DECISION OF THE DISTRICT COURT. In our paper of yesterday, it was stated that the indictment tried in the District Court against the Pennsylvania Railroad Company, for constructing a depot or shed on the Monongahela wharf, has resulted adversely to the company. The depot will have to be removed, unless the Supreme Court should reverse the decision. This case is one of importance to the company and the city. It is in part the result of the decision of the Supreme Court, at last term, in the vs. The City. That case in effect decides that the city is bound to keep the wharf clear of nuisances and obstructions as a public highway;

and that the city has no right to convert it, or sanction its conversions to any other use. The city, in due form, granted to the railroad company the right to erect the depot on the wharf, which is now decided, notwithstanding the grant, to be a nuisance. The power of the city is limited then to the mere preservation and care of the wharf as a public highway and port, or landing. The care bestowed by the city is three times repaid annually by the wharfage recoived; and it is in fact one of the best sources of revenue the city enjoys, aside from direct tax-

So far as the treatment is concerned, this is of very little convequence, as the remedica are the same. The EXPEO. TORANT should be given as often as may be necessary to relieve the cough, and produce a free and easy expectoration, and also to remove the tightness, or pain, or oppression about the throat or chest. The bowels should be regulated by the use of the SANATIVE PILLS whenever necessary. If there be much debility, with night sweats, from one to two teaspoonfuls of TONIC VERMIFUGEs should be given about half an hour before each meal. It should be mixed in two or three spoonful of cold water, and sweetened to please the taste. But if there be no night-sweats, or if they disappear, then give the AILFRATIVE three times a day, according to the directions, instead of the VERMIFUGE.

This may in truth certify, that I have been so healy affilicted with Scrofula for the last seven years that most of the time I have been unable to attend to any kind of business, and much of the time unable to walk and confined to my bed, and have been treated nearly all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oli, as ever rything else had falled. I did so without faith at first, but the effect was astonishing; it threw the poison to the surface at once, and I at once began to grow better, and by using seven bottles I have got a cure worth thousands of dollars.
