quence, already won an enviable fame. In the exalted, but ardnous position to which he has and judgment, or in any surprising genius pecubeen called by the Governor, we have no doubt but he will discharge the duties of the office with honor to himself, and justify the confidence the

Governor and his friends have placed in him. THE OURBENCY.

Notwithstanding the immense inflax of gold that has taken place within the last few years. our currency appears to be in a more wretched condition than it was before the discovery of the abundant gold mines of California, and before e had the large organ fifted for that spokesman one dollar of the many millions of gold she has

poured into the States had reached our shores. Our paper currency is now in almost as bail a state as it was just before the last panic, which, in its consummation, overwhelmed so many within its consummation, overwhelmed so many with Pierce comes from an agricultural family. Fil-pecuniary rain, and many are apprehensive that more has stated in public how he has been ready to drop with fatigue after the labors of the farm Beginning work in that rough and practical man orisis is approaching which in its results may be equally calamitous.

It has long been the opinion of the people that the regularly chartered banks had undue privi- as the arens of real life, in which great forces leges for speculating, to the injury of the peoare familiar with the handling of those forces ple, in this kind of currency, but their privileges are small compared to those claimed by persons upon whom it would be hard to fix a sure responsibility for the redemption of their shinplas- and language of Daniel Webster that we must ters. The whole west is now overrun with the paper issued by private banking houses, in vio. | pacity of the orator. In polish, in care, and in lation of law, promising to pay Joba Smith or

John Brown so much. These notes, having all the appearance of bank notes, are circulated among the laborers on the public works and far-

mers, (far from the place of issue,) on whose in- to speak against the winds; like that of mer experience the sharpers count with confidence they can speculate. Of course these rags can attain no character with correct business men, and when the poor dupes who have been swindled with them wish to realize the "promises" they ker--- "oonsequences.

will find them "broken to their hopes," and that they are next to worthless. tions on the

Lecture of Thomas F. Meagher, Esq. On Thanksgiving evening, Thomas F. Meagher,

From the London Londer. If anything could prove how much the force Esq, the eloquent Irish exile, delivered a leclity of a country lies in the spirit of the ture in Metropolitan Hall, New York, on "Ausople rather than in the letter of its instituns, the career of Daniel Webster would be that rersons. The commodious hall, it is said, was roof. The Americans mourn him as a great nan but he was great only in so far as he was packed to sufficiation. At the door alone \$1,000

seentially American. As a party man we dis-over his weakness rather than his strength; and were taken for tickets of admission. The leoure, which occupied two hours in its delivery, a successful individual his greatness is altomd was listened to with profound attention, was her to be discerned in the operation of his untry and her influences upon him. Not that mainly historical and descriptive of Australia, very great personal capacities can be denied to nim, but they are essentially ablities springing the new Empire so rapidly rising in the far Southern ocean, but interspersed with passages rom the soil to which he belonged.

A great practical grasp of his subject-strong energy, drawn, like that of a tree, direct from the earth to which it belongs-indomitable vigor of industry, made the son of a country agriculgraphic imagery, poetic fervor and thrilling oquence He remarked that in 1788 the ship Sirius, from

Lindon, took out government officers of that country, who read the first proclamation announ. turist become a masterly lawyer, at least at the We were gratified yesterday morning to hear the Union has ever seen. Probably, if Webster cing the Colony of New South Wales. Captain lok had been there before, and taken po that Gov. Bigler had appointed bur fellow citizens were to compare with other men of learning, for sion of the Eastern coast in the name of King that Gov. Bigler had appointed bur fellow citizens, for the burght, for segnity of view, he might P. C. SUANNON, Esq., to the vacancy on the notionly have found his equal, but very often Bench of the District Court, obcasioned by the have met his superior. In some of the positions G torge the defender of the faith. (Hisses.) In 1552, another navigator had sailed round the uthern end of the island and named it Van death of Hon. WALTER FORWARD. This we re- that he took up most decisively and obviously, Dieman's Land. There were then but a few poor huts anywhere to be seen. This was the begin-ning of the Colony of New South Wales; this the gard as an excellent appointment, and we are the valuable nature of his judgement was tested

Webster could only extransactions; if it is not so, why not issue the twenty dollar bill instead of the twenty, one dolercise his full greatness by aiding rather than opposing the Mexican war. The sole change of lar bills ? The answer is very clear. As comany essential kind that has come over pu marcial aids, twenty dollar bills would be reinion in America. is the change from the polturned for payment, while one dollar bills are cy of mere non-intervention in foreign countrie left with those who are belpless without the law, | to the aggressive palicy which opposes Europeanizing encroachments by aggressive retaliations, and that change has sprung naturally from the course of events. Although sudden in its deto protect themselves.

