TAV PARTNERSHIP—The subscripers have associated to the process of the INGS, FOR BUILDINGS OF

EVERY DESCRIPTION.

THE above Company beg leave to call the attention of
Architects, Builders, and the Public generally to their
absortment of Marchized Cast from Mantles, and other articles, which they are show manufacturing on the most esinged scale; the beauty and design of which, and their exquisite finish, has never been equalled, and cannot be arrailed. Their cast imitations of the finest varieties of fishels,
such as Egyption, Shome, Brenstelle, Yard, Antique, Agate,
Prince Albert, Fyreness, Light Spar, &c., &c., has elicited
the unqualified commensation of comnoiseurs in Marphes,
and established their popularity with the public.
Some of the attrantages of this discovery, counsis in its
capability of withstanding a high heat, of resirting acids and
oils, which stain and deface marbles, and their currantess,
being about one-third the cost.) in comparison with ellother
sinds of Mantles; also, the advantage of being packed and
sent with safety to any part of the country.

The Marbling department is under the superinsondence
of Mr. E. DEMINO, who first introduced this invaluable discovery to the public, and demonstrated its practical infility
and application to metals and other substances.
