	,16
Water and Loss,	7,00
	100,00

This difference I presume arises from the mineral not being uniform, some portions containing more iron than others. The analysis shows the article to be well suited for a Fire Proof Paint. I find that by calcining the powder by a pretty high heat, the color is much improved, at least converted into a fine red.

The Section Boat system of transportation over our State improvements has been in use about ten years, and the great success and favor it has met with, is a sufficient guarantee that it is no longer considered a doubtful or uncertain experiment; but is acknowledged by all as vastly superior to any mode of transportation used on Canals, (when intersected by Railroads.)

Goods loaded into our Boats at Pittsburgh, remain undisturbed until unloaded at our Warehouse in Market street, Philadelphia, thereby entirely avoiding the delay consequent on three different transhipments, and securing the delivery of Goods in entire lots, the packages clean, and in as good order as when shipped.

THE Directors, in presenting the Second Annual Report, take leave to congratulate the members upon the marked success of the State Mutual Fire Insurance Company. In operation only two years, it has taken a position beside the older institutions of the kind, and proves by its very great success that the mutual system as adopted by them is, beyond a question, the best and only safe mode of insurance.

The heavy losses of the past year which have annihilated many stock companies, leave the State Mutual with a cash surplus of upwards of thirty-one thousand dollars, besides a reserve capital of nearly two hundred thousand dollars, which is constantly increasing.

The Directors submit that the State Mutual Fire Insurance Company offers to owners of safe property inducements seldom equalled and never exceeded.

Of Jewelry, the latest styles of broches, breast pins, fob and vest chains, finger rings, ear rings, miniature, lockets, &c. &c.

Citizens and Strangers,

DO you wish to purchase a fine GOLD or SILVER WATCH, at about one-half the usual price? If so, call at HOOD'S NEW JEWELRY STORE, 51 Market street, two doors north of Third, and take a look at his new stock, just arrived, and you can there purchase Watches or any kind of fine Gold Jewelry at their real value, and not be charged two prices for everything, as you have usually been; but can get the very best quality of goods at the lowest eastern prices. Do not believe what others, interested in their own sales, tell you, but come and see for yourselves. All goods sold at this establishment will be warranted as represented at time of sale—so that all may purchase equally safe and cheap. au19

IF Time is money, surely it deserves to be watched; and, reader, you may be assured that—

PATENT METALLIC BURIAL CASES.

THE subscribers having recently made arrangements with the Patentee of this new and *valuable invention* for the manufacture and sale of the article in the West, the same having been manufactured heretofore exclusively in the East, where they are superseding the use of wooden coffins, take this method of informing the public, that they are now manufacturing eighteen different sizes of the modern Sarcophagus, varying in length from 22 inches to 6½ feet, with width and depth suitable for bodies of ordinary size, and for those who desire space for cushioning, or for bodies of unusual dimensions, have several sizes deeper and wider. This invention now coming into general use, is pronounced one of the greatest of the age. These BURIAL CASES are composed of various kinds of metals, but principally of iron.

They are thoroughly *enameled* inside and out, and thus made impervious to air and indestructible. They are highly ornamental, and of a classic form; are light and portable, while they combine the greatest strength which metal is capable of, in a given quantity.

When properly secured with cement they are perfectly air tight, and free from exhalation of offensive gases. They cost no more than good wooden coffins, and are better than any other article in use, (of whatever cost,) for transportation, vaults, or ordinary interments, as has been proven by actual experiment, and certified to by some of our most scientific men; also, by the Honorables Henry Clay, Daniel Webster, Lewis Cass, and other distinguished Senators who have witnessed their merits, and whose letters, together with other evidences of their worth, may be seen at our Agents' Burial Case Depot, No. 374 Main street, three doors above Ninth, where we intend to keep on hand at all times, such a stock of all sizes and degrees of ornament and finish as will suit the most diversified tastes.

