SEND IN THE RETURNS.

We trust our Democratic friends will send us the result of the election in each district as soon as possible, as we are anxious to give our readers as full returns as possible in to-morrow's paper.

ONE VOTE.

Democrats, remember! that one vote gave Allegheny county a Federal Senator a few years ago. ONE VOTE may elect a portion of our county ticket. Therefore, let every Democratic vote be polled to-day.

GIRD ON YOUR ARMOR.

The battle is at hand. The enemy are in the field. Their notes of defiance are ringing over the land. Up, Democrats, and at them. You have a motley host to contend against. Disunionists—abolitionists—Galphin robbers. All these are rallying under the standard of the Whig party. ON TO VICTORY.

RALLY! RALLY!! RALLY!!!

Democrats, make a bold rally to-day. Be at the polls early, and give the whole day to your party and your country. Let the workingmen, especially, be active. The whig employers can no longer frighten them with the cry of "ruin." The country is prosperous; money is plenty, and laborers are in demand. These are essentially Democratic times.

WOODWARD AND HOPKINS.

Let the rallying cry of the Democracy to-day be WOODWARD and HOPKINS, *our State Ticket and Victory.* Every Democrat should vote for WOODWARD and HOPKINS, our candidates for Judge of the Supreme Court and Canal Commissioner.—They are glorious Democrats, honest men, and eminently qualified to discharge the duties of the offices for which they have been nominated. Give a long pull, a strong pull, and a pull altogether for WOODWARD and HOPKINS!

COMMITTEE OF VIGILANCE.

At the meeting in Allegheny city, on Saturday night, the chairman of the "Central Committee of Vigilance" announced the following Ward Committees of Vigilance:

First Ward—M. I. Stewart, Chas. Carpenter, Wm. Karns, John Goehring, Wm. Bennet, Samuel M'Clelland, Alfred D. Reno, Wm. Milby, Edmund Snowden, John Goehring, (Ohio street,) Washington Carns, Daniel W. Boss.

Kephart, John Birley, Henry Goss, Hardin Ward, Lawrence Clark, Nicholas Zinsmaster, —Hartman, G. L. Robinson, Alex. Scott, J. M. Snowden, Geo. A. Kurtz, Philip Schauer.

On motion, adjourned.

R. BIDDLE ROBERTS, President.
W. J. MONTGOMERY, Secretary.

HORACE GREELEY.

HORACE GREELEY, the notorious Abolititionist, editor of the New York *Tribune*, who "execrated and spit upon" the Whig platform, has been in the city for the last few days, endeavoring to effect a bargain between the Free Soilers and Whigs. He has recently been traversing the Western Reserve, in Ohio, laboring to secure a similar Union. A base hypocrite named A. T. Foss, a New Hampshire Abolitionist, has also been in the Reserve, working for SCOTT. We understand that Greeley was closeted yesterday with a well known Free Soil Abolitionist, and no doubt made all sorts of promises for the purpose of obtaining the votes of the "one idea party" for Gen. Scott. If Scott should be elected President (which Heaven forfend!) Seward and Greeley will be the "power behind the throne." Let every honest voter, who is opposed to fanaticism and disunion remember that!

OUR CANDIDATE FOR SHERIFF.

The Democratic party has presented to the free voters of this county CHARLES KENT, as a suitable person for the high and important office of Sheriff. No man can doubt for a moment the entire fitness of that gentleman for the position. Who stands higher in this community for honesty and integrity of purpose than Charles Kent? No man. Every person knows this—Whig and Democrat. We undertake to say that there is no man in this county who possesses, to a greater degree, the necessary qualifications for the office of Sheriff. To add to his sterling honesty, he has great energy of character, and withal he is charitable.

Against Mr. Magill we have nothing to say, only, that we honestly believe he will be defeated. The charge of peculation and fraud, that has been so industriously circulated against him, whether true or false, has had the effect of securing to Jo. Barker a large Whig influence, especially in the country; and we firmly believe the contest for Sheriff now lies between Charles Kent and Jo. Barker. And we appeal to all good citizens—lovers of law and order—to prevent such a catastrophe to our county, as would be the election of such a man as Jo. Barker.—Charles Kent is our only hope, and we here say that if Kent is not sustained by the intelligent united votes of both of the two great parties of this county, we are doomed to disgrace for the next three years.

THE SHERIFFALTY.

