COAL TRADE.—C. S. Eyster, Esq., prepared a short time since, for Eastern publication, a statement of the coal trade of this city. Mr. Eyster computes the home consumption as follows:

For Domestic uses	12,000,000
" Rolling Mills	6,375,000
" Foundries	540,000
" Glass Houses	600,000
" Engine and Machine Shops	600,000
" Cotton Factories	100,000
" Gas Works	200,000
" Public Buildings	150,000
" Miscellaneous Engines, &c.	900,000
" Steamboats	840,000
Total for home consumption	22,305,000

Mr. Eyster then gives some facts in regard to the river coal trade, and makes up the following as the total amount of coal consumed and exported:

Amount of coal consumed in and about the city of Pittsburgh	22,305,000
Amount of coal exported from Pittsburgh to other places	14,403,921
Total	36,708,921

The data upon which Mr. Eyster bases his statistics in regard to city consumption in our manufacturing establishments, is of great interest. After noticing domestic consumption, he says:—

There are in the City of Pittsburgh and its vicinity seventeen large Rolling Mills, and these would consume, while running, on an average fifteen hundred bushels of coal per day. And supposing each mill to run 250 days in the year, the annual consumption would be (6,375,000 bushels,) six million three hundred and seventy-five thousand bushels.

There are in the same bounds twelve principal or large foundries, and these, with the engines used in them, would consume about (150) one hundred and fifty bushels per day each, making a daily consumption of (1800) eighteen hundred bushels, and at 300 days per year, would give a yearly consumption of (540,000) five hundred and forty thousand bushels.

There are twenty glass houses, each of which would consume about (100) one hundred bushels per day; making a daily consumption of (2000) two thousand bushels per day, and a yearly consumption of (600,000) six hundred thousand bushels.

There are twenty engine and machine shops, which, with their engines, forge fires, &c., will consume each (100) one hundred bushels per day, making a daily aggregate of (2000) two thousand bushels, and a yearly consumption of (600,000) six hundred thousand bushels.

There are five large cotton factories, which consume yearly about (100,000) one hundred thousand bushels.

The gas works of the two cities consume about (200,000) two hundred thousand bushels per year.

The public buildings, including hospitals, jail, penitentiary, court house, banks, churches, &c., consume about (200,000) two hundred thousand bushels per year.

The water works and Allegheny arsenal will consume about (150,000) one hundred and fifty thousand bushels per year.

There are, then, from one hundred to one hundred and fifty other steam engines used for various purposes, which it would be almost impossible to specify; for instance, for flouring mills, oil mills, saw mills, planing mills, tanneries, stone cutting establishments, &c., &c., which would consume each 20 bushels per day, or an aggregate of 3,000 bushels per day, making a yearly consumption of (900,000) nine hundred thousand bushels.

Next, we have the steamboats which daily leave the wharves of the two cities, and consume coal. For these we may safely estimate that there are eight boats leave the wharf daily during seven months of each year, during which there is a constant navigation of the rivers—and in this is included the various boats of all classes. During a large portion of the year there are this number of boats on the Ohio alone daily, some of which take as much as (1500) fifteen hundred bushels each, so that this estimate is fully within the limits—and it will be moderate to allow for each boat (500) five hundred bushels per day, which makes a daily demand from this source of 4,000 bushels, and for two hundred and ten days consumption it would require (840,000) eight hundred and forty thousand bushels per year.

DISTRICT COURT.—Before Hon. Moses Hampton, President Judge.

The case of Avery and Ogden vs. The City of Pittsburgh, is still on trial in this Court.

Yesterday it was ordered that a trial list be made out by the Prothonotary, to be taken up on the first Monday of February, or as soon thereafter as the present list shall be finished, to embrace,

First—All causes brought to November term, 1853, and January, 1854, and not on the present list, at issue on or before the 31st December, 1853.

Second—All causes marked continued on the list for July term, 1854.

Third—All other causes at issue and not on present list, which may be ordered down by counsel on or before Saturday, December 31, 1853.

Note—No cause on the present list shall be placed on the list for January term, 1854, unless specially ordered by the Court.