The argument for the exclusion of the small bills of other States, is the same that was used velopments, it is not recent in the seeds of its to fasten upon the people of Illinois, another rot. growth, and it is essentially a development of national opinion. Although divided into separate ten banking law which is now going into operastates and enjoying the largest possible share of local government, the American Union is remarktion, from which they will some day realize the dire results they suffered under their former sys- able for the absence of mere local peculiarities ; tem. The Times thinks that it is as unjust as it some broad distinctions there may be enguely is unwise to implicate persons in the perils of whether you take him from Salem or Ciacinasti, the credit and banking system, who have no real from New Orleans or New York, the American interest in it whatever, by circulating small bills. is above all things American; and the public pinion which develops itself in that region of Let the every day, ordinary domestic trade be reedom, becomes so ample and mighty that transacted wholly on a solid specie basis, and mere individual influences are merged in a truly then we should neither have society arganised united national action. into mobs to protect itself from premeditated THE AMBRICAN WIFE OF JEROME BONAPARTE.swindling, nor politically convulsed on the cur-

rency question. Blovements of a Scamp.

who are in any way connected with the Napoleon The Bandusky (O.) Register gives an account family-gives the following account of Miss Patof a recent swindle, played off upon the creduterson, of Baltimore, subsequent to her marriage lous people of that place by HERE ALEXANDER, with Jerome and after Napoleon had insisted the magician. It recms that the Herr advertised that she should be repudiated for a royal bride: \$300 worth of jewelry, to be distributed by lot-But she at last learned that the Senate had tary to the audience--- some five hundred of whom pronounced her divorce, and that the King of Westphalia (Jorome) had married, on the 12th were green enough to purchase lickets and atof Angust, 1807, the Princess Catherine of Wur-temberg. She then resigned horself to returntend. When the hour arrived for drawing, the Herr was not prepared to tender. The crowd ing sorrowfally to America, with her son. She claimed a divorce from the Legislature of the got excited, and seeing the turn affairs were taking, the Herr made his escape through the door, State of Maryland; but although sought in marthe growd rushing down stairs in pursuit, and ringe by wealthy men, she always refused to down Water street as far as the Veranda hotel, to bear the name of Bonaparte, she could not to bear the name of boungarts, sue could not thies. Into which the main hall, and disappearing like a The lady is now 67 years of age, and she has the Maine Liquor Law in New Hampcomet through the back door-thence into the preserved, in a remarkable degree, traces of her early beauty. She is celebrated for the delicate stable yard-and thenco--to "parts unknown." and minute care which she takes of her person

The crowd immediately afterwards rashed in- her complexion and of her hands; she never to the hotel, not knowing that he had made his | takes off her gloves, except at the last extremity egress, intent upon giving him a "cold dack" and is rarely seen without a well. The History of the Dynasty of Napoleon thus speaks respect-ing her: "Opulent, highly distinguished by edusupper. Some person, to drive them out of the house, threw a bottle of Cayeano pepper upon the stove, which speedily had the desired effect; | which have partially rendered her happiness independent of others, she has passed a long, sc-rene and useful life; and she now, in the evening and the pursuers retired, baulked of their intended revenge. The next we hear of the magiof her days, thinks that fortune was not so adcian is at Chicago, where he was arrested for debt. The constable, however, seized his imple-ments for constable, however, seized his imple-is allied, recalls the line of Shakspeare, "Unea-

ments for carrying on the black art; and the pasy lies the head that wears a crowp:" and in the pers of that city are exposing to the public how the wonderful tricks are performed. The Ma-Independently of the pleasures of affection, which she enjoys as mother and grandmother, gician is a great scoundrel; and generally runs Madame Bonaparte is on the hest terms with her two brothers, Joseph and Edward, Patterson, off without paying either his hotel or printers' both of whom possess large fortunes and charm-

AN INCIDENT OF THE GLORIOUS STH OF JANUAny .--- The crowning incident of the next anniversary of the battle of New Orleans will be the erection of Mills' equestrian statue of General Jackson upon its pedestal in the fine square opposite the executive mansion at Washington.