This is the last appeal we can make to our fellow citizens on the Sheriffalty, and we desire them to deliberate calmly before they cast their votes. The Gazette has been endeavoring, for some days past, to make the public believe that the contest lies between Mr. MAGILL and JOE BARKER. There is no truth in this, and in making such a statement the editor knows that he is stating what is untrue. The contest is not between Magill and Barker, but *it is between* BARKER and KENT. Mr. Magill is really no figure in the contest at all, and the whig editors know it. But with a fatuity that must appear surprising to every common sense whig in the county, the whig organs are endeavoring to make the voters believe that the contest is between the two whig candidates, Barker and Magill. We desire to caution the voters of all parties against this misrepresentation, and in doing so, we assure every reader that our caution is not intended as political clap-traps, but honest convictions of what the positions of the three candidates for the Sheriffalty are this morning in Allegheny county. Mr. Magill, the whig candidate, has no earthly chance of an election. He has been trifling with the people on a matter in which the taxpayers are deeply interested, but he has failed to give them any explanation that is in the slightest degree satisfactory to them. His desiderations have been harped upon for months past by Joe Barker, and have never been denied until the Gazette discovered that its old favorite *Joe* was making a most unfavorable tran-*scrip* of the former doings of the present whig candidate for Sheriff. Inasmuch as Barker's charges against Magill are not denied or explained, the tax payers are justified in the conclusion that the *scrip* has disappeared in a manner so mysterious that those who know all about it are afraid to explain the reason why an explanation does not appear from Mr. Magill, is the fear that some of his certifiers would come out with a counter statement, giving further explanations as to the disappearance of the *scrip*.

We are free to say, and we say it independent of party feelings, that we feel a horror at the thought of the election of Joe Barker. It would be a lamentable event for the people of Allegheny county, and unless the whig party will disregard the absurd assertions of the whig papers, that the contest is between Barker and Magill, they may have to live under Barker rule for the next three years. This cannot be prevented by the decent portion of the whig party voting for Magill. The rowdies are going for Barker, and with them are hundreds of whigs who are not satisfied with Mr. Magill's mysterious course on the *scrip* question. The time for explanation has gone by, and they are more determined to vote against him. But while we feel convinced that Mr. Magill has not acted towards the people in a manner which would entitle him to their confidence, we hope that they will not so far forget their duty to themselves, their duty to their fellow citizens, the welfare of the community at large, and that feeling of self-respect which every decent voter should entertain, as to vote for the man who, during one short year in the office of Mayor, kept the city in a state of turbulence, which for lowlessness has never been equalled in any portion of our country since the formation of our government. Are the whigs who placed Barker in the office of Mayor for *one year*, willing to give him a lease of a more extended office, lasting for *three years*; where his power for doing mischief and playing off his own fantastic tricks will be multiplied ten fold. *He cannot be defeated by the small vote Mr. Magill will poll.* We feel confident that in saying so, we are stating what is a solemn truth.

Then, how can the county be saved from the rule of *Joe Barker?* Why, by every decent man, democrat and whig, voting for CHARLES KENT. He is a man in whom all can rely as an honest man, a competent man, a frank man, a man who will attend most faithfully to the duties of the office for which he is a candidate; a man who, in his official capacity, will prove himself to be a *gentleman and an* HONEST MAN in the discharge of his official duties—will never be required to hunt up certificates from doubtful quarters, to prove that he has not been an unfaithful public servant, as one of his competitors has been forced to do. And the other one has only been certified to by the wild yells that proceed from the Pandemonium of Barkerism. Charles Kent is not one of *that* kind.

It cannot be possible that any *good* citizen can hesitate to-day as to how he shall cast his vote for Sheriff. Mr. Magill, to use a sporting phrase, is already "a dead cock in the pit." He is too far gone on the *scrip* question for political salvation to reach him; the election of Joe Barker cannot be thought of by any decent citizen who has a regard for his own welfare, and the only way to prevent this calamity is for that portion of our citizens who desire that order and honesty should prevail, to vote for CHARLES KENT, who comes before them with an unblemished reputation for honesty and industry, and whose whole course from early boyhood, gives evidence that he is well qualified to make an attentive and faithful officer; and it is our sincere prayer that every citizen who regards his own safety and the happiness of Pittsburgh and Allegheny county, will vote for CHARLES KENT today. It is folly for them to suppose that they can defeat JOE BARKER by voting for Mr. Magill. Barker can now count one third more whig votes than his whig competitor, and unless the whigs are anxious that Barker should have permission to play his fantastic tricks through the Court House for the next three years, they will aid in the election of CHARLES KENT. If not, the people will have a happy time of it for the next term.