MAYORALTY.—The *Gazette* has the name of Mr. Volz at the head of its editorial column, as the "Whig Candidate" for Mayor. The *American* makes the same announcement, with the words "*Anti-Masonic*" attached, but the *Journal* has not yet announced, editorially, that the Whigs have held a City Convention, and that Mr. Volz has been nominated. The *Journal*, it has been observed by many good Whigs, does not support the present Whig nominee with the same zeal it manifested towards the nominee of the party last year. Another fact also creates considerable conversation: how is it that one section of the Whig party support Mr. Volz as the "Anti-Masonic" candidate, when it is well known that he is a member of the Masonic fraternity, and one of the most influential and prominent Odd Fellows in the State?

MERCY HOSPITAL FAIR.—The Fair now being held in Lafayette Hall, is for the benefit of the Mercy Hospital, under the care of the Sisters of Mercy. It is acknowledged to be one of the most useful institutions in the country, and richly deserves the support of the public. The Hospital is at the present moment filled with patients, from whom they do not derive one cent of revenue, and there is not, according to the report of the Treasurer, any money on hand to anticipate the wants of the institution during the coming winter, the bitter blasts of which are now setting in. The charity recommends itself to all, and the manner it has been responded to, up to the present moment, is gratifying in the highest degree.

CONSPIRACY.—A further hearing of Absolom Morris, charged with conspiracy, came off yesterday, before Alderman Buckmaster. Messrs. Roberts and Stokes appeared for the prosecution and Ewing and Morrow for defence.

Mr. Magoffin, of the Farmers' Deposite Bank, and Edward Campbell, Esq., Prothonotary of the county, were examined. Alderman Buckmaster held Mr. Morris to bail, in $500 for his appearance at Court.

Measures are now being taken to secure the arrest of Hazen and Davis, implicated in the conspiracy, and who are now in Ohio.

CITY APPRAISER.—It appears there is some difficulty in regard to this office. William Sharp, Esq., of this city, contends that he was appointed to the office, by the County Commissioners on Saturday last, and that he knew not of another appointment until he saw by the papers, of Tuesday, that Mr. Kearns had been selected for the office, by the Commissioners. Mr. Sharp, we understand, intends at the proper time to institute judicial proceedings, to test the validity of the revocal of his own appointment, and the right of Mr. Kearns to hold the office. Even in the confined sphere of Allegheny county, our whig friends seem to have their own trouble distributing the spoils.

MURDER.—Officer Brant, of Ligonier, brought on Wednesday evening, from Westmoreland county, a colored man named Peter Myers, charged with the murder of a man named Washabaugh, by shooting him in the face and head, inflicting a wound which caused his death in a few minutes. We could not ascertain any of the particulars of the affray, but learn from the face of the warrant of Justice Moore, who committed the prisoner, that he gave himself up voluntarily.

This makes the third prisoner now in our jail for murder, from Westmoreland county.

THEATRE.—Those who are fond of a good dramatic treat should visit the Theatre during the engagement of Mr. and Mrs. W. J. Florence.

These young artistes come among us entirely unheralded and comparatively strangers, and we are proud to see that Pittsburghers have shown them that they know how to appreciate true native talent.

Mrs. Florence is one of the most pleasing actresses upon the stage; it is alone worth the price of admission to see her execute one of her beautiful dances. She formerly was attached to the Pittsburgh Theatre; then she was known as Mrs. Mestayer.

PITTSBURGH TRUST COMPANY.—The following is the organization of the Pittsburgh Trust Company—formerly Trust and Savings Company—by election recently held under their new charter:
President.—James Laughlin.
Cashier.—John D. Scully.
Directors.—James Laughlin, John Lindsay, W. K. Nimick, William Bingham, Thomas Hays, Isaac M. Pennock, Samuel Rea, B. F. Jones and J. B. Canfield.

SOME of the old fogy sort of people say the men who advertise most are the biggest humbugs, but that old fashioned notion won't do in this age of progress. As an instance of that, look at the Banner Hat Store—selling good Hats and Caps low. Advertising liberally to make the people aware of the fact is the reason. The more popular establishment *beats all*. High or low, fast or slow, so *do* go, then you'll know, friend and foe, belle or beaux, with cash they go, to the Banner Hat Store, 147 Wood street, and no where else.

