THE CITY POST.

THURSDAY MORNING..... MARCH 31.

COURT NEWS.

IN THE COURT OF QUARTER SESSIONS, before Hon. William B. M'Clure, President Judge; and William Rogers and Gabriel Adams, Associates.

The case Ritts Commonwealth vs. Mary Ann Lusher was continued yesterday. The principal witness examined for the prosecution was the husband of the lady, Henry Lusher. He testified that on the 29th of February he returned home at night, after having been absent from home all day. He stated that he went to the cupboard and turned himself a piece of bread with plum butter. After having eaten he felt unwell, vomited, &c. He also testified to various exclamations made by his wife, which could be tortured into an admission of her having placed the poison in the butter.

Dr. Murray, a practicing physician, in Snowden township, was examined, and testified to a part of the charge. After the case had been argued it was submitted to the jury, who returned a verdict of "not guilty," and the prisoner was discharged.

Commonwealth vs. James Ehlinger; indictment, keeping a tippling house. The defendant plead guilty, and received the usual sentence of a fine of $20, and the costs.

Commonwealth vs. John Hoey; indictment, grand larceny. The defendant was indicted for the larceny of a large amount of poultry, stolen from a number of citizens of Allegheny city. For a long time, the citizens of our sister city, in the neighborhood of Beaver street, perceived that the number of their chickens was nightly diminishing; the police were summoned, and on searching Hoey's house the covered a large number of chickens which had been taken from the coops of the neighbors; and which were identified by different owners. The jury returned a verdict of guilty. The prisoner was sentenced by the Court, to one years imprisonment in the Western Penitentiary.

The Grand Jury ignored the charge of perjury which had been preferred by David Rossen against Captain James S. Stewart, and said that the prosecutor should pay the costs.

The next case was that of the Commonwealth vs. Charles Shivell, indicted for larceny, on oath of Simon Drum. The defendant was charged by Drum with stealing a cart and harness from his stable. The property had been placed in the care of prosecutor, by the father of the defendant, but after the large of a short time, the last, was ordered by his father to go to Mr. Drum's stable, and take out his cart and harness. This was the cause of the action. It was evident that the lad had no criminal intention, when he took the property. The jury returned a verdict of not guilty.

IN THE DISTRICT COURT, before Hon. P. C. Shannon, President Judge.

As there were no other cases ready for trial before Judge Shannon, the Court adjourned until this morning.

Before Hon. H. W. Williams, Assist. at.

Seth Matthews vs. James Park, Jr. and D. E. Park, garnishees; No. 704, April, 1850. Robb for pla'ntiff, and Biddle and M'Candless for defendant. This was an action brought to recover $123 .00 from defendant, in the purchase of R. S. Park—

A verdict was given for plaintiff for that amount, subject to opinion of the Court on a reserved point. The point reserved was whether the equal interest and proceeds of a legacy to R. E. Park from Eliza Ann Park, was liable to attachment.

Rachel Bowan vs. Sylvester Tyler, Street Commissioner of Allegheny city, George Kirkpatrick and Mr. Mitchell; No. 502, November term, 1851. Hepburn appeared for plaintiff, and Marshall and Geyer for defence. This action was brought against defendants, as agents employed by Allegheny city to open street—a street was opened through defendants property, which came within five feet of the house. Bowan contended that he received no notice of the intended opening, as required by an act of the Legislature it was rendered necessary by that act that the Street Commissioner should cause said notice to be given through the public papers, for a certain number of times. It was contended by the plaintiff that such notice had not been given. A verdict was rendered for plaintiff, subject to opinion of Court as to whether said notice had been given.

James R. Smith, assignee of the assignment of W. K. Hubley, for use, vs. John Thompson; No. 428, January Term, 1852. G. P. Hamilton and Ritter appeared for plaintiff, and Selden for defence. This was an action on a book account, for goods sold and delivered to defendant. Defendant plead set off, and showed a note endorsed to him, drawn by plaintiff, for a much greater amount than the value of the goods. The question was whether the note could be brought forward as a set off, when the action was brought by plaintiff to recover for a third party. On trial—

He als'ma that, under this provision, he may adjust in January, 1853 scales which were adjusted in December, 1852, but in such case can not perform the same ceremony again before January, 1854. KENNEDY'S REVIEW.—The April number of this admirable publication has been handed to us. The enterprising publishers have surpassed all previous efforts in providing the public with a perfect safety guard against all counterfeit and broken bank money. It has a list of twenty-six new counterfeits, and four pages of reading matter on financial affairs generally. Beside this, it contains two new plates of very dangerous counterfeit notes.

It is now a work that is unequalled by any similar one in the country; and is afforded, with a splendid supplement, for one dollar per annum.

CHINA STORE.—We invite attention to the advertisement in another column, of the China Store of Mr. HOSKINSON. Mr. H. has, we believe, one of the largest assortments of China ware to be found in the trade. His store is fitted up in a beautiful manner, and from one of the most attractive features in that great thoroughfare, Wood street. The stock of common ware, glass ware, britannia ware, mantle ornaments, &c., kept by Mr. H., is also very extensive.

HARPER'S MAGAZINE.—Mr. H. P. Callow has received Harper's Magazine for April. This magazine has now a circulation of 115,000 copies, and for varied and interesting reading, is not surpassed by any serial in the country. The present number is one of the best that has been issued; the illustrations are of a high order of merit, and the reading matter is excellent. For sale at Callow's Literary Depot, Third street, opposite the Post Office.

CROSS SUITS.—ASSAULT.—James Black made an information before Ald. Parkinson, yesterday, in which he charged Arthur Conner with assault and battery. A daughter of Conner's attempted to put a clothes' line in Black's yard, and upon his remonstrating, her father came out of the house, and made the assault complained of. Conner afterwards made an information charging Black, with the same offence. Both parties were held to bail.

COUNTERFEIT GOLD DOLLARS appear to circulate quite extensively in the city at present. Yesterday two young men were arrested, and taken before Ald. Major, charged with passing two counterfeit gold dollars. They made a satisfactory explanation, as to the manner in which they came in possession of them, and were discharged by the Alderman.

HARPER'S MAGAZINE.—The April number of this Magazine has been handed us by Miner & Co., of Smithfield street, and Gildenemy of Fourth street. Notes from the Copper Region and Orange Lily are both continued in the number.—No more and no better reading than is furnished in Harper's Magazine can be procured for twenty-five cents.

RATES OF PASSAGE.—The reduction of freight on the Pennsylvania Railroad between this city and Philadelphia and Baltimore has been announced for the summer months.—The rates established, are as follows:—First class, 75 cents per 100 lbs.; Second class, 60 cents per 100 lbs; Third class, 50 cents; and the Fourth class, 40 cents per 100 lbs.

MISS KENNEDY appeared last evening, as Rosalind, in the play of As You Like It. In this character, we think Miss K. excels most of our actresses.

The bill to-night is excellent, and should attract a goodly number to the Theatre.

HEALTH OF THE CITY.—The Board of Health report twenty-two cases for the week ending March 27th. This is an increase over the past few weeks. The greatest mortality exists among children under five years of age.
