THE CITY POST.

THURSDAY MORNING.....AUGUST 25.

THE COMMON CASE came up yesterday, before Alderman Buckmaster, for hearing. Judge Shaler, on behalf of the driver against whom the action was brought, entered a special plea, admitting that the omnibusses were driven on Sunday, but alleging that their running was a public necessity and convenience, and that it came under the exceptions to the act under which the suit was brought.

A number of witnesses were examined. To show the manner in which the prosecution was conducted, we give below the testimony of two or three witnesses examined for the Commonwealth. The suit was not prosecuted against the Executive line, but against their drivers.

——Williams: Black, sworn—Saw defendant (Kelley) driving omnibusses on Sunday week on the road, between Pittsburgh and Lawrenceville; the omnibusses were full of passengers; there seemed to be as many passengers going towards Lawrenceville, as coming into the city; I saw defendant driving the church service was going on in the afternoon of Sunday.

Cross Examined.—Live at Coghansville, in the Ninth Ward; did not stay at home on that day for the purpose of watching the omnibus drivers; I staid at home last Sabbath afternoon, partly for that purpose; I staid at home last Sabbath, for the purpose of watching to prosecute; was not requested to stay at home; I often make use of omnibusses to come to town, but not on Sabbath; I know of no body else attending our Church (Dr. Brown's) that comes to town, on Sunday, in omnibusses; I formerly used a carriage to come to Church on Sunday.

——Nicholls, sworn.—Judge Shaler objected to this witness being examined, as he was the informer, and was interested in recovering half the penalty. He waived the objection however.—For defendant, Nixon, driving omnibusses several times during the day on Sunday week; he drove most my house in the 8th Ward; it is within two or three blocks of the toll gate; my opinion is that the omnibusses do not carry any persons to Lawrenceville to go to church; they carry some in from Lawrenceville, who disregard church; there are many persons who reside in Lawrenceville, who come to church in the city on Sunday; they are mostly Catholics; there are two churches in Lawrenceville, never saw the omnibusses carry persons on Sunday, who were drunk or disorderly or create a disturbance.

Cross examined.—I always walk into town on Sunday; I intend to take a regular observation of the running of the omnibusses of Sunday, the 14th; it was at the request of several gentlemen of the city that I did so. Judge Shaler cited at whose request he staid at home; Objected to. An argument ensued on the question. The Alderman decided the question a proper one. Their names are James Haughton and James Bridges. Mr. Laughlin said the reason he wanted the omnibusses stopped was on account of the desecration of the Sabbath, the noise, &c.; do not recollect any other reason he assigned; I told Mr. Snowden that if I had no other reason to stop the omnibusses I would do so because they had run over a hog belonging to me, and pressed a hog belonging to my mother; the cases were over on Sunday; I belong to the Fourth Presbyterian Church; several person came to church in cabriolets, on Sunday; the best seated some of our own members came to church in omnibusses.

A number of witnesses were examined for the prosecution, who testified to the fact of the omnibusses running on Sunday; none of the witnesses appeared, however, to have been disturbed in their devotions, but they all admitted, successfully that existed for a cheap conveyance between Pittsburgh and Lawrenceville.

For the defence a number of witnesses were called, who testified to the necessity that existed among the poorer classes, for the running of an omnibus line, to Lawrenceville on Sunday. Messrs. Thibaud, Jones, Snowden, Maj. John H. Butler, and many others testified for the defence. Some of the witnesses stated that they would be unable to attend church on the Sabbath, in case the omnibusses were prevented from running on that day. In muddy and disagreeable weather particularly, the omnibusses were relied on, to carry the families of persons residing in Lawrenceville, to Church. Mr. Snowden, the agent of the line, testified that he often hundred persons who traveled between the two points on the Sabbath, one-half attended church, and patronized the omnibusses for that purpose.

The Alderman did not give his decision, but will probably announce it to-day. Great interest was manifested by the large number of gentlemen present, in the case, and it was except what appeared to be "the Committee," the sympathies of those attending ran one way. The prosecution was conducted by a Mr. Brown, on behalf of "the Committee."

HEARING OF GOULD AND MYERS ON BAIL.—William L. Gould was brought before Judges McClure and Adams, of the Court of Quarter Sessions, yesterday, on a writ of *Habeas Corpus*. Messrs. Pollock and David L. Reed appeared for the defence, and C. Hazlhorst, Esq., for the Commonwealth.

By permission of Court, Mr. Pollock read the testimony elicited at the Coroner's inquest, held on the body of Hamilton R. Dilworth, on Sunday last. After he had concluded, Mr. Cromley, for whom Gould worked for two years, was called and testified to both (Gould's) good character and peaceable disposition.

Mr. Morrow, of the firm of Haigh, Hartupee, & Co., also testified to the good character of Gould, who is now in the employ of him firm, and is not yet out of the apprenticeship.