ASSAULT AND BATTERY.—John Ferguson made an information before Ald. Major, on Monday evening, in which he charged three brothers, named Dennis, Michael and Patrick Caulen, with assault and battery. The assault was committed on Monday. The brothers were arrested, and held to bail.

SOIREE.—The soiree given by Mr. M'Manus to the pupils attending his Dancing School, will come off this evening, at Washington Hall. Mr. Mac is a gentleman of taste, and he will no doubt sustain his reputation by the brilliancy of the soiree which he gives this evening.

CLERK OF THE GAS WORKS.—We understand the Directors of the Gas Company are making arrangements to remove the office of the clerk of the company to some central part of the city. This will be good news to the business men.

THE third, last and best sale of the season of Holland flower roots, will take place this day at 10 o'clock, at McKenna's auction house.

WE would invite attention to the large sale of groceries, &c., by order of Assignee of E. Hazelton, at No. 18 Diamond, this morning, at 10 o'clock, by P. M. Davis, auctioneer.

ALD. MAJOR yesterday held Joseph Hughes to bail for an assault and battery committed on Ellen Dougherty.

Notice to Stockholders.

THE PITTSBURGH AND STEUBENVILLE RAILROAD CO.—The Annual Meeting of the Stockholders of the Pittsburgh and Steubenville Railroad Company will be held on MONDAY, the 9th of January, 1854, at 9 o'clock in the forenoon, at the Engineer's Office of said Company, corner of Grant street and Diamond alley, in the city of Pittsburgh, for the election of a President and twelve Directors of said Company, for the ensuing year, according to law. [dec21:td] CHARLES NAYLOR, Sec'y.

RECEIVED—Some more of those beautiful premium Combination RUBBERS. Prices low. At 107 Market street. (dec9) W. E. SCHMERTZ.

THIRTY-THIRD CONGRESS.

WASHINGTON CITY, December 20.

SENATE.—Mr. Shields gave notice of a joint resolution authorizing the President to confer the rank of Lieut. General by Brevet for eminent services.

Mr. Seward presented a remonstrance from citizens of Rochester, against any international copy-right law.

Also, petitions from New York in favor of the construction of a ship canal around the falls of Niagara.

Mr. Weller presented a memorial of army officers on the frontiers, asking for an increase of pay. Mr. Weller said that the Colonels on the frontiers did not receive pay equal to that of bricklayers in San Francisco, nor did Captains receive as much as a hod carrier, and he was sure that scavengers in San Francisco received a higher compensation than Lieutenants in the army.

Mr. Foote gave notice of a bill granting land for the support of Indigent Insane.

Mr. Hamblin introduced a bill to satisfy the French spoliations claims. Referred to the Committee on Foreign Relations.

Mr. Hunter introduced a bill to extend the warehousing system by establishing private bonded warehouses.

Mr. Seward offered a resolution directing inquiry as to whether any legislation be necessary to secure the rights of citizenship to the children of American citizens born in foreign countries. Laid over.

Mr. Johnston introduced two bills granting lands to Arkansas for railroad purposes.

Mr. Chase offered a resolution that all sessions, and all proceedings of the Senate be public.

Mr. Fitzpatrick presented memorials of Alabama and Mississippi railroad companies, praying for credit for duties on railroad iron.

Mr. Everett offered a resolution directing inquiry as to what legislation is needed to protect the children of American citizens, born in foreign countries.

The chair said the Senator from New York had offered a similar resolution. Mr. Everett's was laid over, and Mr. Seward's was taken up and adopted.

Mr. Sumner offered a resolution, which was agreed to, directing inquiry as to expenditures of effecting a reduction of ocean postage.

The chair presented a report of the census superintendent, which was ordered to be printed.

Mr. Seward offered a resolution calling for the correspondence with the government of the Sandwich Islands. Agreed to.

A resolution offered by Mr. Chase some time ago, directing inquiry by the committee on railroads and canals, as to the expediency of constructing a railroad from one of the Western States to the Pacific, was taken up.

Mr. Gwin opposed the reference of the subject to that committee, and moved the postponement of the resolution. Agreed to—nays 23; nays not counted.

