Daily Morning Post.

THOMAS PHILLIPS.....GEORGE P. GILLMORE.

Phillips & Gillmore, Editors & Proprietors.

PITTSBURGH:

WEDNESDAY MORNING:.....FEBRUARY 1.

☞ READING MATTER WILL BE FOUND ON EACH PAGE OF THIS PAPER.

☞ TWENTY MEN AND BOYS WANTED TO SELL THE *DAILY EVENING POST*.

JOB PRINTING.

We have one of the best *Job Printing Offices* in the city, and we would respectfully ask merchants and all others who want Cards, Circulars, Bills of Lading, Bill Heads, Blank Checks, Handbills, etc., to give us a call. All our Job Type are of the most modern manufacture and cannot fail to please all our customers. Our workmen are perfect masters of their business, and will labor assiduously to please all who will favor us with an order.

CARRIER IN ALLEGHENY.

We desire a good Carrier for the city of Allegheny for the *Evening Post*. It is a valuable route, and would pay an industrious man good wages.

BALTIMORE TIMES AFTER US.

We gave the Baltimore *Times* a gentle admonition the other day, and the *Times*, after publishing our article, replies like a true Baltimorean. We had said, in reference to the schemo of New York merchants against our State: "the trade of the West is to be taken all the way round Pennsylvania, and landed at New York." To this the *Times* replies:—

> We don't like the expression "landed at New York." We can inform our Pittsburgh friend that the B. & O. R. R. was never built to "land freight at New York" merely. We are prepared to transport freight over our road to any point East or West, to better advantage than can be done by any other rival route. But we also aim in "landing" a large portion of the "freight of the West" in Baltimore. A movement is now on foot here which will eventuate in a regular line of screw propellers between Baltimore and Europe. Before many years we will offer such inducements for consignments to Baltimore, as even Pittsburgh merchants, in following their interests, will not be so touchy about Western trade coming here, but will come down themselves, and we promise them a cordial welcome.

Well, neighbor, are we not coming? Wait till Gen. Larimer is defeated in the race for Governor, and then see how he will drive forward that Connellsville Railroad. That is Pittsburgh's road to Baltimore, and Baltimore's road to the whole North-west. It will be done, we hope, in less than three years. Then the distance from the Iron City to the City of Monuments will be ten hours, and then we will come after that "cordial welcome."

Tumble up your steamers; grow and thrive! Hurra for Baltimore!

But as to the Baltimore and Ohio R. R. being a dangerous rival to the Pennsylvania Railroad, we don't believe a word of it. The Pennsylvania road is a part of *the* great "air line" route from the two greatest seaports of the East, through the heart of the West to St. Louis, and the Pacific ocean. A glance at the map, and the railroads in progress of construction shows this plainly. The Pennsylvania road is now completed over the mountains, and the time from Pittsburgh to Philadelphia, over one of the best roads in the Union, will be twelve hours.

But this strife about routes, and this effort to destroy the credit of rival roads, is a useless struggle, and New Yorkers will find it so. Trade and travel will learn their own interests. But another view of the subject is much more to our taste. The population west of Pittsburgh will yet be 100,000,000. And all the railroads Maryland, Pennsylvania, New York, Boston and Canada can build for the next half century will find abundant and profitable employment in the vast commerce between that mighty and fruitful West and the Atlantic seaboard.

NEW YORK MERCHANTS.

The insolence of the merchants of New York is a subject of general denunciation and ridicule over the whole country. Not a measure important or unimportant, claims the attention of the Federal Government that the New York merchants do not undertake to regulate. The President removes a collector, and appoints another in his place. The merchants of Gotham immediately get up a meeting, and denounce the President and Cabinet, and through their organ, the *Herald*, demand the dismissal of the Secretary of State.

