From the Pilitsburgh Morning Fort, Oci. 23, 1852. Treitorsta-One of the best medicines for the cure of Influenza that can be found in the country, is Dr. Keyser/s Peotoral Byrup. We have tried it, and take great pleasure in bearing testimony to its efficary. There is no humbug about it. At this season of the year, when one half our citizens are smeeting and coughing, it should be known that a few spoonstio of this medicine will, in half a day, work a perfect ours. Reder, if you have a cold, take our advice, and buy a bottle of Dr. Keyser's Poctoral Syrup.

remerly. From the Grzenburgh Intelligencer, May 20, 1863. This weather for a week past has been quite cool, and, to nay very unpleasant. Besides being cool, and nrp essant in that way, it is exceedingly changeable. On Weunesday, in that way, it is exceedingly changeable. On Weunesday, the 18th, the thermometer stood between 80 and 60 in the shade most of the day. The next day, overconts and fires were necessary to comfort; and on Friday morning there was quite a hard frost in this vicinity, though nothing was seriously injured thereby. As a consequence of these sud-den changes, many people are afflicted with bach colds and coughs. We observed a lady at Church the other evening so much annoyed with a bard cough, that wa really fels alarmed for her schiy; so much so, that it was with some effort we could refrain from "inikin" out in meeting," and peotomal system, to give her immediate relief-to be had at point McCleiland's store.