But, we cannot believe the moral and intelligent people of Pittsburgh would permit such an effort to be consumated. Certainly, the respectable portion of our whig fellow citizens would not, for a moment, justify the election of Barker to the office of Sheriff. Their knowledge that Magill has no chance is as strong as the repugnance they feel to the election of Barker, and a moments consideration will tell every one that the only way the county can be saved from MISRULE, *is for good men of all parties to cast their votes for* CHARLES KENT, the honest man, who stands before the voters undefiled and unsuspected.

Hon. George W. Woodward—A Slander Nailed.

The Whig press in every part of the State have been publishing all manner of slanders about Judge WOODWARD, of this State. The last falsehood states that Col. BURNSIDE and H. N. MCALLISTER, of Centre county, were stumping that county against Judge WOODWARD. This is as false as the other slanders against this eminent man, as the following letter from Col. BURNSIDE will show:

BELLEFONTE, Oct. 2, 1852.

DEAR SIR:—I have just received yours of the 1st inst., in which you say that "the *Ohio State Journal* of yesterday, asserts that H. N. McAllister and Col. James Burnside are both stumping Centre county against Judge Woodward."

My reply is, that the *assertion is wholly false and without foundation.*

This is the season to look out for "Boorbacks."

In haste, very truly,
JAMES BURNSIDE.

Richard McAllister, Harrisburg, Pa.

OH, THE RUINOUS TARIFF!

We clip the following item from the last Lawrence *Journal*, published at New Castle. $28 a ton for Pig Iron! Only think of that, ye croaking panic whigs!

PIG IRON.—On Thursday last, Mr. Todd, of Big Bend, made a sale of one hundred and fifty tons of pig iron to Mr. McCormick, of the Orizaba Iron Works, in this place, at twenty-eight dollars a ton. This is a pretty fair price under the tariff of 1846, and much higher than it has been for a number of years.

A SPECIMEN OF GEN. SCOTT'S ORATORY.—"It is false—it is a *lie*—an invention, gentlemen—a LIE. I see aged citizens before me. I see eminent lawyers here. And gentlemen, you see me much *excited*."

LOOK OUT FOR FRAUDS.

We would caution our voters against frauds that will be attempted to-day. We saw yesterday morning the opening of the frauds that will be practiced by some of the unprincipled office hunters. A person who is on one of the side tickets has had printed tickets containing the names of all the regular party nominees except *one*; and in place of that one he has *interpolated his own name.* He is a malignant opponent of the democratic party and one of those who gloried in the Church-burning operations in 1844. His fraudulent tickets were circulated in a penny paper of yesterday. Let no democrat trust them. They are frauds. The following is the true democratic ticket, and no true democrat will vote any other.

THE WHIG TORCH LIGHT PROCESSION.

The torchlight procession, for which the whigs have for a long time been making preparations, and which was got up for the purpose of reviving the drooping spirits of the party, came off last night. To attract attention and call together as many of the faithful as possible, a large bell was erected upon a wagon, drawn by four horses, and commenced tolling at an early hour in the evening. The sound struck heavily upon the ears of many, for it was more like the death knell of whiggery than the sounds of rejoicing and preparation for a successful battle; and such we feel confident it will prove to have been.

As to numbers, it was decidedly inferior to a similar affair gotten up by Joe Barker. At the corner of Fourth and Ross streets, there were only 1498 in the procession, including boys, glee clubs, &c.; 457 transparencies and 284 torches. The following is a specimen of the inscriptions on the banners:

"General Scott twice wounded, but never fainted;" "General Pierce, the fainting hero." Many other banners bore inscriptions in equally bad taste and disgusting to even many whigs, some of whom expressed their abhorrence of such contemptible conduct, in our hearing. High in the ranks, was carried aloft a banner upon which was inscribed these words: "NO FOREIGN INFLUENCE." What do our adopted Irish and German citizens think of that—to be thus publicly insulted? We observed in the procession a Blue-light, which we thought quite significant and appropriate on the occasion.

The grandest display of all was the premature explosion of the fireworks, carried in a wagon. To those in the immediate vicinity, it was worse than "hasty soup."

