DR. HOUGHTOR'S

From Dr. Houghton's No. Blook of Cases and Correspondence—Case 1 Miss A. R., aged 29 This lady was very spare and sallow—lad incessant pain and uncasiness in the pit of the stomach. Two or three times a day the pain increased to such a degree as to make her steram with agony. Phose attacks happened sometimes after food, and sometimes which none had been taken. She raised must adux, clear fluid from the stomach in the morning. The stomach swelled much

pened shmetimes after food, and sometimes when nonhad been taken. She raised mush sour, clear fluid from
the stomach in the morning. The stomach swelled much
at night. Tongue coated and claimary mach thirst; no
appetite. Bowele costive; dull; stupefying seration in
the forchead. Complaints of two-years standing. Gave
her some Pepsin on Monday. Camé back in a week.
Said the pain had not been half so bad since taking the
second dose; and was daily growing less. The consunt
gnawing was also gone. Appetite improved; tongue
cleaner; bowels regular; head still theavy. In another
week she was entirely free from uneasiness and pain in
the stomach—raised no acid fluids—head felt clear, and
every trace of the stomach complaint was removed.

Cask 2.—Married Lady, aged 50.—Pain after eating.—
Very stout lady. Had suffered pain, asnally very se
vere, in the region of the stomach, for three years past,
and particularly intense after eating. Whenat the worat,
the pain is as if some hard body were being thrust into
the pit of the stomach and bored in every direction. Much
tenderness on pressure. This lady used the Pepsin with
surprising effect. Soon after the first dose the pain cased
—als felt some ansuce, and retriched, but nothing came
up. Several months have pasted, but there has been no
return of the pain. Tongue clean and moist; no soreness of the atomach.

REMARABLE CURR.—Louisville, Ry., May, 1831.—On
the 7th of May, 1831, Rev. M. D. Willindins, pastor of the
Fourth Presbyterian Church, in Louisville, Ry., was and
had been for a long time confined to his room, and most
of the time to his bed, with Dyspepsia and Chronic Diar
thea, and was to all appearance on the very verge of
the grave, and acknowledged to be so by his physician,
who had tried all the ordinary means in his power without effect; and at the above named time, the patient, by
the consent of his physician, commenced the use of Dr.
Houghton's Pepsin, and to the astomishment, supprise
and delight of all, he was much relieved the first day,
which was exc

alone a journey of five hundred miles, where he arrived in safety, much improved in health, having had no disturbance of the stomach or bowels after taking the first cose of Pepsin. These are factsnot controversable, and this is a case which ought to convince all skeptics that there is a power in Pepsin. Letphysicians and dyspeptics investigate.

DR. H. B. MYERS EXTRACT,
Dandelion, Wild Cherry and Sarsaparilla. THIS valuable medicinal prepare

tion differs entirely from any simple "extract of Sarapparilla" or common purifying medicine. It is a compound of many of MOST CLEAN-NSING MEDICINES, with others

mon parifying medicine. It is a compound of many of MOST GLEAN NSING MEDICINES, with others acting directly on the Kidneys, or having immediate reference to the relief and continued healthy operation of some internal organs. It contains articles which enter into no other preparation in existence, and other preparation in existence, and in purifying and refreshing effects, by any medicine in the world. It is put up IN LARGE HOTTLES, is very pleasant to the taste, and is more concentrated.

STRONGER, BETTER AND OHEAPER, than any other in the market. Persons who have taken "Sarssparilla" by the gallon, without relief, have been radically cured by using two or three boulds. This is the only Compound in which Dandelion, Wild Cherry and Sarsaparilla are so prepared to offer the peculiar vitues of cach, in combination with pure extracts of other healing articles, in a highly concentrated state. Its ingredients are FURELY VEGETABLE, and are such roots and barks as are found, though chiefly affecting certain paris, in their general tendency, to produce the most cleaning and healing effects:

SHIP FEVER! SHIP PEVER!

To produce testimony to proof of the cure of this discoss it acknowledgedly new. The public have so long been taught to regard it as fatal, that its positive cure would seem almost a miracle, yet:

SHIP FEVER HAS BEEN CURED,
And by the Great Vegetable Remedy, Dr. H. B. Mycor's Extract Dandelion, Wild Cherry, &c., alone.

We select the following, as a specimen of the name-rous testimonials to the elinicacy of this medicine in cases of this malignant disease, which we have to exhibit. TESTIMONY OP FHYSICIANS.

Francis Tiblimess M. D., a skillful physician, residing in Budialo, N. Y. and one who has devoted himself particularly to the study and cure of the Ship Fever, with almost every phase of which he is conversant, gives the following testimony in relation to the effects of this mediaine, as prepared by himself:

"This is to certify, that I have used Ir. H. B. Myers' Extract of Dandelion, Wild Cherry, and Sarsaparilla, in my practice, in cases of a number of patients sick with Ship Fever, with very beneficial results. And I consider it a general curative in that disease."