We invite the attention of the public, and of Undertakers, particularly; throughout the West, to an examination of the article, and request them not to rely upon the representation of undertakers not using the article, whose interest it would be to misrepresent them.

Dr. De Laney's Celebrated Curative Instrument,

The only Infallible Cure for that Dreadful Disease known as Spermatorrhea or Involuntary Nocturnal Emissions,

SO harassing and destructive, and productive of so much mischief to the nervous system, incapacitating the man for business, society, and matrimony.

This instrument is simple, comprehensive, and *never-failing*, and may be used without the slightest inconvenience or the knowledge of the most intimate friend.—It is to be used externally, producing no pain or injury whatever, nor preventing any one from attending to his business; and while in use *not a single emission* can take place, *invigorating the organs, in a short time, to such an extent that they REGAIN THEIR PRIMITIVE POWER OF RETENTION*, the loss of which, caused by early abuse, is the disease in question, and the cause of the thousand concomitant complaints, viz: Nervousness, Prostration, Dyspepsia, Pain in the Head and Dimness of Vision, Weakness of the Back and Lower Extremities, Affections of the Eyes, Impotence, Pimples of the Face, Premature Decline of Virility, Weakness of Memory and Power for Mental Application, Dejection, Aversion to Society, Timidity, Self-Distrust, Love of Solitude, &c. *All these complaints invariably disappear as soon as the source is stopped from which they emanated.*

This instrument has been examined and approved of by the highest authorities in Europe and America, is recommended by the most prominent Physicians of all countries, *as the only certain remedy existing for those complaints*, and has now completely superseded the use of drugs, the bougie, cauterization, &c., not to mention the thousand advertised nostrums of the day, as cordials, antidotes, &c. &c. It constitutes, at the same time, the *safest*, the *most pleasant*, and by far the *cheapest* treatment ever offered to the afflicted, a fair price being allowed for the instrument, after the desired effect has been attained.

Be it also remembered, that those complaints are but little understood by the profession in general, and that all the medicine in the world never has, and never will, stop those losses, which, if allowed to continue, unchecked, are sure to produce the most distressing consequences.

It has been a matter of surprise to some, that any one of respectability and of professional attainments should devote his attention to diseases which people of every description pretend to cure so easily. If, however, but the one thousandth part of the misery these people bring upon society were known, a very different opinion would be formed. And it is not only the present misery and dejection, preying on the mind as well as the body, that is deplored, but some are of such a nature as to affect posterity; and even to destroy the reproductive faculty, altogether. It is a fact that, when not properly treated, they may remain so dormant in the constitution as to appear in no other way than in their effects upon posterity; yet, if properly understood, are most easily and speedily removed. The above, so ingeniously contrived instrument, will doubtless, in a great measure, contribute to check the evils of quackery, so prevalent in this class of diseases, throughout the Union.

The price of the complete instrument, carefully secured against all observation in a box, is only $10. It can be sent, by express, to any address in any part of the United States, Canada, &c., accordingly to order, accompanied by full directions, and important advice to the married and single; the expenses, even to the remotest parts of the country, being very trifling.

The unexampled success this instrument has obtained since its introduction in America, has induced some unprincipled persons in New York, Philadelphia, Albany, Boston, &c., to get up some ridiculous things, called "instruments," which, however, bear two various features resemblance, *neither in form nor principle*, to my own invented, long tried, and universally approved instruments, and which are as similar to them as night is to light. Every attempt to sell such "instruments" for mine will be prosecuted to the fullest extent of the law, I being not willing to connect the well and honestly earned reputation of my inventions with quacks and their worthless productions. *No instrument is genuine and none can be warranted but those ordered from myself.*

All applications and remittances must be directed (post paid) to the Doctor himself, he having no Agencies established but in London and Paris.

Address, post paid, Dr. B. de Laney, 51 Lispenard st., New York.

Office hours, daily, from 9 A. M. till 2 P. M., and from 7 till 8 P. M., the Sabbath excepted.