A bill is now before Congress to organize the territory of *Nebraska*. The merchants of Gotham have called a meeting to denounce it. These assemblies are not called meetings of the *citizens* of New York, but of the *merchants* of New York. The Detroit *Free Press* says:

> "The everlasting New York merchants,—those who hold meetings at short and irregular intervals to take care of the interests of the country, and whose last coming together was too a rebuke" to the President for removing Mr. Bronson from the post of Collector of the Port,—have taken alarm at Mr. Douglass' Nebraska bill, and are going to have a meeting on that subject. The men who do these things, have about as much stability of principle and purpose as lads in their teens—not a whit more. No matter what the occasion of an excitement may be, they deem that the Detroit rests upon their shoulders, and forthwith move forwards with the air and manner of men holding in their hands the fate of Cæsar and of Rome. Ten chances to one, the very next meeting they hold will be to sustain the very thing they now condemn. Knowing very little about any thing but ships and stocks, dry goods and molasses, they subject themselves to ridicule whenever they essay to right the wrongs of State.

New York city, though something of a town, is only a small patch on the surface of this continent, and the halved sea-captains of South street, and Shylocks of Wall street, possess but a grain of the common intelligence. The direction the discreet father gave his simple boy, is reasonable advice to them in the present emergency—"mum" is the word.

Of course we do not mean to embrace all the New York merchants in this catalogue—only those whom the cost fits.

WESTERN PENITENTIARY.

We have received from the Board of Inspectors of the Western Penitentiary the Annual Report for the year 1853.

The Report speaks very favorably for the management of Major Beckham, and the faithful attention of the Moral Instructor, (Rev. Dr. Black.) The prisoners have been generally healthy throughout the year.

During the year there have been 285 prisoners in the prison, averaging nearly 200 for the entire year.

During the year 20 of the prisoners were released by pardons. Two prisoners died during the year.

The Report represents the prisoners as well supplied with pure water, wholesome food, moral instruction, moderate labor, and suitable books, which they are allowed time to read. The product of the labor of the prisoners amounts to a sum that goes far towards defraying the whole expense.

In November last, the Board of Inspectors was duly organized by the election of Col. Wilson M'Candless, President, Gen. J. K. Moorhead, Treasurer, and David Campbell Secretary.

S. Jones and R. Patterson, with the above named gentlemen, constitute the Board for the ensuing two years.

LOCOMOTIVE MANUFACTORY.

The Milwaukie Locomotive Foundry has declared a dividend to Stockholders of 20 per cent. on the amount paid in. It is a flourishing establishment.—*Milwaukie News.*

Think of that Pittsburghers! Twenty per cent. profit on the capital invested for the first year. The same, and more also, could be done in Pittsburgh. When is that locomotive manufactory to be started in Pittsburgh! We know that one wealthy firm are intending to commence the business some time. It would be one of the most profitable branches of business in our city undoubtedly.

One firm in Philadelphia made in one year, we are told, nearly a million dollars worth of locomotives.

FASHIONABLE BOOT STORE.—We would call the attention of our readers to the advertisement of our friend D. REHA, Jr. We will warrant him to furnish articles that will give satisfaction to all his customers and the whole public, if they will deal with him.

News and Facts from all Quarters.

An editor out West offers his entire printing establishment, subscribers, accounts, and all, for a clean shirt and a good meal of victuals.

Another Park, containing about 400 acres, is about to be opened in London, called the Albert Park.

The small pox, it is said, prevails at Columbus, Ohio. There is quite a panic: schools closed, &c.

Hon. Albert Iverson has just been elected to the United States Senate by the Legislature of Georgia.

The sum of $25,000 was recently sent to the London Society for propagating the Gospel in China, by a person signing himself "Less than the Least."

A California paper gives the following as a bill of fare at a Chinese restaurant in that city: "Cat Cutlet, 25 cents, Griddled Rat, 6 cents; Dog Soup, 12 cents; Roast Dog, 18 cents; Dog Pie, 6 cents.

An immense Catholic Cathedral, the largest in America, is to be erected in New York next spring. Its length is to be 350 feet, and width 102. The materials are to be almost entirely of stone and iron. The cost is expected to be about $350,000.

