SPECIAL NOTICES. oregon:

Ma. J. M. Kier-Dear Sir: Myself and with having been greatly benefitted by the use of your Petroleum, I wish the have you send me a box of two or three dozen bottles. I sim the Congregational Minister in this place, and several of my people are affected with indigestion and an inaction of the liver, the same of myself and wife, before taking your Perroleum, on Rock Oil. We took several bottles—your perroleum, on Rock Oil. We took several bottles—two or three cach—shout a year and a half ago, and we have never enjoyed so good health for years as we have since that time. I had not taken a single bottle, before since that clime and the stomach which so distresses the dynamic of the second of the second of the sound of the second of the sound of the stomach which so distresses the dynamic and the second of the s

use of your Petroleum. Sold by S. M. KIER, Canal Basin, GEO. H. KEYSER, 140 Wood street, and Druggists and Medicine Dealers every-oct25 Wood street, and Druggists and Medicine Desters, very where.

WESTEIN INSURANCE COMPANY.

WESTERN INSURANCE COMPANY, November 34, 1853. IIE President and Directors of this Company, has this day declared a Dividend of Two Dollars and Fif stant: and one dollar per share credite; to successary.

HE substitutes offer for the consideration of the public the above named FURNACE, designed for Warming and Ventilating Buildings, combining in itself all the desi-rable qualities required in a perfect Heating Apparatus, in-turing personal comfort, without any of the disagreeable

rnace. The joints of the Furnace are so constructed as to all and mying to the occupants, and so injurious to the "sealth and furniture.

The air to be warmed is taken directly from the outside of the building in all cases, thus insuring a supply of pure, wholesome air for breathing, and the other important functions required by the human system—the oxygen is not affected, nor the organic matter in the air explonited by coming in contact with an overheatest surface, as with other furnaces, and headaches and o'sur disagreeable sensations are prevented by this mean—and in consequence of the warm air not making too large demands upon the lungs and evaporating surface of the skin, to supply the moisture which it has lost in yearing over a red hot surface. In proof of this, attention is called to the certificates of Professor Sillians, of Xule College, New Haven, and to those of other electific persons who have examined this subject. If public and universal approval is any text of merit, the proprietors of this valuable Furnace can appeal to the exhibitions in all parts of the world, if having received the Prize Medal at the World's Pair, and the highest Fremiums at Pairs in New England, New York; and a Silver Medal at the State Agricultural Fair in Pennsylvania. no State Agricultural Fair in Pennsylvania.
