tow Spirits, Hypochondriae, want of energy and capacity for business or disposition to enjoy it and happiness, are wretched complaints which allently preupon the constitution of the unhappy object. They ar nally brought on through troubles and ambitions of the nind, sedentary habits, confined air and closs app

study. They are sometimes attended with loss of appe indigestion, dyspepsis, nervous debility, frigh tite, indigerion, dyspepan, nervous debility, frightful dreams, and a pallid, unhealthy, downcast countenance. Now, while these melancholy disorders exist, the bright sparking eye loses its wonted lustre—the mind is pensitration and vivacity—the body its manily courage and vigor, and the noblest feelings of our nature gradually dwindle away to a feetful pewish temper, until life becomes a burthen, and other diseases arise to shorten the existence of the away to a freiful perish temper, until life becomes a burthen, and other diseases arise to shorten the existence of the
writched victime.

A baim for the horrible disorders will be found in that
excellent article, HALSEYS FOREST WINE!

Serofula. It is due to Kier's Petroleum to Es that it has been known to completely eradicate every vestage of this dreadful disease in less time than any other remedy,

and at less cost or inconvenience to the patient.

The thousands of certificates in the hands of the proper of Pittaburgh and its immediate vicinity, go to show clearly nd beyond all doubt, that KIER's PETEO of no common value, not only as a local remedy in Puralymerits.

Those having a dread of mixtures are assured that this medicine is purely natural, and is bottled as it flows from the bosom of the earth.

The following certificate is copied from a poper published at Syrucuse, N. Y., and bears dute August 2, 1882, to which is also appended the certificate of the elebrated D. T. Foo, M. D.

also appended the certificate of the electrated D. T. Foot, M. D., of Syracuse:

This may in truth certify, that I have been so badly affilieted with Scrofula for the last seven years that most of the time I have been unable to attend to any kind of business, and much of the time unable to stead nearly all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oil, as everything else had failed. I did so without faith at first, but the effect was astonishing; it throw the polson to the surface at once, and I at once began to grow better, and by using seven bottles I have got a cure worth thousands of dollars. MRS. NANOY M. BARKEK.

This may certify that I have been acquainted, with Kier's Petroleum; or Rock Oil, for more than a year, and have repeatedly witnessed its beneficial effects in the cure of indont ulcers and other diseases for which it is recommended, and can with confidence recommend it to be a medicine worthy of attention, and can safely say that success has attended its use where other medicine had failed.