We close our brief notice with a specimen of the music; it is very fine:

"See by the fire in the rear
How Scott men gather here."

A BASE FORGERY!

LOOK OUT FOR THE HOORBACKS!

We yesterday received the following telegraphic despatch from WM. L. HIRST, Esq., Chairman of the Democratic State Central Committee, exposing a villainous forgery which has been perpetrated by some of the Galphin Whigs relative to Gen. PIERCE. The forged letter alluded to has not yet made its appearance in this section; but doubtless the *Gazette*, or some one of the *neutral* (?) prints which are ever ready to sell their columns to the whigs to libel Democrats; will publish it before the Presidential election:

BY TELEGRAPH.

PHILADELPHIA, October 11, 1852.

Morning Post: A base forgery has been originated and published in the shape of a letter, purporting to have been written and signed by Gen. Franklin Pierce, and dated at Concord, N. H., June 17th, 1852, avowing hostility to the Catholics, and an approval of the Bulligrew bill. The letter is declared by Gen. Pierce to be an entire forgery—in the ideas—in the language—in the detail and in the aggregate—and upon his authority I pronounce it to be so.

The State Central Committee will pay five hundred dollars to any one will produce such a genuine, original letter.

W. L. HIRST,
Chairman State Central Committee.

COUNTY COMMISSIONER.—JACOB TOMER.

MESSRS. EDITORS:—The importance of electing none but strictly honest and competent men to fill the office of County Commissioner, must be apparent to all. The people of Allegheny county have long been burdened by taxation, and this, in part, may be attributed to reckless extravagance and appropriations to objects designed to benefit private individuals at the expense of the whole people. This is not all—the taxpayers of this county, not long since, were robbed of the enormous sum of $3,000, and an explanation even refused as to where the money went, or who got it. The people have this matter in their own hands, and if good men are not selected for Commissioners, the fault is their own. See to it, then, citizens of Allegheny county, that you this day secure the election of AN HONEST MAN for Commissioner; and if you would make such a choice, vote for JACOB TOMER, a man whose character is unimpeachable, and one who will guard well the interests of the whole people.

A TAXPAYER.

ALL EYES ON PENNSYLVANIA.

An awful responsibility rests upon the Democracy of Pennsylvania. The result of the election this day, will be sent abroad on the wings of lightning before midnight, and will be looked for with the most intense anxiety by Democrats and Whigs, in all sections of the Union. If a majority of the vote of the State is cast for WOODWARD and HOPKINS, as we verily believe it will, the last hopes of Whiggery in carrying the State for SCOTT in November, will be taken away. The Whigs will make a desperate effort to poll a big vote for their State and County tickets, so as to have an effect upon the Presidential election. Let the Democrats bear this in mind, and resolve that they will do their whole duty to-day. We can easily carry Pennsylvania by 15,000 majority, if the Democracy will turn out in their strength.—Democrats, awake! arouse!

☞ Voters of Pennsylvania, ask yourselves the question, is Mr. Buffington a competent man? Are you in doubt on this point? Then vote for George W. Woodward, who is one of the ablest lawyers in the State. Let us have a STRONG SUPREME BENCH that no errors may creep into our State.

☞ The Bank of the Union, of Washington City, has closed its doors. A very large amount of its notes are in circulation, and the brokers of Baltimore have large amounts in their hands; one firm has four thousand dollars.

DEMOCRATIC MASS MEETINGS.

IN BROWNSTOWN.

A large meeting of the Democracy was held at the house of Wm. A. Maguire in Brownstown, near Birmingham, on Saturday afternoon, the 9th inst. JAMES BARR was called to the chair; B. LOUTH and J. CUNNINGHAM were appointed Vice Presidents. WM. A. MAGUIRE and A. BLACK acted as Secretaries.

A large Hickory Pole was raised amidst the cheers of the assembled Democracy. The meeting was ably and eloquently addressed by Messrs. R. BIDDLE ROBERTS, JOHN S. HAMILTON, JOHN BARTON and P. C. SHANNON, Esqrs.

JOHN S. HAMILTON, one of the brave soldiers who was with Gen. Scott in the Mexican War, made a most admirable and argumentative speech, showing clearly to every candid and unprejudiced mind that Gen. Pierce was not only a good and brave soldier, but a *man* and statesman, whom the country will delight to honor.