Mr. Gwin moved executive session. Agreed to. During it, a message was received from the President, transmitting certain documents, in answer to resolutions of the Senate of April last, requesting information in regard to certain transactions between Capt. Hollins, of the Cyane, and the authorities of San Juan de Nicaragua. Also, a certain correspondence touching the claim of Brigadier General Armstrong; both unimportant. Ordered to be printed and referred. When the doors opened, the Senate adjourned.

HOUSE.—Mr. Bocock, from the committee on naval affairs, reported a bill authorizing the construction of six first class steam frigates, and appropriating $3,000,000, the vessels to be built by contract, or at the United States Navy Yards, as the Secretary of the Navy may elect. Referred to the committee of the whole.

Mr. Bocock presented the report of the board of officers appointed to investigate the causes of the failure of certain steam frigates; which was ordered to be printed.

The House resumed the consideration of Mr. Sage's resolution, authorizing the Secretary of the Interior to purchase Mount Vernon.

Mr. Bayley called for the yeas and nays on laying the resolution on the table.

Mr. Clingman asked the gentleman to withdraw the motion and let the resolution go to some committee.

Mr. Bayley—"No, I want to kill this thing in the most emphatic way."

The resolution was then tabled by 88 to 85.

Mr. Dean offered the resolution, of which he had given notice, presenting a sword, and the thanks of Congress, to Capt. Ingraham. After some debate, referred to committee on Foreign Relations.

Mr. Tweed introduced a bill establishing a Mint in New York city. Referred.

Mr. Florence introduced a bill extending the provisions of the several laws granting bounty lands to the officers and soldiers who have been engaged in the military service of the United States. Referred.

Mr. Clingman, in pursuance of previous notice, introduced a bill giving credit to the importers of Railroad Iron. He advocated the measure at some length.

Mr. Skelton opposed the measure.

Mr. Jones moved to lay the bill on the table, being, as he said, opposed to the credit system.

The motion was lost—yeas 82, nays 104.

Mr. Cobb proposed an amendment, that in all cases of the extension of duties, six per cent interest shall be paid.

Mr. Jones, of Tenn., moved to lay the bill and amendment on the table. Lost—yeas 86, nays 95.

The bill was referred to a committee of the whole on the state of the Union.

The House went into committee of the whole.

Mr. Houston submitted a resolution referring the various branches of the President's Message to appropriate committees.

EXTENSIVE FIRE AT SHREVEPORT.

NEW ORLEANS, December 20.

An extensive fire occurred at Shreveport, Louisiana. Several warehouses were destroyed, containing from seven to eight thousand bales of cotton.

There have been two arrivals from Brazos with over $100,000 in specie.

Brownsville dates to the 3d are received; the fever is still prevailing among the soldiers at Fort Brown.

Galveston dates to the 10th are received, but the news is unimportant.

Butler King has gone to Austin as the representative of the great Pacific Railroad Company. Mr. Bell, Senator, has gone to Washington.

PHILADELPHIA, December 20.

The five story building in the rear of 101 Chesnut street, belonging to the Ledger property, was totally destroyed by fire this morning. It was occupied by Thomas White, as a bonnet factory; by George F. Lewis, copper-plate printer; Kitchen & Huff's Restaurant, and the battery room of the Western and Wilkesbarre lines. The front building received no damage from the fire, but was flooded by water. John Thornby's india rubber establishment, in the latter building, the Telegraph office, and a Restaurant in the basement, were mostly damaged by the water. The building was insured to the amount of $3,000.

NEW ORLEANS, December 19.

A large and enthusiastic meeting of the friends of Mitchel was held on Saturday evening.

Cotton active, sales fully 11,000 bales at full prices for fine qualities; strict middling 9¾@9½. Flour has declined; Ohio $5,90@6. Sterling exchange 9@9¼. Sugar has declined ⅛. Molasses declined; prime 16½. Corn declined 4 cents; business is checked by high freights to the East.

NEW ORLEANS, December 20.

The Black Warrior arrived at Mobile on Saturday, with Havana dates to the 15th. Her news is unimportant. Mr. Clayton, who resigned the Consulship, came as passenger to Mobile.

The weather in this city is cold, with hard frost. The city is unusually healthy; there were but 36 cases of cholera during the past week.

NEW YORK, December 20.