There are 500,000 children in the common schools of Ohio. There are 338,000 youths in Ohio between the ages of four and twenty-one.

The first sentence of a letter from Toronto reads thus: "Politics are quiet; the newspapers more than usually libellous; the revenue overflowing, and the country prosperous."

The Welsh Presbyterians are about to build a church in San Francisco, in which the service may be conducted in their own language.

Two colored men of New Orleans were arrested last week, while in the act of fighting a duel. Fifty dollar notes, altered from five's of the Farmers' and Mechanics' Bank of Philadelphia, have been put in circulation at Norfolk.

Gov. Bigler has appointed the Rev. William R. De Witt, D. D., State Librarian of Pennsylvania.

Mr. S. Cone, of East Haddam, Connecticut, was gored to death last week by an enraged bull.

The number of hogs slaughtered up to this date, at Cincinnati, is 687,000.

The colored population of San Francisco have established a library and lyceum.

A salt company in Meigs county, Ohio, last year manufactured 205,000 bushels of salt.

Horace Greeley is to deliver a lecture in Wheeling next week.

Four more of the Wheeling iron furnaces have resumed operations.

A man by the name of Taussing, while traveling under the protection of an American passport, was arrested, and is now in an Austrian prison. It is another Kossta case. We wish he was in some place where Capt. Ingraham's diplomacy could settle the question.

An establishment for the manufacture of oil from the cotton seed, has been started in New Orleans.

An expedition to Liberia will sail from Baltimore and Norfolk on the first of May next.

There are nine banks in Charleston, S. C., with an aggregate capital of $12,200,000.

The flour mills at St. Louis have suspended operations on account of the close of navigation.

It is proposed in Philadelphia to introduce music into the public schools.

That was done in Pittsburgh long ago.

The awards of the juries of the Crystal Palace Exhibition are announced. The whole number of silver medals awarded is 405. Bronze, 1186. Number of exhibitors who receive honorable mention, 1210.

At Madison, Wisconsin, on the 21st inst., the mercury stood 30 degrees below zero.

The number of students in attendance upon the lectures at the four Medical Colleges in Philadelphia is between thirteen and fourteen hundred, viz: 620 at the Jefferson, about 500 at the University, and about 200 at the other two Colleges—the Pennsylvania and the Philadelphia.

The last case of jealousy is that of a lady who discarded her lover, a sea captain, because, in speaking of one of his voyages, he said he *hugged the shore!*

HIGH PRICE OF PROVISIONS.

In our yesterday's paper we said as follows:

"We would not like to be in the position of some of the flour and provision speculators of this country just now. Some of them have very large stocks on hands, bought at high prices; and at prices that probably cannot long be sustained, war or no war. The next steamer *may* bring news of peace, and then prices go down "with a run." With the opening of spring, the canals, rivers and lakes will be crowded from the interior very large quantities of breadstuffs to the seaboard, and bring down prices by the very large quantities in the markets. $2,60 per bushel for wheat in New York is a price that cannot last long. Farmers, and western merchants, we believe, would do well to sell out and get their pay as fast as possible. Let the loss fall on eastern speculators, if a loss must follow. The farmers of the west will get a great part of the money; and a few failures of eastern speculators does the rest of the world very little harm."

We had the pleasure of being very well laughed at for making and publishing such a prediction. A few merchants thought us crazy or silly. Within twenty hours thereafter "the next steamer" arrived, and prices did go down.

We said, also, that such enormous prices could not long be sustained, war or no war. The family of the advantages which a journal of the right stamp affords. What are a few dollars and cents in comparison with right views, sound principles and generous feelings! A word in season, fitly spoken, may change the whole tone of life, and like the seed sown in good ground bring forth an hundred-fold in noble living and energetic acting. It is a short-sighted policy that consults only immediate effects, while it overlooks the far-reaching results which the most trivial causes often develope in character. If persons would only take a second thought, we are sure they would never say "I can't afford" to subscribe for a paper which contains practical suggestions with regard to the best methods of making this life, with all its varied interests, what it should be. But in papers as with every thing else, it should be an invariable rule to provide the best. It is better to be ignorant than to be led astray—better to read nothing than what is pernicious in its tendency.