The meeting adjourned with three cheers for Pierce and King, and the whole County and State Ticket.

IN ALLEGHENY CITY.

A large meeting assembled in the Diamond, in Allegheny City, on Saturday evening. The meeting was called to order by the appointment of LYMAN WILMARTH, Esq., as chairman, and WILLIAM KARNS, GEORGE GEIST, JOHN SOLAND and SQUIRE HATZE as Vice Presidents. MORRISON FOSTER and JOHN HASTINGS were selected as Secretaries.

Mr. Wilmarth, on taking the chair, introduced M. I. STEWART, Esq., who made an able speech, earnestly exhorting the Democracy to support the whole ticket, and nothing but the ticket.

C. A. Dennison, of Boston, and R. Biddle Roberts, followed Mr. Stewart. Mr. Dennison, in his remarks, laid it down right heavy on General Scott and his Sewardite and Johnstonite followers. He reviewed the pretended principles of Whigs, and reminded the people how utterly powerless Gen. Scott would be as President, with a Democratic Congress opposed to him, and a cabinet such as Greeley and Johnston would make for him. As a neighbor and friend of Franklin Pierce, he defended him against the slanders of the Whigs, and demanded that Horace Greeley, the author of the calumny about Pierce's being a drunkard, be compelled publicly to retract the lie which he had publicly uttered.

Wilson M'Candless, Esq., next took the stand. His speech was, as usual, of the best kind,—a bounding in the most surpassing eloquence and immeasurable argument. He particularly defended the able and upright George W. Woodward against Governor Johnston and his jackals, and impressed the Democracy of Pennsylvania with the necessity of coming forward with our unbroken front for Woodward and Hopkins, in view of the great election on the second day of November.

The Hon. W. W. Irwin next appeared; he confined his remarks principally to the county ticket, and begged the people to remember that the Whig party had been entirely in power in this county and the cities, and if abuses existed, if scrip to the amount of thousands, or even hundreds, was missing; if riot, bloodshed and arson had gone on unchecked, the Whig party was responsible for it, and had shown themselves unfit to be longer entrusted with power.

The meeting was quite enthusiastic for that stronghold of Whiggery, Allegheny city.

IN MANCHESTER.

On Saturday evening, a Democratic meeting, large and enthusiastic, assembled in the Market House, in Manchester. Capt. J. D. W. WHITE was called to the Chair, and Vice Presidents and Secretaries appointed.

After the organization of the meeting, speeches were delivered by Colonel Black, Hon. W. W. Irwin and Dr. Quail. The speeches were well received, and the speakers, in their remarks, greeted with loud cheering.

Mr. Jehlo delivered a speech to the Germans present, in his usual effective style.

IN MOON TOWNSHIP.

In Moon township, on Friday last, a very large meeting convened at the house of Peter Onstatt. The meeting was organized by calling JOSEPH COOPER, Esq., to the Chair; James Crooks, Geo. Sampson, David Onstatt, Dr. J. T. Peters and William Andrews were chosen Vice Presidents, and James Brown elected Secretary.

Judge Shaler and P. C. Shannon, Esq., made speeches. Both these gentlemen have shown the right spirit during the present campaign.—The meeting adjourned with loud cheers for Shannon, Kent, and the whole Democratic ticket.

IN TEMPERANCEVILLE.

On Friday evening, a large meeting was held in Temperanceville. The meeting was quite enthusiastic; Glee Clubs were in attendance, and everything combined to make it pass off pleasantly.

P. C. Shannon, our efficient candidate for Congress, delivered an able, eloquent and strong appeal to the Democrasy of Temperanceville. On Friday Mr. Shannon made four speeches; and although he was tired and worn down, he addressed the citizens of Temperanceville for an hour.

Hon. W. W. Irwin also made an excellent speech, which was attentively listened to by the meeting. Mr. I. is also busily engaged in the good cause.

After cheers for Kent, Shannon, and the ticket, the meeting adjourned.

IN SHOUESTOWN.

There was a grand rally of the Democracy of Shousetown, on last Friday evening. The meeting was organized by calling WILLIAM WOODBURN to the Chair, and electing a number of Vice Presidents and a Secretary.

Judge Shaler and Major James C. Ritchie delivered able and eloquent addresses. The meeting adjourned at a late hour, with three cheers for Pierce and King, and three times three for Colonel Kent and the whole county ticket.

