CITY SUBSCRIPTION TO THE CHAR-TIERS VALLEY RAILROAD. We are glad to be enabled to state the joyful news, that the City Councils, at their meeting last night, passed an ordinance authorizing a City

subscription to the capital stock of the Chartiers Valley Railroad, of three thousand shares, or \$150,000.

ACQUISITION OF CUBA.

The policy of the present Administration in regard to the great question of territorial extension has not yet been made known to the world, for spends and it may be that the Commissioners

Buver assemble, or shared with a last twelve months. He claimed that he had a pre-emption right to it, inasmach as the paper of which he is the grandiloquent editor, has published similar advertisements for the last sixty soven years—sion has not yet been made known to the world, for the last sixty soven years—the last Valley Railroad, of three thousand shares, or sion has not yet been made known to the world, lur- this reason appeared a very and seem set forth in the very able in- people, and it may be that the Commissioners dignation) the chesticg air, of the "Rogue's augural Address of President Pienes. The sentimay have supposed that a paper which had enments therein promulgated on the subject are joyed this kind of patronage ever since the "or- March" has been heard in our streets. such as have met the cordial approbation of the ganization of the county," would allow of the great mass of the American people. We ex- propriety on their part, the "propriety" of disptract the following admirable passage from the beying the imperious selfishness of the dear

Descon. But they were mistaken. The Gazette Predominantly the power of our advocacy reposes in our axample; but no example, be it remembered, can be power ful for listing good,—whatever apparent advantages may be gained,—which is not based upon the eternal principles that for some one of the board shift and justice. Our fathers decided for themselves, both upon the hours to estable. They were will bet a big turnip that he will not say a word against them until they give a similar advertisement, and their sacred honor, for the acquisition of the pricess inheritance transmitted to us. The energy with which that great conflict was opened, and, must be ground at a second election. What is word against them until they give a similar advertisement to some one of the board should send him a stray cow advertisement, and we will bet a big turnip that he will not say a word against them until they give a similar advertisement to some other paper. The deacon can be molified if the proper means bro adopted. We hope the Commissioners understand him.

Inst and beneficent Providence, the uncomplaining endurance with which it was prosecuted to its consummation.

THERE IS A GOOD TIME COMME.

great countiet was opened, and, under the guidance of a man-inst and beneficent Providence, the uncomplaining endur-ance with which it was prosecuted to its consumnation, were only surpassed by the wisdom and patriotic spirit of concession which characterised all the councils of the early fathers. One of the most impressive coincidences of that wisdom is to be found in the fact that the actual working of our system has dispelled a degree of solicitude which, at the outest, disturbed bold hearts and farrenching intellects. The apprehension of dangers from extended territory, multi-plied States, accumulated wealth and augmented population, little become nearly three-fold their original number. Your densely populated possessions skirt the shores of two great localers; and yet this and integrate of people and territory has not only shown itself compatible with the harmonious action of the State and the Federal Government in their sespective contituational subserve, but has offereded on additional guar-anty of the strength and integrity of both.

With an experience thus suggestive and cheering, the policy of my administration will not be controlled by any strivial foreboolings of will from expansion. THERE IS A GOOD TIME COMING. The Gazette of yesterday opened out rich upon this brother of the Journal. We felt somewhat disposed to take up the endgel for his Honor, but things could easily be arranged in this way, and on second thought we concluded that we might on second thought we concluded that we might has the advantage of his neighbor, inasmuch as he has the advantage of his neighbor, inasmuch as he has been favored with an advertisement from the Commissioners. This, in the opinion of the Gazette man, is a "tower of strength," and the shop—and let me repeat the asseveration of one of the tower of the Journal, is to induce his friend Mr. Macill is seen to the search the records and searching how much has been paid the Gazette during the last sixty-seven years. While Mr. Macill is the search are the class who are making the hour, one single imperial advocate, one attorney is one site imperiated advocate, one attorney, one physician, hour, one single imperial advocate, one attorney or attorney's clerk, one notary, one physician, who does not still remember with a lively beat who does not still remember with a lively beat hour, one single imperial advocate, one attorney is one storney, one physician, hour one story of the heart his rapid flight in the whizzing of the heart his rapid flight in the whizzing car? An emotion, a fright and a pleasure!—

On second thought we concluded that we might in this way, and the party be largely benefitted.

On second thought we concluded that we might can the province of the heart his rapid flight in the whizzing car? An emotion, a fright and a pleasure!—

All that was a golden time! We were just in this colony, and located all the most desirable or attorney's clerk, one notary, one physician, who does not still remember with a lively beat who does not still lively beat and the wizzing of the heart his rapid flight in the whizzing car? An emotion, a fright and a pleasure!—

All that was a golden time! We were just in this way, said converted to the judgments of his fellow—

The Gazette was his his his policy of my suministration will not be controlled by any trivial forebodings of evil from expansion.

Indeed, it is not to be disguised that our nittinue as a nation, and our position on the globe, render the acquisition of certain possessions not within our jurisdiction, embendly important for our protection in the future, and essential for the preservation of the rights of commerce and the peace of the world. Should they be obtained, it will be through no grasping spirit, but with a view to obvious national interest and security, and in a manner entirely consistent with the strictest observance of national faith.

trivial forebodings of evil from expansion."