One thing is certain, we "can't afford" to live without the effort to become wiser and better as we grow older—we "can't afford" to act as though there were no future, no life beyond this life, no eternity beyond time; for our attainment in knowledge and excellence in this world will be the measure of our happiness in the next.

FOREIGN ITEMS:

We have just learned, says the London Observer, from a private source, upon which we have every reason to rely, that the Russian government has given notice to several commercial gentlemen and engineers interested in Russian railways, that it is not intended to proceed at present with these undertakings. In fact the works are about to be suspended, and all the men and money required for their construction will be devoted to carrying on the war.

The following are the ages of the principal reigning sovereigns: Her Majesty Queen Victoria, 34; the King of Wurtemberg, 71; the King of the Belgians, 62; the King of Prussia, 57; the Emperor of Russia, 56; the King of Sweden and Norway, 53; the King of Denmark, 44; Louis Napoleon, 44; the King of the Two Sicilies and the King of Bavaria, 40; the King of Hanover, 33; the Sultan, 30; the Emperor of Austria, 28.

The wound received by the Marquis de Turgot, in his duel with Mr. Soule, the American Minister, is not, according to the London Weekly News, said to cause great anxiety to the friends of the Marquis. Serious symptoms have shown themselves in the leg, and threaten the knee-joint, and a telegraphic message has come to Paris, requesting the attendance of French surgeons.

The strength of the combined English and French fleets now in the Bosphorus amounts to forty-four sail, including line-of-battle ships, frigates, and steamers. Of these the French and English have each three-deckers; the latter have seven two-deckers (including the Agamemnon) to five French two-deckers; the French ninety-gun screw-ship Napoleon having, unfortunately, been sent back to Toulon for repairs. Each flag has, or will soon have, eleven paddle-wheel steamers. The Sauspareil, (English,) and the Charlemagne, (French,) two-deckers, have auxiliary steam power. In addition to this powerful fleet there are at least seven Turkish and Egyptian line-of-battle ships, besides frigates and steamers; so that the combined force may be taken at about sixty sail.

Wednesday, the 4th of January, 1854, says a London paper, is a day not soon to be forgotten, especially by the dwellers in the great metropolis. On the morning of that day, London woke up to witness a scene scarcely paralleled in the recollection of that mythic personage, "the oldest inhabitant." The streets were all but impassable; the snow shovelled off from the foot pavement and housetops, lay in accumulated heaps by the wayside; and in the early part of the day, the depth to which the storm had piled it in the centre of the thoroughfares, rendered locomotion by the ordinary means a work of extreme difficulty.

The London *Times* of the 6th inst. says:

By telegraphic despatch from Manchester, we learn that the snow fell in that neighborhood without intermission during the whole of Tuesday night. This despatch reported all the railroads to be blocked up, as well as many of the turnpikes. There has been no arrival from London since Tuesday night's mail.

At 5 o'clock on Wednesday night, eleven passenger trains were due at Manchester, and the last despatched thence for London at 1½ o'clock in the day, was stopped by a snow-drift four feet deep, at Cheadle, and obliged to return. One of the drifts is said to be at least sixteen feet deep, and so many points of the lane are stopped that possibly there may be no complete communication with London for some days.

The Macclesfield, North Staffordshire, Sheffield, Lancashire and Yorkshire, East Lancashire, and other lines, were snowed up, and many trains were due at Manchester, at 7 P. M. yesterday.

The town and neighborhood of Birmingham were also visited by a very heavy snow-storm yesterday. Some of the avenues of the town were almost unapproachable.