CLINTON, FINDLEY TOWNSHIP.

On last Saturday evening, there was a large gathering of the Democracy of Findley township, at Clinton. WM. IRWIN presided, assisted by Dr. John Pollock, Dr. Charles Morgan, Thomas Barnes, John W. Stewart, James Cooper, John Holmes, J. J. Plotts and Levi Stevenson, as Vice Presidents; and John Barton, Secretary.

The meeting was addressed by Hon. Charles Shaler, in his usual able and eloquent manner. At the conclusion of his speech, a vote of thanks was tendered the Judge, for his able defence of Democratic principles.

Great Democratic Meeting in Ohio.

The Democracy had a glorious meeting in New Lisbon, on Monday evening of last week. The Court House was crowded—and such spirit and enthusiasm as prevaded the assembled Democracy, have seldom, if ever, been witnessed at any public meeting held at that place.

Among the persons who addressed the meeting, we notice the names of Dr. George M'Cook, Col. J. Ross Snowden, and Col. S. W. Black, of this city. The remarks of these gentlemen, were rapturously received. The meeting broke up with such cheers for Pierce and King, as made the welkin ring, and "poor cooney Whigs look blue."

☞ The New York *Day Book*, (Whig,) says Gen. Scott is travelling for the purpose of selecting a site for a Military Hospital—from present indications, he ought to be the first candidate for admission.

From the Morning Post.

THE SHERIFFALTY.

MESSRS EDITORS: The day of election for Sheriff is coming near, and now might be a good time to show some *facts* that would instruct that portion of the democratic voters who do not make politics a chief study.

To arrive at a reasonable knowledge of the position of affairs regarding the action of the Parties, in reference to the candidates, and the *probable action* of the parties in the support of candidates, it would be advisable to procure the services of an intelligent person to procure the statistics from the official records *for the election of Joe Barker to the Mayoralty.*

It would seem an undisputed fact that the whig *majority* in the City of Pittsburgh was *very large.*

The whigs nominated Mr. McCutcheon, a gentleman of respectable standing and unimpeachable character, with, education, and well-known good business capacity. The democratic friends of Capt. John B. Guthrie brought him out really as the democratic candidate, but nominally as a citizen candidate. Joe Barker was brought out on principles best known to the *Whig* and *Native American* Parties. The three were in the field with the *undisputed power in the Whig party* to elect *any one* they *choose.*

Guthrie was a Democrat, with only the sin of democracy to answer for at the polls. McCutcheon was a whig, with no open charge against him to render him odious to either party, but unfortunately for McCutcheon, he was a foreigner and one, too, from a *foreign* island that has sent to this country *many thousands*, who have been active, persevering, energetic as well as eloquent, with the "*brogue*" on their tongues as formidable enemies, since the foundation of our Government to the Federal and what is synonimous the Whig party.

And Barker was not only free from the stigma of Irish or Foreigners, but he had worked hard day and night for a long time to sustain Native American doctrines, and was really a distinguished blackguard of Foreigners, and had become so annoying by his obscene language, in traducing Foreigners, that he was tried, found guilty and imprisoned for his obscenity as a public nuisance in the City.

It would seem for his efficiency in the cause that must have been popular with the Party that had the overwhelming majority. He was elected *by the party*, while he was in prison suffering for his vile, loathsome, degraded, unlawful conduct. And it should be shown from authentic records, that the Whig Governor endorsed the political action of his party by pardoning him some months before the law would have liberated him.

The records will show that the Democrats gave Guthrie his full vote.

Now a few simple questions may be asked:

1. Is Barker now any lower, meaner, more degraded or more notoriously debased now than when he was elected Mayor of this city?

2. Is the Whig party as well organized now as they were when Barker was elected Mayor?

3. Is the nominee of the whig party any more entitled to support from the party than McCutcheon was when Barker was preferred?

4. Is there not *much more* unanimity in the democratic than there is in the whig ranks?

5. Is it not absurd and preposterous for whig editors to ask any democrat or foreigner to vote for their nominee to prevent the election of the very man they put into the highest office in the city, preferring him to their own nominee?

6. and last. Should not every democrat and every foreigner in this *particular* instance act with manliness and determination that the democrats may show that they cannot be gulled, and if there may be whigs among foreigners, they have a good opportunity to teach their party a lesson that may be useful.

GOOD NEWS FROM ALL QUARTERS.

