

THE CITY POST.

TUESDAY MORNING, OCTOBER 26.

Disruptive fight—Incident—On Saturday night about half-past eleven o'clock, (after our paper for Monday had gone to press) a fire broke out in the extensive foundry of Mr. William Irwin, on Main and Cherry streets, in the Fourth ward Allegheny. Before the engine arrived, the flames had gained such headway, that it was impossible to extinguish them, and the entire foundry building was destroyed.

The foundry formed a square, the walls of which were built of brick, and the roof was of iron. The engine room and machine shop attached to the foundry, were also burned.

In the angle of the foundry there is a large brick house, five stories high, occupied by Mr. Irwin as a store house. It was filled with cast-iron, patterns, &c., to the value of between thirty and thirty-five thousand dollars. This building, too, was destroyed, and would undoubtedly have been destroyed, had not the fire been extinguished by Mr. Irwin, and two of his workmen, named McClelland and Bascom. At the time the warehouse was burning, the fire was very hot, and fighting, and they were so occupied with their amusement, that instead of being any of an extinguishing the flames, they related the efforts of others to subdue them.

The TRANSFORMATION CONTINUES of this city are now shipping goods to the East, by railroad, owing to the low stage of water in the canal. Leitch & Co. are forwarding a large quantity of cast-iron pipes, and other articles, by rail, and from thence by railroad to Philadelphia.

THE BENEFIT OF THE STORM.—We chronicle for the benefit of our readers in more general circles, the chilling fact, that yesterday was signalled by a severe storm. A veritable snow storm, and one that brought out requests for coats, overcoats, and articles of a similar kind.

PEREGRINE.—The remains of this city and Allegheny, turned out in large numbers on Sunday, to attend the funeral of a young man named Gutierrez, a member of the Relief company, who died on Saturday. He was buried at the Catholic Cemetery, on Troy Hill.

ALEXANDER C. BELL, who was committed to jail on Tuesday, by Mayor Theobald, for the property of a widow, lately named Mrs. Deary. It was consumed, and with it, a small stock of groceries, which Mrs. D. kept for sale. There was no insurance, and her loss will amount to \$2000. By the fire, she is left without a home.

The owner of the other frame building, James Maccheller, will lose about \$1500. In the rear of the foundry, a house belonging to Mr. Peter Atkinson was considerably injured. The loss is covered by insurance.

A cooper shop on Saw Mill alley, was totally destroyed. The owner, Henry Myers, will lose about \$500.

Large frame houses on the back of the river, which was occupied by six or eight families, was much injured by the flames. It belonged to Leonard Walters, and the insurance on it (\$2000) will cover the loss.

THE FIRE AT THE FOUNDRY.—The fire referred to above, took place between the Fairmount and American lock piers between the Fairmount and Allegheny City. The Fairmount was on Wayne street, and the American on Liberty street, some water running accidentally by the members of the Fairmount, the members of the American, caused the latter to bring their engine on Wayne street, and throw a full galley stream on the Fairmount men. It was returned with interest, and the American men were driven from the ground.

The fire of the members of the Fairmount turned upon the engine of their assistants, and it was completely disabled from use. The arms and galley pipe were broken, and the bodies of three men belonging to both companies, were injured during the fight. Clark Hoesack, a member of the American, was so much injured, that he was carried home by his companion.

A spectator was struck in the neck, during the fight. He was carried to Dr. Hartmeyer's office, where his wound was dressed.

INSPECTORS OF THE WESTERN PENNSYLVANIA.—On Saturday, the Judges of the Supreme Court appointed Hon. Samuel Jones, David Campbell, Esq., and Roly Patterson, Esq., Inspectors of the Western Peninsular, in place of three gentlemen removed, to make reports for this appointment. Col. McCandless and Gen. Moorhead, of the old Peninsular, remain in office.

INSPECTORS HAVE BEEN RESTORED from Chicago. Officers' mention of three gold watches found in that city by the police, on the persons of offenders, and which are supposed to have been stolen. Any person who has lost a watch, is requested to call at the Mayor's office, and ascertain the description.

GOVERNMENT.—We learn with great pleasure, that Albert H. Foster has been appointed Assistant Superintendent in the freight department on the Ohio and Pennsylvania Railroad. Mr. F. will have an office in Massillon, Ohio, where he will attend to the duties of his present situation. He will make a good officer.

CLERK OF THE U. S. DISTRICT COURT.—Capt. J. D. W. White has been appointed Clerk of the District Court, in place of B. Biddle Roberts, Esq. The latter gentleman has resigned the office, in consequence of his elevation to the post of Prosecuting Attorney, for this county.

FRAUD.—Aid McMaster on Saturday night, committed to jail, a young man named George Mather, who was charged with secreting his creditors with the intention of defrauding his creditors. John M. Fraker is the prosecutor. The amount of money in dispute is small.

RAY OVEN.—On Saturday night, while a Almagary oven was proceeding to the fire, a young man named Nicholas "Tom" was run over and severely injured. It is feared he will not survive. He was conveyed to his residence, No. 23 Penn st.

A very large stock of new styles, cloths, coatings, and other auction rooms. We would call the attention of our readers to the sale.

RAILROAD TRAVEL.—Last week, and the week before, 10,070 persons were carried over the Ohio and Pennsylvania railroad.

COMMERCIAL POST.
