Dandeleon, Wild Cherry and Sarsaparilla Dandelcon, Wild Cherry and Sarsaparilla THIS valuable medical preparation differs entirely from any simple "Extract of Sarsaparilla," or common purifying medicine. It is a compound of many most CLEANS-ING MEDICINES, with others acting directly on the Kidneys, or having immediate reference to the relief and continued healthy operation of some internal organs. It contains articles which enter into no other preparation in existence, AND IT IS UNRIVALLED in purifying and refreshing effects, by any Modicine in the world. It is put up in LARGE BOTTLES, is very pleasant to the taste, and is more concentrated,

STRONGER, BETTER AND CHEAPER, than any other in the market. Persons who have taken "Sarsaparilla" by the gallon, without rellef, have been radically cured by using two or three bottles. This is the only compound in which Dandellon, Wild Cherry and Sarsaparilla are so prepared to offer the peculiar virtues of each, in combination with purp extracts of other healing articles, in a highly concentrated size. Its ingredients are purely vegetable, and are such roots and barks as any found, though chiefly affecting certain parts, in their general tendency, to produce the most cleansing and healing effects.

To cure many diseases. Dropsjez, Kidney Complaints, &c. o import.