A block of eight splendid dwellings, on Brooklyn Heights, called Colonnade Row, was burned down. Loss $100,000; also a block of three wooden dwellings on Washington street, near Myrtle Avenue.

NEW YORK, December 20.

Bishop Kip, the newly elected Bishop of California, sailed hence in the California steamer.

CINCINNATI, December 19.

Hogs animated; 9000 sold at $4,25@4,30. Provisions improving.

Invalids of Pittsburgh and Vicinity.

YOUR attention is urgently invited to a careful and candid perusal of something that has just been introduced into the time honored Keystone State.

PULVERMACHER'S
HYDRO-ELECTRIC
VOLTAIC CHAINS!

A NEW and NOVEL mode of applying a powerful remedial agent, so constructed as to be worn under the garments, next to the skin, producing a constant, UNINTERRUPTED current of ELECTRO-MAGNETISM, effecting

Immediate Relief

From the most acute pain, and also a permanent cure of all

NERVOUS DISEASES.

It seldom has failed to furnish almost certain relief, and a FINAL, PERMANENT CURE, by being used according to directions, to the following diseases:

Rheumatism,	Uterine Pains,
Gout, Sciatica,	Palpitation of the Heart,
Paralysis,	Periodical Headache,
Painful and Swelled Joints,	St. Vitus' Dance,
Neuralgia of the Face,	General Debility,
Diseases of the Spine,	Pains of the Chest,
Deafness and Blindness,	Hysterics, Dyspepsia,

ALL DISEASES

That are caused by a deficient amount of NERVOUS FLUID, are greatly relieved, if not permanently cured by simply wearing the chains for a few hours each day.

Be it Understood

That it is not claimed that it cures all diseases, but only those for which it is recommended; and moreover, we boldly claim and DEFY, that no medicinal agent of ANY KIND has performed SO MANY CURES during the last year, of those diseases just named, as

PULVERMACHER'S ELECTRIC CHAINS.

And to prove this assertion, we defy any person to produce so many WELL AUTHENTICATED CERTIFICATES of Scientific Physicians and intelligent patients as may be found in a pamphlet of thirty-six pages, to be had (gratis) of the agent in this town.

The electric Chains were first introduced in France in 1850, and after being subjected to the most

Thorough and Rigid Trial,

By the first medical men in Paris, they were found to possess strange and marvellous power in relieving pain, wherever applied, and by their influence were introduced into the hospitals of that city, and also secured by letters patent by the French Government.

They are now introduced in almost every Hospital in England, Germany, Austria, Belgium, and patented in those countries, where they have become the

MOST POPULAR CURATIVE AGENT IN THE WORLD.

They were first introduced into the United States about one year since, and went through the same trial as in Europe, and were at once introduced into every Hospital in New York, where they are now in daily use, effecting even MORE WONDERFUL CURES than had ever before been awarded them.

They are highly recommended by Profs. Valentine Mott, Van Buren, Post and others, who have published their views of their power and value in several of the medical journals in that city, and are also in the daily practice of recommending their use to patients. A full account of their opinion may also be found in every pamphlet, and sent to the address of any person in the State by applying (post paid) to Dr. GEO. H. KEYSER, who is agent for Pittsburgh, Pa. The chains can be sent by mail, with full descriptions for use.

Price of Chains, $3 and $5.

Physicians are politely invited to call and examine their construction, and pronounce upon their merits.

One Word More to Invalids.

No person need fear that they will not accomplish just what it is claimed they can do, and all persons who have become disgusted with a constant pouring down of patent nostrums (bottled swill) are kindly and politely invited to give them a trial.

N. B.—One Chain will last for years and lose none of its electric power by use, and can be applied to either adult or child.

COMMERCIAL POST.

DAILY REVIEW OF PITTSBURGH MARKET.

OFFICE OF THE DAILY MORNING POST,
Wednesday, December 21, 1853.

The weather yesterday was clear and cold, and but little was done in the way of business transactions. In the market but little change was noticed in any of the leading articles of trade.

FLOUR.—The amount offered yesterday was unusually light, and the only sales reported were 43 bbls extra at $5,75; 36 do superfine at $5,65; from stores by the dray load, sales are making at $5,87@6.