By our newspaper exchanges, and private letters from all parts of the country, we continue to receive the most heart cheering intelligence. The Democrats are in excellent spirits, and are confident of success. The Whigs are blustering and bragging as usual, but there is nothing like real honest enthusiasm to be found in their ranks. The masses of their party do not respond to either their Presidential or State nominations. The leaders and office holders, who are anxious to perpetuate the reign of Galphinism, are endeavoring to galvanize a little life into the party; but it is all of no avail. The Democracy are determined on success, and glorious victory will this day perch upon their standard. Democrats, push on the column.

MARYLAND FOR PIERCE AND KING.

In the Washington *Union* of Thursday last we find the following item. It shows with what entire confidence the Democracy of Maryland calculate upon the electoral vote of that State being cast for PIERCE and KING:

☞$1,000 to $500 that Pierce will Carry Maryland!

A highly respectable gentlemen, Col. Walton, of Annapolis, yesterday bet $1,000 against $500, that Gen. Pierce will get the Electoral vote of Maryland! He was offered an even bet, but he said that he would not be hard upon his whig friends, but give them odds, inasmuch as he was betting on a certainty. The money was deposited in the hands of a gentleman yesterday, at Brown's Hotel.

MAINE.—Full returns of the Congressional vote in Maine show a Democratic majority over the Scotties, of 7163, and yet the federal papers talk of carrying that State for Scott! Why don't they claim New Hampshire.

AN ELOQUENT EXTRACT.

We extract the following paragraph from a reply made by Judge WOODWARD to a committee who had invited him to attend a 4th of July celebration in Philadelphia:

"Not only we and our children, but our fellow men of other lands have an interest as deep as life in the success of the grand experiment of popular government. It is their light and their example it keeps alive in the down trodden masses of the old world the hope of a day of redemption, and when these deferred makes the heart sick, it INVITES THEM HITHER WITH A WELCOME TO ENJOY WITH US, NOT ONLY A COUNTRY ABUNDANT IN ALL THE ELEMENTS OF GOOD, BUT THE INESTIMABLE PRIVILEGES ALSO OF A GOVERNMENT FOUNDED IN UNIVERSAL SUFFRAGE. That it may endure in all its primitive capacities to bless mankind, is the earnest desire of the humble individual whom you honored with your invitation. For the too kind terms in which you were pleased to speak of him, you have his thanks. Imbued from childhood with the principles of democracy, he has never departed for an hour from the path of the party. This is said in no boastful spirit, for it is doubtful whether the world would esteem it a virtue. A virtue or not, it has resulted from a conviction that the democracy was the best organization for perpetuating our free institutions, and securing the largest liberty to the largest number."

And yet lying desperadoes will charge the man entertaining and putting such sentiments upon record with being inimical to foreigners! Where is the man who respects the "native" slander against Judge WOODWARD who has shown a more liberal spirit towards the oppressed millions of other countries than is contained in the foregoing? We have known Judge WOODWARD long and intimately and we hear willing testimony that from the time of his manhood to this hour his sentiments have at all times been in strict accordance with the above. Judge W. is not a man who would yield a conviction for the sake of any office, and had he ever entertained the sentiments falsely charged upon him by his persecutors, he would have maintained them to the last, or frankly acknowledge his error if convinced of it.

After the excitement of this contest shall have passed away, we are confident that no respectable man will again impute the charge of "nativism" to Judge W.—that this slander, like its unworthy predecessors, will sink into everlasting oblivion, never again to be uttered by mortal man who does not desire to advertise himself a libeller.

Florida.

The telegraphic news we give this morning from this extreme southern State, indicate that Florida is following the brilliant example set to the South by the democracy of North Carolina. Florida has been a whig State for years past; but now it appears that the people have resolved to cast off the Seward candidate for President, and to rally under the flag of Pierce and King. While the whigs are crowing for the election of a few inspectors in little Delaware, it would be well for them to analyze the vote of Florida against the candidates for Governor and Congress.—*Wash. NEW INVENTION.—An ingenious mechanic of Nashua, N. H., has invented a new method of driving circular saws without an arbor. With a saw arranged as he has it, a four foot saw will cut a board three and one half feet wide, while as now arranged, a four foot saw will hardly cut one and one-half feet. It is also arranged so that it will cut when the carriage is going either way, and will, at the same time, saw nearly twice as fast.