The is that all these lilacs come to us every morning other quarter .- an idea that would lead to the upposition that the region named is exclusively iven up to the cultivation of lilacs as Montreull is devoted to the production of peaches, and Fontainebleau to the raising of white grapes. Well, here is the true version. It is not my fault if it be a sad and rule specimen of the truth. Only falsehood, and its eldest de

paradox, have the right to appear graceful and One day, during the past week, a friend from less troubles besought me to accompany him to the provinces besought me to accompany him to the provinces besought me to accompany him to the provinces besought me to accompany him to decision of the Democratic Convention. 1623.tc. the provinces besought me to accompany him to the meadows of St. Gervais, that flowering casis the wrong side of the river to prove very ad-lished by the officers and proprietors of some of in the suburbs of Paris.

A country covered with Illaes, said he to me made extraordinary efforts to have the road taken at that port, for the purpose of making a show of on the road thither: I will buy a house, and

clumps of bare and stanted shrubbery.

At this moment, a frightful maritornes, 33 having presented herself at the threshhold of the inn-door, we asked her:

The meadows of St. Gervais, Mademoiselle! You are on the spot, gentlemen! What? these the meadows of St. Gervais? exclaimed my friend.

Yes! M'sleur, Where, then, are the lilacs? They have not come yet.
You mean to say probably that they have not No, M'sieur, they have not yet arrived fro How? from Paris?

Yes, m'sieur; from the flour market. Hem, ho why look! here they come, this minute. The cracking of a whip was just then heard; we turned our heads and saw coming towards

an intimate acquaintance with the wants of the great mass of the public. An article on Monticello, by Lessing, illustrated, embodies some very interesting reminisences in regard to Jefferson. An interesting illustrated article on the growth of cities in the United States, is worth reading. For sale by Gildenfenney, 76 Fourth street.

We have a new candidate for public favor in the Mining Magazine, edited by William I. Terman.

Australia as seen by a California The following letter was written under date of January 10, 1853, from the Eureka Diggings, Australia, by Mr. W. H. Cooper, late city Surveyor of Senora, to a friend in the latter place, by whom it was furnished to the Senora Herald.

It is conclusive of the question as to the relative merits of the two great gold fields of the world, and helps written have intelligent and world, and being written by an intelligent and observing man, and withal a practical miner, is entitled to full consideration. No one who reads it will ever think of leaving California for such a prospect as is here depicted. In fact, we learn that hundreds who were in this city on their way to Australia, have changed their minds

salt. The flies are an intolerable nuisance, and there is no end to them in the mines. Many persons have almost lost their sight on account of their darting into their eyes. I preserve my door below Sixth, Philadelphia. eyes and face by continually wearing a veil.
"The laws of this country are exceedingly oppressive to the poor laborer, taxing him to death all the time, and leaving him no chance to accumulate wealth, by any regular course of industry. Hence his only hope is to strike what is here termed 'a dollop,' or in our language 'a pile' in the diggings; and even then his license oney, and the per-centage of getting it through to the settlements, and converting it into specie, eats up a great deal of his godsend. To get this dollop, in the first place, he stands only one fifth the chance that he would in California; so you may judge that it is all a lottery. And yet there are men who have made themselves inde-pendent and comfortable for life, by spending

pencent and comfortable for life, by spending only a few weeks in these mines.

"I am at present in the Victoria Diggings. The gold here lies in much heavier deposits than in California; but these are fewer and farther between. My diggings are fifty feet in depth, while in the vicinity, there are places must be abolished altogeness—
easily be done, by simply going back to the people, to be decided at a second election. What is
at present reserved to a convention? And mark
you, there is no trouble or less of time or noise
about the election, as the late one was conducted.

ANOTHER FATAL RAILBOAD ACCIDENT .- The express train from New York to Boston, on Friday morning, via New Haves, run off the track We are rejoiced to learn that the work on the Steedenville and Indians Bailroad is progressing so rapidly. The officers of the company deserve the thanks of the whole country for their unting efforts to scoure the speedy completion of this great work. They have overcome all sorts of difficulties and opposition. When the road is completed they will undoubtedly have a grand jollification!

We are rejoiced to learn that the work on the Steebenville and Indians Bailroad is progressing stept.

In overy great display further than a small turn out of the military is expected on the great doy itself.

When but a word or a sign were enough to procure the septency of at East Brookfield, by coming in contact with its a philosopher; she is happy in the love of her Julius or her Edonart, for she possesses a heart that knows not how to calculate.

The monster Spring has been executed as you know—and the great question now is whether he has been buried or not. Videstatements and affidavits (in Philadelphia newspapers) of those with a concern for his soul's welfare.

Anong the real joys of Spring, I must men in the filact consumed in Paris, during the thirty days of May, you wounded on his head. C. L. Moore, of Worcester, is very badly wounded on his head. C. L. Moore, of New York, had his leg jammed. Many others of the great day morning, via New Haven, run off the track at East Brookfield, by coming in contact with the feight train on the side track. Two freight, the thenks of the great question now is whether—a heart that knows not how to calculate.

Arithmetic is not its profession. Passion—ah!

Wm. Johnson, of Worcester, had his excell in Paris, during the thirty days of May, you wounded on his head. C. L. Moore, of New York, had bis leg jammed. Many others of the great day morning, via New Haven, track at East Brookfield, by coming in contact with the freight train on the side track. Two freight, there being a possesses a heart work in Philadelphia newspapers) of those with the freight train on the side track. Two freight