Wrecks and Loss of Life.—A telegraphic despatch, dated Tynemouth, 10 P. M., Wednesday, which we have received, contains the following intelligence:

"There has been a fearful gale all day. Wind due east to-night. The Elizabeth, Antelope, Anna of Shields, the Amphitrite, of London, the Europa, of Hull, Arethusa, of Blythe, New Messenger, of Liverpool, Sir Robert Peel, of Dundee, and Elizabeth, of Kirkwall, all came ashore this morning. Crew of the Elizabeth were drowned. The other crews were saved. All the vessels have gone to pieces to-night. A schooner named Union has just come ashore; her crew were taken off by the South Shield's lifeboat. A schooner is supposed to have been ashore at Hartley after dark, and it is feared that all her crew were drowned. A large fleet got in this morning. Fourteen vessels are reported ashore at Sunderland; crews saved. The ships are protected from wreckers by armed policemen. The Sir Robert Peel is from Cork, from Valparaiso. Some silver she had on board had been got on shore."

Coldest Yet—Froze to Death.—The Times publishes a table of the temperature of the coldest days in England since 1810. It appears that January 3, of the present year, the mercury was 2 degrees colder than at any time during that period, the thermometer having fallen to *four degrees below zero*, which, for England, is something very extraordinary. All accounts that we have seen, states that the season has been unexampled in severity. Nobody can remember anything like it. *Two of the London police were found frozen to death on the night of the 3d inst.*

A daily Paris paper says:

"The arrival of the Prince de Chimay from Belgium in Paris gave rise to the report that Belgium in Paris gave rise to the report that there was the basis of pacific propositions. The Paris correspondent of the Times says: 'It is not said whether the King of the Belgians writes in the name of the Emperor of Russia, but if the rumor be founded, it is more than probable that the interior very large quantities of breadstuffs to the seaboard, and bring down prices by the very large quantities in the markets. $2,60 per bushel for wheat in New York is a price that cannot last long. Farmers, and western merchants, we believe, would do well to sell out and get their pay as fast as possible. Let the loss fall on eastern speculators, if a loss must follow. The farmers of the west will get a great part of the money; and a few failures of eastern speculators does the rest of the world very little harm."

We had the pleasure of being very well laughed at for making and publishing such a prediction. A few merchants thought us crazy or silly. Within twenty hours thereafter "the next steamer" arrived, and prices did go down.

We said, also, that such enormous prices could not long be sustained, war or no war. The question of peace or war is still undecided, yet the prices are not sustained. Prices may go up again; but, we believe, this check will cause a more cautious and gradual advance next time.

Had we wheat or flour on hand, we would sell out now.

DUTY ON SALT—LEGISLATIVE.

The following resolutions passed the Senate of Pennsylvania on the 27th January, by a vote of 21 to 5. Messrs. McClintock and Darsie voted for the resolutions:

WHEREAS, An effort is likely to be made by the Congress of the United States to reduce or take off the duty now levied on foreign salt imported into the country. And whereas, The manufacture of salt has become an important item in our industrial enterprises, employing in its manufacture and sale a large amount of capital and a great number of operatives.

Therefore, Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That our Senators be and they are hereby instructed, and the members of the House of Representatives in the Congress of the United States be earnestly requested to vote and otherwise use their influence to prevent any further reduction of the duties now imposed on foreign salt.

Resolved, That the Governor of this Commonwealth be requested to forward a copy of the resolutions to each of our Senators and members of the House of Representatives in Congress.

Dr. McClintock, from Committee on Corporations, reported favorably on act incorporating the Butchers' Market Association of Pittsburgh and Allegheny, and also an act incorporating the German Library Association of Pittsburgh.

LECTURE ON MONDAY EVENING.

Hon. Horace Greeley, editor of the New York *Tribune*, is will be seen in our advertising column, is to lecture at Masonic Hall on Monday evening next.

Mr. Greeley's peculiar views will not please every one, but all our citizens will doubtless be pleased to listen to a lecture from such a man as Horace Greeley. He is one of the best lecturers in the country, and one of the best writers.

We bespeak for the lecturer a crowded house.