Judge McClure, after the evidence had closed, remarked that when a person was brought out of prison, on a writ of *Habeas Corpus*, for a bailable case, a sheriff never let him be discharged, because the verdict of a jury is a matter of such importance to him. As an instance of the importance of a trial he stated, that a man may in self defence, take a life, and if he should not be tried, malicious persons and enemies, would cast up to him, his act as a crime. If the person, however, commits a trial, the verdict of a jury would settle the months of slanderers. This was a great privilege a prisoner enjoyed; and in every case of homicide, the facts should be passed upon by a jury. His honor stated that the present case was clearly a bailable one.

Judge McClure fixed the bail at $1000, and upon Mr. Morrow becoming surety in that amount, Gould was discharged.

The next case was that of Joseph Myers, accused of murder, in causing the death of Henry Bisbop, on Monday afternoon last. Mr. Hasbrouck also represented the Commonwealth in this case, and C. O. Loomis, Esq., appeared for the defence.

Several witnesses were examined by the counsel in regard to the affair. It was shown conclusively that Myers had used just sufficient force to put Bishop out of the house, and no more; that the death was accidental, rather than resulting directly from any act on the part of the barkeeper. His employer, Mr. Cairns, testified to Myers' being a sober and peaceable young man.

His honor, Judge McClure, for the same reasons mentioned in the other case, did not think it proper to discharge Myers finally, but held him to bail in $500 for his appearance at the next term of Court. On the required surety being given Myers was discharged.

MEETING OF THE DOUGLASS GUESS AND RETURNED VOLUNTEERS.—In pursuance of notice previously published, a meeting of the Douglass Guess, and other returned volunteers, was held in the Armory of the Guess, on Tuesday evening, August 23.

The meeting was organized by the appointment of Capt. Campbell as Chairman, and W. G. Miller as Secretary.

A committee, consisting of Capt. John Herron, Capt. Alex. Hay, D. H. Bigney, Col. Robert Anderson, Capt. H. W. Bindee and Col. S. Whitack, was appointed to report resolutions expressive of the feelings of the meeting, in reference to the untimely and melancholy death of the late General John Ehrens, of Philadelphia.

After a short absence the committee returned and submitted the following resolutions, which were unanimously adopted.

Resolved, That we have heard of the sudden and untimely death of Gen. John Ehrens, of Philadelphia—formerly Captain in the first Regiment of Pennsylvania Volunteers, with the most profound sorrow and regret.

Resolved, That in Gen. Ehrens, while living, we recognize a man who endeared himself to all acquaintances, no less by his social than by his martial qualities. That the high position he attained—political and military—by his courage and his energy, his urbanity and his integrity, is the most valued legacy he could have left to his friends; and that his career on the field of battle, on the tollsome march, and in the peaceful avocations of private life, now, in his death, forms an example worthy of contemplation and emulation.

Resolved, That in the death of this accomplished gentleman and gallant soldier, society loses one of its brightest ornaments—our State one of its best citizens, and our country one of its truest defenders.

Resolved, That in sympathising cordially with his family in this afflicting dispensation, we tender them our sincere and heartfelt condolence. In memory, his friendship, and his never cease to cherish his services of love and gratitude, services, with the warmest e[illegible] of the deceased.

Resolved, That in respect to the memory of the deceased, we will wear crape on the left arm, and drape the Hall in mourning, for the space of thirty days.

Resolved, That a committee of three be appointed to transmit a copy of the proceedings of this meeting, and of the foregoing resolutions, to the family of the deceased.

Resolved, That the foregoing resolutions be spread, at large, upon the minute book of this Company.

O. H. Bigney, Capt. John Herron, and Mr. Ralph Frost, were appointed the committee provided for in the sixth resolution. Whereupon, the meeting adjourned, *sine die*.

TO SUFFERERS

FROM THE EFFECTS OF SELF ABUSE.

IMPELLED by a desire to do to others as I would that others had done to me" when slightly circumstanced, I hereby CAUTION you against the specious promises of pseudo Doctors, Venders of highly-puffed Cordials, and other expensive but worthless nostrums, each pretty numerals, etc. Beware especially of those who "guarantee" a cure in an unreasonably short time, which at once stamps them as ignorant and unprincipled. Every sensible man must know that a sensitive organ of the body, which has been disordered by protracted abuse, cannot be restored in a week or two: the fact is, they are perhaps mostly cures any body—therefore wait to save time and money upon them, but, if so disposed, profit by my experience.

I will insert a knowledge of the means by which I was restored to health, (after suffering severely from involuntary seminal emission and its concomitants,) supported by respectable testimonials, to any one who will write me a plain, but brief statement of his case, and remit Five Dollars to aid in paying for the postage, stamps, and time and trouble of writing out directions, which require no reference with previous or injurious drugs or instruments, will certainly improve the general health and strengthen the system, as well as invigorate the organs affected, and perfect a cure in the shortest time possible, and at very trifling expense. Address, in strict confidence,
