Daily Morning Post. Phillips & Gillmore, Editors & Proprietors. PITTSBURGH: MONDAY MORNING.....DECEMBER 26 We have now employed in our Job Office an unusual number of excellent job printers, and are prepared to execute all orders with neatness unsurpassed, and with a speed that shall not be of the Christmas festivities, we desire to take our part in the pleasures of the day, and consequently will issue no paper to morrow. PENESYLVANIA IN GREAT PERIL. We copy the following falsehood from the For-PENNSYLVANIA BEWARE.—It is well known and understood that Philadelphia, Pittsburgh, and the Central Pennsylvania Railroad are at the m of the Brie deviltry. Erie would not stir hand or foot against the road, were it not for the aid and comfort obtained from these quarters. The editor of the Democrat then goes on t They are about as follows: 1st. Repeal the charter of the Ohio and Penn-2nd. Get Congress to place all descriptions o iron on the "free list," and admit its importation free of duty. 3rd. Ruin the city of Eric utterly. 4th. Give the Pennsylvania Railroads chance and no privileges in Ohio. 5th. Slander Pennsylvanians ad libitum. Such are some of the propositions announce in the Forest City Democrat lately, for the purpose of frightening our old commonwealth. We have never yet heard of the Old Keystone State being frightened, and we do not think it will tremble now at such impotent ravings. But the sheer fabrication contained in the bove extract deserves some notice. The Pittsburgh Post has a large circulation—few papers in the West a larger. We think that if it had been the deliberate design of Pittsburgh, Philadelphia, the Central road, and Pennsylvania generally, to encourage the Erians in their course, we should have heard something about it. But up to this day we have yet to learn that one Pittsburgher, or person connected with the Central road, or in Pennsylvania any where, encourages the Erians to commit a violation of law. So far is this from being true that the very reverse is easily proved by the records. The repeal of the guage law last winter, by the Pennsylvania Legislature, has given rise to this diffito 17 nays. It passed the Senate and was signed | visers. says all Pennsylvania is in conspiracy against the interests of Ohio. Nearly \$4,000,000 of Pennsylvania money and conde have been contributed to build the Ohio and Pennsylvania railroad; nearly three-fourths of which is located in Ohio. Our county of Allegheny has subscribed \$350,000 to a road which is an extension eastward of the Steubenville and Indiana railroad. Our county has also subscribed \$150,000 to build a road from Wellsville to Beaver, most of the way in Ohio. The Central Pennsylvania road contributes \$750,000 to construct a road from opposite Wheeling to Marietta, all the way in the State of Ohio. The Cenral road has also made other contributions to other Ohio roads. Our county of Allegheny subscribes \$750,000 towards building a road that forms a direct route from Cleveland to Baltimore. Such are some of the contributions of Pittsburgh, Allegheny county, and Pennsylvania, (to say nothing of individual subscriptions,) to aid in as much benefited as Pennsylvania. All this done, this editor of a Cleveland paper charges fraud, conspiracy, meanness, selfishness and nullification upon our State, our cities, our seaven and earth for means and power to ruin tens of their property; excite enmity between the citizens of the two States, where no cause for ich feelings exist, except in the phrenzied brains of a few unscrupulous editors. Pittsburgh has nothing to do with the Eric Ohlo. And Pittsburgh editors remained silent ler: intil Cleveland editors proclaimed war on all Pennsylvania; exulted in the prospect of ruining a Pennsylvania city; begged the whole travling public to spend all their dimes in Cleveand. AG Neuralgia. — This formidable disease, which seems to baffle the skill of physicians, yields like magic to Cauth's Spanish Mixtus.

Mr. F. Boyden, formerly of the Astor House, New York, and late proprietor of the Exchar—Hotel, Richmond, Va., is one of the hundreds who have in cured of severe Neuralgia by Carter's Spanish Mixture.

Since his cure, he has recommended it to numbers of others who were suffering nearly every form of disease, with the meat wonderful success. and much of the time unable to walk and confined to my bed, and have been treated nearly all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oil, as everything else had failed. I did so without faith at first, but the effect was astonishing; it threw the poison to the surface at once, and I at once began to grow better, and by using seven bottles I have got a cure worth thousands of dollars.

MISS. NANOY M. BARKER.

This may certify that I have been acquainted with Kier's Petroleum, or Rock Oil, for more than a year, and have repeatedly witnessed its beneficial effects in the cure of indolent ulcers and other diseases for which it is recommended, and can with confidence recommend it to be a medicinewor.
