Fighers, is no Medicine so well adapted for all common it diseases on plantations, as B. A. Fahnestock's Vermiffugge. Read this testimony.

From F. P., DUCONGE, Esq., New Orleans.

New Onleans, March S, 1853.

Massis, B. A. Folynestock & Co.—Gentlement: I can pleased to inform you that your Vermiffuge continues to sell well in this city, and I find it gaining favor dally amongst our planters. Many of my entomers, who were in the habit of using other medicines, are now determined to use R. A. Fulnestock's Vermifuge only, owing to its safety, as well at efficacy. In fact, I know of no Vermifuge sold in the city, which stands so high in the estimation of the public. Please send me fifty gross more of your VER-HFUGE, as F. find my present stock getting very low.

Respectfully, F. P. DUCONGE.

dia appended the certificates the collorated D. F. Foot, M. D., of Symanus:

This may in truth certify, that I have been so badly a ficted with Scrofula for the last sorem years that most of the lime I have been unable to attend to any kind of business, and much of the time unable to walk and confined to my bed, and have been unable to attend to any kind of business, and much of the time unable to walk and confined to my bed, and have been trained nearly all the time by the best thy solicians our country affords; i occasionally got some relief, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oil, as error, thing else had failed. I did so without thith at first, that the effect was actualshing; if threw the poison to the nuriace at ones, and I at once began to grow better, and by using seven bottles I have got a cure worth thousands of dollars.

This may certify that I have been acquainted with Kier's Petroleum, or Rock Oil, for more than a year, and have repeatedly witnessed its beneficial effects in the cure of indocein fulcers and other diseases for which it is recommended and can with confidence recommend it to be a medicine worthy of attention, and can easily say that success has attended its use where other medicine had failed.