☞ The undersigned certify, with great pleasure, that the above-mentioned instrument is not only constructed on scientific principles, but that from its use the happiest results may always, with confidence, be anticipated, there being, for the cure of those diseases, NO OTHER CERTAIN REMEDY EXTANT.

The Best Female Medicine Known!

THE Shaker prepared "Yellow Dock" and the "Red Honduras Sarsaparilla," are the invaluable remedial agents from which Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is formed, and the laboratory of Dr. Guysott has given us the virtue of these roots in their perfection. His preparation contains all the restorative properties of the roots, combined and concentrated in their utmost strength and efficacy.

Experiments were made in the manufacture of this medicine, until it was found that it could not be further improved.

Accordingly, we find it resorted to almost universally in cases of Hepatic, Scorbutic, and Cutaneous complaints, for general prostration of all the vital powers, and all those tormenting diseases of the skin, so trying to the patience and so injurious to health.

Scrofula, Syphilis, Mercurial Complaints, Cancer, Gangrene, Rheumatism, and a vast variety of other disagreeable and dangerous diseases, are speedily and perfectly cured by the use of this medicine.

SALINE, Michigan, October 6, 1851.

MR. JOHN D. PARK—Dear Sir:—It is with unutterable feeling of gratitude that I am able, through the divine Providence of God, and by the wonder-working agency of that excellent medicine, Guysott's Yellow Dock and Sarsaparilla, to give you a few symptoms of my almost hopeless case.

In the winter of 1850 I was attacked with a severe pain, which was gradually extending through the whole right side and leg; at the same time, a total prostration of my physical system; also my leg had shrunk to about two-thirds of its common size. I procured the attendance of a skillful practitioner, who pronounced my disease one of the worst forms of liver complaint. He said my case was one not easily handled, but prescribed for me. I remained under his treatment until I was satisfied he could not help me. I then procured of your agent at this place, W. A. Beers, two bottles of Guysott's Yellow Dock and Sarsaparilla, from which I received a vast amount of benefit. After having taken four bottles more, I was able to pursue my business without any inconvenience, and have been since that time a well man. While but a short time since I was confined to my bed three-fourths of the time; and I cannot ascribe the return of my health to any other cause than by the agency of that truly valuable medicine, Guysott's Yellow Dock and Sarsaparilla.

HASSEL VAURIPER.

MR. J. D. PARK—Dear Sir: I send you the foregoing certificate, and, so far as I am acquainted with the case, it is all true. I procured it, thinking it might be a benefit to you and to the afflicted. You have the privilege of using it as you think best.

Yours, W. A. BEERS.

The following letter is from a highly respectable physician, who enjoys an extensive practice:

NAVARRE, Stark County, O., Nov 1, 1851.

DR. JOHN D. PARK—Dear Sir:—Dr. Guysott's Extract of Sarsaparilla. This medicine has been prescribed by me for the last three years, with good effect, in General Debility, Liver Complaint, Jaundice, Dyspepsia, Chronic and Nervous Diseases. In all female complaints it certainly is unequalled.

In the use of this medicine, the patient constantly gains strength and vigor, a fact worthy of great consideration. It is pleasant to the taste and smell, and can be used by persons with the most delicate stomachs, with safety under any circumstances. I am speaking from experience, and to the afflicted I advise its use.

B. A. Fahnestock's Vermifuge!

THE safest and most effective remedy for Worms, in Children and Adults, that has ever been discovered. The following testimony of its good effects is offered.—From B. R. W. Wilstach, Druggist:

LAFAYETTE, (Indiana,) Nov. 10, 1851.

MESSRS. B. A. FAHNESTOCK & CO.—Gents: I have been engaged in the Drug business for a number of years, and have known your Vermifuge since I have been in the business. In this vicinity it is very popular, and the sales are large and yearly increasing. Of all the various articles of Vermifuge in the market, none has so good a reputation as yours, and none maintains its character so well. I could multiply instances of the good effects resulting from its use, but presume such would be unnecessary. Several of our most respectable physicians use it in their practice here, and recommend it as a good and safe article for the expulsion of Worms from the system.

