In pursuance with a resolution adopted by the Democrat State Central Committee of Pennsylvania, the Delegates the State Convention of March 4th, 1852, are requested the State Convention of March 4th, 1852, are requested reassemble; at the Capitol, at HARRISBURG, on THUR, DAY, the 20th day of August, A. D. 1852, at 11 o'clock A. M for the purpose of nominating a Judge of the Supreme Count of Pennsylvania.

WHILIAM CURVIS, Secretaries.

There is some person in Pitteburgh who signs the productions of his wise "ruminations," 'A Live Whig," picking at the Morning Post something unconstitutional in the Democratic Platform, and calls upon us to explain it. Now, we are very well satisfied with our Platform.-We have been standing upon it for a considerapossessed of more capacity than is necessary to deavoring to escape from the ricketty concern erected by the Whigs at Baltimore, when they resolved that fuss, feathers, and epaulettes for the Presidency.

What does this "live whig" desire to have exthose who 'run may read.' There is nothing assails our noble leader: ambiguous in its language—nothing obscure or doubtful in the manner in which the party put it forth. It satisfies us; it satisfies every demoit forth. It satisfies us; it satisfies every democrat from one extreme of the Union to the other, and, under those circumstances, we think it is

ty to stand upon it; and, also, on what princi-Gazette dares to repudiate the platform, and resignation as senator in Congress, as an officer the editor of the N. Y. Tribune presumes to spit of the army when service could no longer be rendered, and his refusal to accept the office of the editor of the N. Y. Tribune presumes to spit upon it? When he will answer these questions seriously, (in the spirit they are put.) and satisfactorially, and makes clear his objection to the factorially, and makes clear his objection to the ball opinion held towards him by his neighbor Democratic Platform, we will take his 'questions' and friends. Gen. Pierce, however, by no act of into consideration. In conclusion, we hope he procurement of his, and from the spontaneous may live until after the election, for, we think that about that time, Barnum will be willing to pay a high premium for a "live whig," to exhibit as a carious relic of the campaign.

Parson Brownlow in Favor. To show that the Administration at Washington approves his course, Parson Brownlow writes the annexed little notice:

Ten thousand majority is what the Parson says Tennessee will give for Pierce and King.
The Parson is a man whom our neighbor of the Gazette formerly considered one of the best whigs that ever bellowed. He was, a year ago, a whig oracle in Tennessee; what is the opinion of our soup-erior whigs as to his prediction about the 10 000 demogratic majority? If he is right the 10,000 democratic majority? If he is right cheering revival in Tennessee. SCOTT'S NATIVE LETTER.

The Ohlo Statesman, in commenting upon this letter, has the following severe exposure of its

J. A. BRIGGS.

To General William Larimen, Jr. It is our impression that Gen. Wm. Larimet r., was present at Niagara, but whether he prought the "remnant of heroes," we are not so fident. The work of gathering the "remnant f heroes" would alone prove no small task, con sidering they are protty widely spread, by this time. More than that, some of them would probably refuse to be gathered, as in the instance of the "Lundy's Lane" Democratic soldier at lewburgh.
It is not the least singular part of this epistle, that "J. A. Briggs" addresses Gen. Wm. Lari-

mer, Jr., as "my free soil friend"—the italics ar said to be Brigg's own. The words were emphasized in a fine strain of irony. They are obviously designed as a ely dig into Larimer's ribs; as much as to say, "He, ha, old fellow, we understand each other." The full force of the joderstand each other, words stood when we rememose epithet is only understood when we rem per that the words "free soil" were entirely for otten at Niagara—that Jones of Tennessee, and lavis of Maryland, both stiff Compromise men, idn't dare to spit upon the platform—that sout ern whiggery was rampant during the whole con "free soil friend" is good.