Subject—"Reform and Reformers."

☞ The Seed and Horticultural establishment of James Wardrop is now replete for the Spring business with one of the most extensive and complete assortments of Seeds, Horticultural and Agricultural tools, &c., to be found in the country; and from his thorough knowledge of his business, in all its varied branches, the lovers of Horticultural pursuits will profit by visiting his warehouse.

☞ Never attempt to mend a joke after it is "cracked."

☞ *We invite the careful attention of all persons afflicted with Coughs or Colds, to the following certificate, voluntarily* by Mr. JOHN C. LITTLE *of Peebles township, in this county.* Mr. LITTLE is one of our most respectable citizens, and we voluntarily called on Dr. KEYSER and offered his certificate to the facts stated below. The PECTORAL SYRUP is for sale at 140 Wood street, and by druggists generally.

Great Cure by Dr. Keyser's Pectoral SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced about the 4th of February last, and continued for eight whole months. I employed the best physicians in the country, and my cough continued unabated, until early in October. At that time I was advised to try your PECTORAL COUGH SYRUP, which I did; and after I had taken one bottle, I was entirely free from coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE, Peebles tp.

Witness B. M. Kerr.
Pittsburgh, December 31. febl

☞ **Medicine Chests.**—Dr. KEYSER, wholesale Druggist, of 140 Wood street, has on hand a splendid assortment of MEDICINE CHESTS, for families and steamboats, at various prices. Those in want of articles of this kind would do well to give him a call. febl

☞ **New Discoveries.**—VEGETABLE CATTLE POWDER.—These powders are put up in one pound packs, and are really a good article, not only for the diseases incident to Horses, Cows, Swine and other animals, but they are likewise an excellent article to improve the condition of the animal.

For Milch Cows, they not only improve the condition of Milch Cows, but they increase the quantity as well as improve the quality of milk and butter. The proprietors say that it increases the quantity of butter from half a pound to a pound a week to each cow, while those persons who have tried it, say a pound and a half to two pounds per week, with the same kind of feeding as before Of one thing we are certain, all who use it once will use it all the time and save money by the operation, as well as improve the appearance of their stock. Price 25 cents a paper, 5 papers for $1.

GEO. H. KEYSER, No. 140,
corner Wood st. and Virgin alley.
febl Wholesale and Retail Agent.

☞ **Medicines which never fail to give SATISFACTION,** *and are used by many Physicians in their Practice.*—Dr. J. S. ROSE is an Honorary member of the Philadelphia Medical Society, and graduated, in 1820, from the University of Pennsylvania, under the guidance of the truly eminent Professors Physick, Chapman, Gibson, Coxe, James and Hare,—names celebrated for medical science,—and having had daily intercourse and consultation with those distinguished physicians, respecting diseases of all kinds, and the proper remedies therefor; and being solicited by thousands of his patients to put up his Preparations, he offers to the public, as the results of his experience for the past 30 years, the following valuable Family Medicines, each one to a specific disease:

No. 1 ROSE'S NERVOUS AND INVIGORATING CORDIAL.—The Greatest Discovery in Medical Science, for all Nervous Conditions of the System!—Heart Disease and Nervous Complaints. The astonishing and happy effect of Dr. Rose's Nervous Cordial, for Diseases of the Heart, Palpitation, Numbness, Neuralgia, Nervous Tremor of the Muscles, Heartburn, Flatulence, Pain in the Face, Wakefulness, Restlessness, or for the blind or Boily, worn down by care, labor, or study, has induced many physicians to use it in their practice. For a weak constitution, it is a grand restorer; it completely removes from the system all nervous irritations, and is almost miraculous in its rapid and happy effect. The weak and the nervous are frequently restored to perfect health before using one bottle. Price 50 cents. Sold, wholesale and retail, at Dr. KEYSER'S Drug store, 140, corner of Wood st. and Virgin alley. febl

MARRIED:

On Tuesday morning, January 31st, 1854, by the Rev. John Brown, Mr. JOHN M. IRWIN and Miss AMELIA M. McGREW, both of this city.