BUCKWHEAT FLOUR.—The change in the weather has caused an increased demand for Buckwheat flour, with sales reported of 50 sacks, at $1,25.

BEANS.—The stock is pretty large of small white, with only a moderate demand; we note a sale of 6 bbls at $1,12½.

RAGS.—We note a sale of 4000 lbs mixed, at 3¼c.

HAY.—There was an active demand yesterday at the scales, and prices were stiff; sales 8 loads at $12@14.

SUGAR.—We note further sales of 10 hhds at 5⅛c.

LARD.—Sales 800 lbs rough unrendered, at 6¼c; 6 bbls No. 1, at 8¼c.

BUTTER.—Small sales of roll at 14c.

ASHES.—Sales 10 tons domestic soda at 3¼c.

WHISKY.—Sales 56 bbls at 20@27c.

OATS.—There continues an active demand for oats, and prices remain firm; we have reported a sale of 400 bus at the Allegheny railroad depot, at 40c.

PEACHES.—We note a sale of 200 bus for shipping, on terms kept private.

POTATOES.—Sales 160 bus reds at 32.

COMMERCIAL SUMMARY.

LOUISVILLE, December 18.

Market quiet in all departments, which will continue, especially for provisions, until navigation improves, and the New Orleans market advances. The weather is clear and pleasant, and the river falling.

COAL.—We quote retail sales at 14@16c for Pittsburgh.

FEATHERS.—A light demand for shipping lots at 40c.

FLOUR AND GRAIN.—Light demand, with prices ranging from $5,20 to 5,25, in small lots. Wheat 90c. New corn 35 @40c. Oats 45c.

TOBACCO.—Prices are fuller, with sales Thursday of 12 hhds at prices ranging from $4,75 to 7,50.

WHISKY.—Sales at the wharf this morning of 105 bbls of raw at 20½c.

FREIGHTS.—No shipments East, and light shipments South at 40@45 for pound freights, and other articles in the same ratio.

CINCINNATI, December 19.

FLOUR.—There was an increased demand to-day, and an improved feeling was manifested on the part of both buyers and sellers. The sales comprised 100 and 200 bbls from Hamilton Railroad, at $5; 300 do from Little Miami Railroad, and 100 from canal, at same. Desirable brands were generally held higher. Received during the last 24 hours, 2,992 bbls.

PROVISIONS.—Sales to-day of 1000 kegs No. 1 lard at 8c; 100,000 lbs sides, and 60,000 do shoulders, in dry salt, on private terms; 60,000 lbs sides, and 70,000 lbs shoulders, deliverable 12th of January, at 4¾ and 5⅜c; and 50,000 do sides, back bone out, deliverable same time, at 5c. These figures, however, are below the views of sellers generally.

HOGS.—The disagreeable weather to-day checked operations, and the only sale heard of was 150 head, averaging 190 lbs, at $4.13. Holders are firm at $4,25 for good lots. [The sale of 200 head of light hogs reported this morning at $4,25, should have been at $4,10.]

WHISKY.—Sales of 500 bbls from river at 20¾c; 100 do from wagons at 20½c; and 200 do from canal, high proof, at 20⅞c. The demand is fair and prices steady.

CHEESE.—Sales of 250 boxes at 9c; and 225 do, unselected, at 8@8½c. The market is very dull, and prices drooping.

HIDES.—A sale of 120 prime dry at 12c.

HOPS.—A sale of 2 bales prime Eastern at 45c. The demand is only moderate.

ST. LOUIS, December 16.

High freights and light receipts rendered yesterday a very dull day in the produce market.

There was but little offering but wheat, and no sales of magnitude in that article. Millers are paying our quotations for prime.

Nothing doing in provisions.

HOGS are not coming in freely. Packers are not offering over $4 for good lots.

TOBACCO.—Sales at the Planters, 3 hhds lugs; $4,30, 4,35 and 5,25 ℔ 100 lbs.

LEAD.—No late receipts. Last sales at $6,35 for Upper Mines.

HEMP.—Nothing doing. Last sale from store at $127 ℔ ton. About 1500 bales on hand.

TELEGRAPH MARKETS.

Most Important News!
OMER PASHA VICTORIOUS!

