Louisville of course prefers an enlarge-The copious details which will be found on the first page of our paper this morning, con-cerning the wreck of the steamer San Francisco, will be read with painful interest, far and wide. ment of the old canal; which would undoubtedly serve the interests of that city. But the steamboat trade generally would probably be better The loss of nearly two hundred souls, washed overboard or killed, or dying from the exposure, served by the new canal. sickness, and hardships of the wreck, is the melancholy feature of the story; but the saving The number of steamboat arrivals at the porof Cincionati during the year 1853, was 8630;

of four to five hundred lives by the Kilby, the Three Bells, and the Antarctic, is a matter for departures 4113; the number of flatboats arrived, 5880. Twenty five new steamboats, with a tonnage (Custom House measurement) of 10,252 tons, were built at Cincinnati during the year. all might have been lost—the ship, and every soul on board—leaving, as in the case of the ill-starred President, no vestige affoat to tell the tale. While we lament, therefore, the fearful tale. While we lament, therefore, the fearful loss of life from this last fatal disaster, we rejoice that so large a proportion of her passengers, soldiers, and orew, were snatched from the The Memphis Eagle and Enquirer of the 6th learns from the officers of the steamer Louisa, up from New Orleans, of the total loss of the ungry waves. It will be seen that the fatal storm struck the ship on the 24th of December, two days out from teamer Pearl, between Plaquemine and New this port; that on the 25th, (Christmas day,) Orleans, having been run into by the new Natshe was rendered wholly unmanageable from the dislocation of her machinery and her rigging; hez. Both boats were bound down stream. The Pearl was loaded with sugar from Red river when the Natchez struck her. The Natchez and the Southern Belle were most likely racing at the time of the accident, being rival packets. The Pearl was under the water at the time the Louisa passed by. It is supposed there were many lives lost.—Lou. Democrat.

A few days since, we published in the Courier a list of the boats built during the past year in the district of Louisville, by which it appeared that the whole number was 38, includi-United States boats. The aggregate tonnage the whole number, custom house admeasurement, was 12,510 tons.

The whole amount of boats built at Cincinstorms in the trough of the sea. When first struck by the gale, on the night of ati during the past year, was 32 steamboats and 6 barges. The aggregate tonnage of the whole number, as we find it in the Commercial, abandoned on the 6th inst., she was some seven hundred miles off, having floundered away to that is 12,847 tons. If this measurement is accord distance, at the mercy of the winds, the waves ing to the Custom House rule, there is but very and the Gulf Stream.
On the 28th of December, (after having prelittle difference between the two ports.

We learn from Henry N. Sands, Custom House officer, that the number of boats that have been lously spoken two vessels, which were lost sight of upon the heavy sea in the night,) the inspected, and certificates filed at the Custom House, from the 15th of April to the 31st of December, 1853, was seventy-four steamboats with an aggregate of tonnage amounting to 21, 301 tons. This list was made from the report Three Bells, of Glasgow, came up: and on the 3d of January she was joined, while lying by of the local inspectors of the boats inspected by them, in the district of Louisville .- Lou. Cour,

The total value of imports to St. Louis in 1853 was nearly one million; duties uncollected, 289, 260 44; hospital fees collected, \$2,987 53.— Louisville Democrat The Cumberland river was rising on the 12th, with every prespect of abundance of water for Another Disaster-Accident to the Steamer Hungarian.-We learn that the Hungarian, S. F. being in a disabled condition, having ses, from New Orleans to Cincinnati, encountered

The S. F. being in a disabled condition, baving had decks swopt, &c. and wanting assistance, concluded to lay by her, which we did for six days, and succeeded in getting on board two she krocked a hole in the hull, on the starboard knuckle, near the forward batch, which caused brought them to this port.

This is, we repeat, a modest report; but Capt. Creighton has not told all. Those from the lost ship say that the Three Bells was leaking all the time, had to keep her pumps going constantly; that the ship had lost her sails, and was short of water and provisions. But in this last item, the Kilby, the Three Bells, and the Antarctic were plentifully supplied from the abundant stores of the wreck, or they could not have carried off so many passengers with any other prospect than hundred and thirty of her passengers, and knuckle, near the forward batch, which caused saip say that the fore hells was leaking all the time, had to keep her pumps going constantly; that the ship had lost her sails, and was short of water and provisions. But in this last item, the the wreck, or they could not have carried off so many passengers with any other prospect than extent, and we learn that there were fifteen leaths on the boat, between Memphis and Cairo.

B. A. Fahnestock's Vermifage is the only article it
can be administered with the certainty of expelling wor.

can be administered with the certainty of expelling worms:

HAMPAX, N. S., Jan. 23, 1852.

I hereby certify, that a child of mile, aged three years, years weakness, and loss of appetite. I was nowised to try bottle from M. Naylor, Druggist, Granville street. Having administered a portion of it, he passed, within twenty-four hours, Two Hundred and Forty-two Worms, from skx to twilve inches in length. The child, immediately after this, had its appetite restored, and soon caloyed perfect health. Another child, seven years old, who had been more or less sick from his birth, took the remainder of the bottle, which caused him to pass One Hundred and Sixty-two Worms. From that time to the present, his health has been perfectly good, and he has thrived as well as any child could.

Sold, wholesale and rotail, by all the principal deagists and country merchants throughout the United States. A GOOD SPRING WAGUN, with shafts and pole, suitable for one or two horses, will be sold cheap by

lowing letter from Eav. O. Dickinson, a Missionary in Oregon:

Mr. J. M. Kirs.—Dear Siv: Myself and wife having been greatly benefitted by the use of your Petroleum, I wish to have you send me a box of two or three deans bottles. I am the Congregational Minister in this place, and several of my people are affected with indigestion and an inaction of the liver, the same of myself and wide, before taking your Perroleum, on Rock Oil. We took several bottles—two or three cach—about a year and a half ago, and we have never enjoyed so good health for years as we have since that time. I had not taken a single bottle, before that fulliess of the stomach which so distresses the dyspition was relieved, and I have felt nothing of it since that time. My wife was also relieved from a chronic disease of the liver, which had been of several years standing, by the use of your Petroleum.