We wish them boundless happiness and prosperity. 1st. Because they deserve it. 2d. Because Mr. I. is a printer. 3d. Because he is an art in this office: and 3d. Because they remembered all hands in our establishment with a "whopping big cake," and *something else.*

DIED:

On Saturday morning, Jan. 29th, 1854, MARY A., wife of JOHN B. PORTER, eldest daughter of Mrs. Wm. Drake, aged 24 years.

Thou art gone to the grave, but we will not deplore thee, Since God was thy ransom, thy guardian and guide. He gave thee, He took thee, and He will restore thee, And death hath no sting since the Savior hath died.

Death from a Rupture.

☞ There are thousands of persons who are afflicted with a Rupture of the Bowels, who pay but little attention to the disease until the bowels become strangulated, when in all probability it may be too late. How important it is then, for all those suffering with any form of "Rupture of the Bowels," to call at once upon Dr. KEYSER, at his Wholesale and Retail Drug Store, corner of Wood street and Virgin alley, and procure a TRUSS, to retain the protruding portion of the bowels. Dr. KEYSER has on hand a lot of his Drug Store, where Trusses are applied, and warranted to give satisfaction. He also has every variety of Trusses that you can name, and at any price, to suit the means of every one in need of the article. I also keep every kind of *Supporters, Body Braces, Suspensory Bandages, Elastic Stockings*, for enlarged veins, and all kinds of mechanical appliances used in the cure of disease.

I would respectfully invite the attention of the public to my excellent TRUSS FOR CHILDREN, which invariably effects cures in a very short time.

☞ DR. KEYSER'S DRUG STORE AND TRUSS DEPOT, corner of Wood street and Virgin alley, sign of the Golden Mortar. dec30

☞ **Tape Worm Cured** BY DR. M'LANE'S CELEBRATED VERMIFUGE.

NEW YORK, August 2, 1852.

A certain lady in this city testifies that, after using Dr. M'Lane's Vermifuge, she passed a tape worm ten inches long; and has no hesitation in recommending it to every person afflicted with worms; as, in her opinion, it far excels every other remedy now in use. The name of the lady, and further particulars, can be learned by calling on Mrs. Hardie, Manhattan Place, or R. L. Theall, druggist, corner of Rutger and Monroe streets.

P. S.—The above valuable remedy, also Dr. M'Lane's celebrated Liver Pills, can now be had at all respectable Drug Stores in this city.

Purchasers will be careful to ask for, and take none but Dr. M'Lane's Vermifuge. All others, in comparison, are worthless.

Also for sale by the sole proprietors,
FLEMING BROS.,
Successors to J. Kidd & Co.,
69 Wood street.

Crystal Palace, New York.

EXHIBITION OF AMERICAN STEEL PENS,
Manufactured by
MYER PHINEAS, NEW YORK.

M. P. calls the attention of the public to his celebrated QUILL patent, double spring, Commercial and Bank PENS, with a variety of twenty-five different kinds of STEEL PENS, of his own make, suitable for all handwritings.

—ALSO—

A NEW PATENT PEN,

Called the Treble Spring. These pens have been adopted by the Senate in Washington, in preference to all others.

The above pens, together with his superior unrivaled accommodation holders, can be seen at Mr. J. B. Steel's and Mr. B. M. Norman's, Camp street; Thomas L. White's Canal street; and E. & F. Brokli's, Exchange Place. ja9 · 1

"Costly thy habit as thy purse can buy,
But not expressed in fancy; rich, not gaudy—
For the apparel oft proclaims the man."

☞ Every well dressed man knows how difficult it is to find a Tailor who thoroughly understands the peculiarities of each figure, and can suit its requirements with a well cut, gentlemanly fitting garment. Hence it is that so few feel "at home" during the first day's wear of any new article of dress, and however costly, never become adapted to their forms. To remedy so manifest a deformity, E. GILDILE has practically studied both form and fashion, always adapting the garment, weather, coat, vest, or pantaloon, to the exigencies of is wearer—thoroughly attaining that elegance of fit which the spirit of the age dictates.