AS will be perceived by the news brought per steamer Niagara, there is no doubt but that, at LOUIS REINEMAN & CO.'S JEWELRY STORE, on FIFTH street, two doors from Wood, opposite the Morning Post printing office, the CHEAPEST WATCHES, CLOCKS and JEWELRY can be had in this city, as there will be a change in the firm on the 1st of February next, and therefore be sold off at cost. Those wishing to buy cheap Christmas and New Year's Presents cannot find a better opportunity than this. The stock is of the most exquisite kind, and has been selected with the greatest care, as to workmanship and style. Country dealers and others will find it to their advantage to come and examine our stock before purchasing elsewhere, as we are determined to let none go unsatisfied.

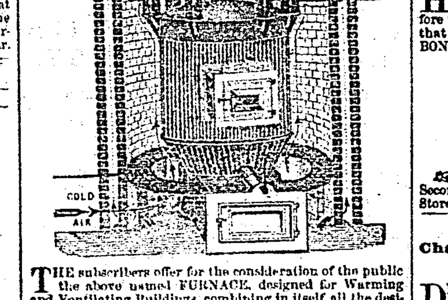
CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE.



THE subscribers offer for the consideration of the public the above named FURNACE, designed for Warming and Ventilating Buildings, combining in itself all the desirable qualities required in a perfect Heating Apparatus, insuring personal comfort, without any of the disagreeable sensations or sources of annoyance so common in heating arrangements. While the occupants of a room or building experience all the comfort arising from a warm summer atmosphere, they also inhale pure life-giving and health-sustaining air, not contaminated by being derived from damp, unhealthy sources, or its power to sustain life being impaired by coming in contact with an over-heated surface.

These results are produced, in part, by constructing the furnace in such a manner that the heat is diffused at a lower temperature than is usual with any other Furnace now known to the public. In producing this result, another object of great importance is obtained on the score of economy: the heat-absorbing as well as radiating surface is so great that the heat is almost entirely abstracted from the gases before they are driven off into the chimney, thereby greatly reducing the consumption of fuel. The fuel chamber is so lined with soapstone and fire-brick that the fuel cannot come in contact with the iron, preventing the over-heating of the air, and destruction or injury to the Furnace.

The joints of the Furnace are so constructed as to afford room for making a tight sand and clay joint, preventing the escape of noxious and sooty gases into the room, so annoying to the occupants, and so injurious to the health and furniture.

The air to be warmed is taken directly from the outside of the building in all cases, thus insuring a supply of pure, wholesome air for breathing, and the other important functions required by the human system—the oxygen is not affected, nor the organic matter in the air carbonized by coming in contact with an over-heated surface, as with other furnaces, and headaches and other disagreeable sensations are prevented by this means—and in consequence of the warm air not making too large demands upon the lungs and evaporating surface of the skin, to supply the moisture which it has lost in passing over a red hot surface. In proof of this, attention is called to the certificates of Professor Silliman, of Yale College, New Haven, and to those of other scientific persons who have examined this subject.

If public and universal approval is any test of merit, the proprietors of this valuable Furnace can appeal to the written testimony of thousands, to the press, and to public exhibitions in all parts of the world, it having received the Prize Medal at the World's Fair, and the highest Premiums at Fairs in New England, New York, and a Silver Medal at the State Agricultural Fair in Pennsylvania.

Jayne's Expectorant.

CONSUMPTION.—This term is frequently inappropriately applied to other affections of the lungs and Bronchia. So far as the treatment is concerned, this is of very little consequence, as the remedies are the same. The EXPECTORANT should be given as often as may be necessary to relieve the cough, and produce a free and easy expectoration, and also to remove the tightness, or pain, or oppression about the throat or chest. The bowels should be regulated by the use of the SANATIVE PILLS whenever necessary. If there be much debility, with night sweats, from one to two tea-spoonfuls of TONIC VERMIFUGE should be given about half an hour before each meal. It should be mixed in two or three spoonsful of cold water, and sweetened to please the taste. But if there be no night-sweats, or if they disappear, then give the ALTERATIVE three times a day, according to the directions, instead of the VERMIFUGE.

All Dr. Jayne's preparations for sale, wholesale or retail, at the PEKIN TEA STORE, 38 Fifth street. dec17

dec3 C. B. HEADLY & CO.