Yours, &c. B. R. W. WILSTACH.

TRUSSES

☞ IMPORTANT TO THOSE AFFLICTED WITH HERNIA OR RUPTURE.—The invention of DR. HUBBARD's Truss has rendered the cure of this dreadful disease a matter of perfect certainty; and the man who will now allow a Hernia to proceed until a condition of things is produced that nothing can alleviate but the knife of a skilful surgeon, is wholly inexcusable. A rupture in its ordinary form, may, with propriety, be left to the person afflicted and the truss-maker; but to no as many persons do, without even a bandage or any kind to retain it, often renders the case perfectly unmanageable, and leads to what is termed Strangulated Hernia, which often has no relief but in a surgical operation. In the Truss to which we invite the attention of the afflicted, there is every superiority over the trusses and bandages in common use. It is perfectly comfortable, and can be made to fit any case of Hernia with an exactness and equableness of pressure, that does not belong to any other instrument with which we are acquainted; and will retain any rupture with ease and comfort to the wearer. Physicians of the highest standing in the profession have given testimony of its great superiority over the ordinary trusses in use. The Truss of Dr. Hubbard will cure one-half the cases of ordinary Rupture. We advise those afflicted to make application in time.

AYER'S CHERRY PECTORAL

FOR THE CURE OF COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA and CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which facts will not warrant.

Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

Dear Sir: I delayed answering the receipt of your preparation, until I had an opportunity of witnessing its effects in my own family, or in the families of my friends.

This I have now done with a high degree of satisfaction, in cases both of adults and children.

I have found it, as its ingredients show, a powerful remedy for colds and coughs and pulmonary diseases.

PARKER CLEAVELAND, M. D.

BRUNSWICK, Me., Feb. 5, 1847.

From an Overseer in the Hamilton Mills, in this City.

LOWELL, Aug. 10, 1849.

DR. J. C. AYER: I have been cured of the worst cough I ever had in my life, by your "CHERRY PECTORAL," and never fail, when I have opportunity of recommending it to others. Yours, respectfully,

S. D. EMERSON.

☞ Read the following, and see if this medicine is worth a trial. The patient had become very feeble, and the effect of the medicine was unmistakably distinct:—

UNITED STATES HOTEL, SARATOGA SPRINGS,
July 5, 1849.

DR. J. C. AYER—Sir: I have been afflicted with a painful affection of the lungs, and all the symptoms of settled consumption, for more than a year. I could find no medicine that would reach my case, until I commenced the use of your "CHERRY PECTORAL," which gave me gradual relief, and I have been steadily gaining my strength till my health is well nigh restored.

While using your medicine, I had the gratification of curing with it my reverend friend, Mr. Truman, of Sumpter District, who had been suspended from his parochial duties by a severe attack of bronchitis.

I have pleasure in certifying these facts to you,

And am, sir, yours respectfully,

J. F. CALHOUN, of South Carolina.

☞ The following was one of the worst of cases which the physicians and friends thought to be incurable consumption.—

CHESTER, Pa., Aug. 22, 1846.

J. C. AYER—Sir: I was taken with a terrible cough, brought on by a cold, in the beginning of last February, and was confined to my bed more than two months. Coughing incessantly night and day, I became ghastly and pale, my eyes were sunken and glassy, and my breath very short. Indeed, I was rapidly failing, and in such distress for breath, that but little hope of my recovery could be entertained. While in this situation, a friend of mine, (the Rev. John Keller, of the Methodist church,) brought me a bottle of your CHERRY PECTORAL, which I tried more to gratify him, than from any expectation of obtaining relief. Its good effect induced me to continue its use, and I soon found my health much improved. Now in three months, I am well and strong, and can attribute my cure only to your great medicine.

With the deepest gratitude, yours, &c.