GILDILE'S CLOTHING HOUSE,
No. 240 Liberty street, head of Wood.
dec28

☞ **Liver Diseases.**—Carter's Spanish Mixture, as a remedy for liver diseases, and the number of formidable evils connected with a disorganized state of that organ, is unrivalled.

Hundreds of certificates, from the highest sources, of persons now living in the city of Richmond, Va., might be given of cures effected by Carter's Spanish Mixture. We have only room to refer to the extraordinary cure of Samuel M. Drinker, Esq., of the firm of Drinker & Morris, Booksellers, Richmond, Va., who was cured by two bottles of Carter's Spanish Mixture, after three years suffering from diseased liver. He says its action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends it to all.

*.*See advertisement. [ja13dawlm

PENNSYLVANIA RAILROAD COMPANY.—In pursuance of the Act of Assembly of Pennsylvania, entitled "An Act to Incorporate the Pennsylvania Railroad Company," approved the 23d day of March, A. D. 1853:—Notice is hereby given, that it is the intention of the Pennsylvania Railroad Company, (should the same be approved by their stockholders at the annual meeting, to be held on the first Monday of February next,) to guarantee the bonds of the Steubenville and Indiana Railroad Company, to the amount of five hundred thousand dollars.

Philia., Jan. 7th, 1854.—ja12dlm C. B. FRITH, Sec'y.

Baldness Cured.

EMERSON'S AMERICAN HAIR RESTORATIVE, for restoring the Hair on Head HOPELESSLY BALD, and to prevent the Hair from falling, is winning golden opinions of persons who are using it. This is a new article, recently introduced, is a sure cure for Baldness, and will stand the test of a discerning public, as thousands who have used will testify. See circular to be had of the Agents, giving full particulars. Price $1,00 in large bottles.

C. E. FISHER & CO., Proprietors,
Of Superior street, Cleveland, Ohio.

For sale in Pittsburgh in the following houses:—
Fleming Bros., L. Wilcox & Co.,
R. K. Sellers, G. H. Keyser,
Joel Mohler, Benj. Bagg, Jr.,
J. H. Cassel.

Allegheny city.—L. A. Beckham, Pressly & Means, J. P. Fleming.
Birmingham.—A. Patterson, John G. Smith. [ja2y

BUILDING LOT FOR SALE.

John Shipton. dec28

Scrofula.—It is due to KIER'S *Petroleum* to state, that it has been known to completely eradicate every vestige of this dreadful disease in less time than any other remedy, and at less cost or inconvenience to the patient.

The thousands of certificates in the hands of the proprietor, many of which are from well known citizens of the city of Pittsburgh and its immediate vicinity, go to show clearly and beyond all doubt, that KIER'S PETROLEUM is a medicine of no common value, not only as a local remedy in *Paralysis, Rheumatism, Deafness, loss of Sight*, but as a valuable internal remedy, inviting the investigating physician, as well as the suffering patient, to become acquainted with its merits.

Those having a dread of mixtures are assured that this medicine is purely natural, and is bottled as it flows from the bosom of the earth.

The following certificate is copied from a paper published at Syracuse, N. Y., and bears date August 2, 1852, to which is also appended the certificate of the celebrated D. V. Post, M. D., of Syracuse:

This may in truth certify, that I have been so badly afflicted with Scrofula for the last seven years, most of the time I have been unable to attend to any kind of business, and much of the time unable to walk or stand to my feet, and have been treated nearly all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Post recommended me to try the Petroleum, or Rock Oil, as everything else had failed. I did so without faith at first, but the effect was astonishing; it threw the poison to the surface at once, and I at once began to grow better, and by using seven bottles I have got a cure worth thousands of dollars.

MRS. NANCY M. BARKER.