THE RENTON IRON COMPANY, of Western Pennsylvania, having become the proprietors of the RENTON and DICKERSON PATENT *for making Wrought Iron direct from the Ore*, for that portion of territory of Pennsylvania lying west of, and including the counties of Fulton, Huntingdon, Centre, Clearfield, Elk and McKean, are now prepared to sell certificates of stock in said company, each share of stock entitling the holder to share in the profits of the company, and the right to use one Furnace under said Patent. The Company will also sell the right to use the improvement in the above named territory, by single furnace or otherwise. The fact that by the Renton process Iron Ore can be converted into Blooms at about the cost required to convert Ore into Pig Metal, is a sufficient recommendation of its merits.

Mr. JAMES H. CRANE has been appointed Agent for the sale of rights to use Furnaces under said Patent, to whom application may be made, or to the undersigned Directors of the Company.

MEDICAL.

DYSPEPSIA,
RHEUMATISM,
SCROFULA,
LIVER COMPLAINT, &c.

FROM THE METROPOLIS.—Pass it around! let the afflicted hear the glad tidings! This is but the sentiment of thousands:

WASHINGTON, May 17, 1853.

Messrs. Mortimer & Mowbray—Gentlemen: Having been afflicted with *Liver Complaint of ten years standing*, I hereby, for the benefit of the afflicted, take great pleasure in announcing that after using a few bottles of your Hampton Tincture, I found it had accomplished a perfect cure. I have used different medicines from time to time, but have never been able to account for any apparent good; and it is a blessing to stricken humanity to find that that medicine is found *which possesses the wondrous power of prolonging human life*. The many cures it has wrought is a sufficient guarantee of the beneficial results which may be experienced from its use. Yours, respectfully,
J. CURTAIN HAY.

LIVER COMPLAINT, DEBILITY.
[*Extract from James Harris, Esq.'s Letter, Alexandria, Va.*]

After speaking of wonderful cures on himself, he says:—Mrs. H. has been suffering with the liver complaint and with inability, constantly complaining, from weakness through her whole system. She now enjoys better health than for thirty years, being entirely restored by the use of Hampton's Vegetable Tincture."

DISEASED SIDE, BREAST, EYES.
[*Extract of a Letter from J. Grimes, Esq., Loudon Co., Va.*]

"My wife has been for years afflicted with great weakness; pain in the breast, side and back; palpitation of the heart; feebleness of the nervous system; loss of appetite; complexion sallow; the sight of one eye almost gone, the other very weak. I am pleased to say, Hampton's Tincture has restored her to perfect health. Her eyes are as good now as ever they were."

RHEUMATISM, 38 YEARS.

Mrs. E. Bagwell, of Virginia, suffered from Rheumatism from her 12th to her 50th year of age; at times entirely helpless. Being wealthy, she employed the best medical attention, and tried many medicines, but was cured only by *Hampton's Vegetable Tincture*.

CHRONIC INFLAMMATORY RHEUMATISM.

The wife of Thomas M. Yeakle, 78 Pearl street, was a great sufferer for eight years. Restored to perfect health by Hampton's Vegetable Tincture.

MERCURIAL RHEUMATISM.

Mr. Jarrett Plummer, 158 East Baltimore street, suffered this disease intensely six years; could not sleep; dreadful ulcers formed on his limbs, from which splinters of bone issued. His physician pronounced him incurable; but Hampton's Vegetable Tincture cured him.

HEREDITARY SCROFULA.

A boy in the family of the Hon. W. P. Thomasson, once member of Congress from Kentucky, was a mass of sores from head to foot. His eyelids turned inside out, protruding over the eyeballs so as to produce blindness. He was cured by *Hampton's Vegetable Tincture*.

DYSPEPSIA, NERVOUS DISEASE, &c.

Mr. Wm. Oldham, of the Baltimore Custom-House, suffered these complaints for eighteen months, with body and mind seriously affected. He was cured by *Hampton's Vegetable Mixture*, after other things failed.

COUGH, CONSUMPTION, &c.

Mr. Henry C. Winn had a cough for five years, great weakness, &c.; had, in all, five or six physicians; tried all their remedies, but was cured only by

HAMPTON'S VEGETABLE TINCTURE.
